In the world, soccer or football is the most popular sport. This is because many countries have wonderful teams for the World Cup. The World Cup is held every four years.

To remember 2002 FIFA World Cup, children from different countries and more than 60 children from Japanese schools crone together and spent three weekends drawing a big picture called "Dream (**梦幻**) World Cup" in Japan. The children drew animals, flowers and people playing soccer under a blue bright sky. They wished each football team good luck by drawing the flags(**旗帜**) of all the countries that will take part in the World Cup in Japan and South Korea. The picture was put up in a park near a playground in Yokohama. Some football teams will have games there.

Are you a football fan(迷)？ The World Cup makes more and mare people interested in football. Teenagers(青少年) like playing and watching football. Many of them love some football stars so much that they get the pictures of their favourite players such as Figo, Oven and Pauleta. And they put up the pictures on the wails of their rooms. That is the way to show their love for the World Cup as the children in Japan.

In 1826, a Frenchman named Niepce needed pictures for his business. But he was not a good artist(**艺术家**). So he invented a very simple camera(**照相机**). He put it in a window of his house took a picture of his garden. That was the first photo.

The next important date in the history of photography(**摄影术**) was in 1837. That year, Da-guerre, another Frenchman, took a picture of his reading room. He used a new kind of camera in a different way. In his pictures you could see everything very dearly, even the smallest things. This kind of photo was called a Daguerreotype.

Soon, other people began to use Daguerre's way. Travellers brought back wonderful photos from all around the world. People took pictures of famous buildings, cities and mountains.
