前言

Preface

本书收录了近年来全球优秀的景观设计案例，除了有大量案例的实景照片外，还配附了规划平面图、剖面图、手绘效果图以及翔实的文字说明等，深层次多角度地展现了设计者的设计理念和手法。编者按照景观功能将设计作品分为商业办公、住宅、教育、公园、广场街道、滨水六类。本书选取的项目既有简洁而精美的现代景观，又有富含深厚文化底蕴的古典式景观；既有恢宏壮观的东南亚式景观，又有那强调简洁、明晰的线条的欧式景观。

景观设计师用细腻的笔触勾勒出一幅幅与自然和谐共生的画面，它是激情和畅想，是隐逸和仁和，更是纯粹和完美。

This book includes the world's excellent landscape design cases of recent years. Apart from a large number of exquisite pictures, there are planning floor plans, section drawings, hand drawings and detailed descriptions in this book, presenting the concepts and design methods of landscape design in a profound way from multi-angles. The editor divides the design works into 6 chapters according to the landscape functions, i.e. Commercial and Official Space, Residence, Education, Park, Square and Street, Waterscape. There are not only concise and exquisite modern landscapes and classic landscapes with profound cultural connotations, but also magnificent south-eastern landscapes and european style landscapes set off by bridges, flowing water, pavilions, terraces and towers.

With fine and smooth brushwork, the landscape designers delineate pictures of human beings coexisting in harmony with nature. It is about passion and imagination, about seclusion, benevolence and harmony. It is more about purity and perfection.

Vagabond Motel

设计公司：Lewis Aqüi Landscape + Architectural Design

地点：USA (美国)

面积：0.53 hm²

摄影：Lewis Aqüi, Orlando Rio

材料：South Florida Native Planting Palette,

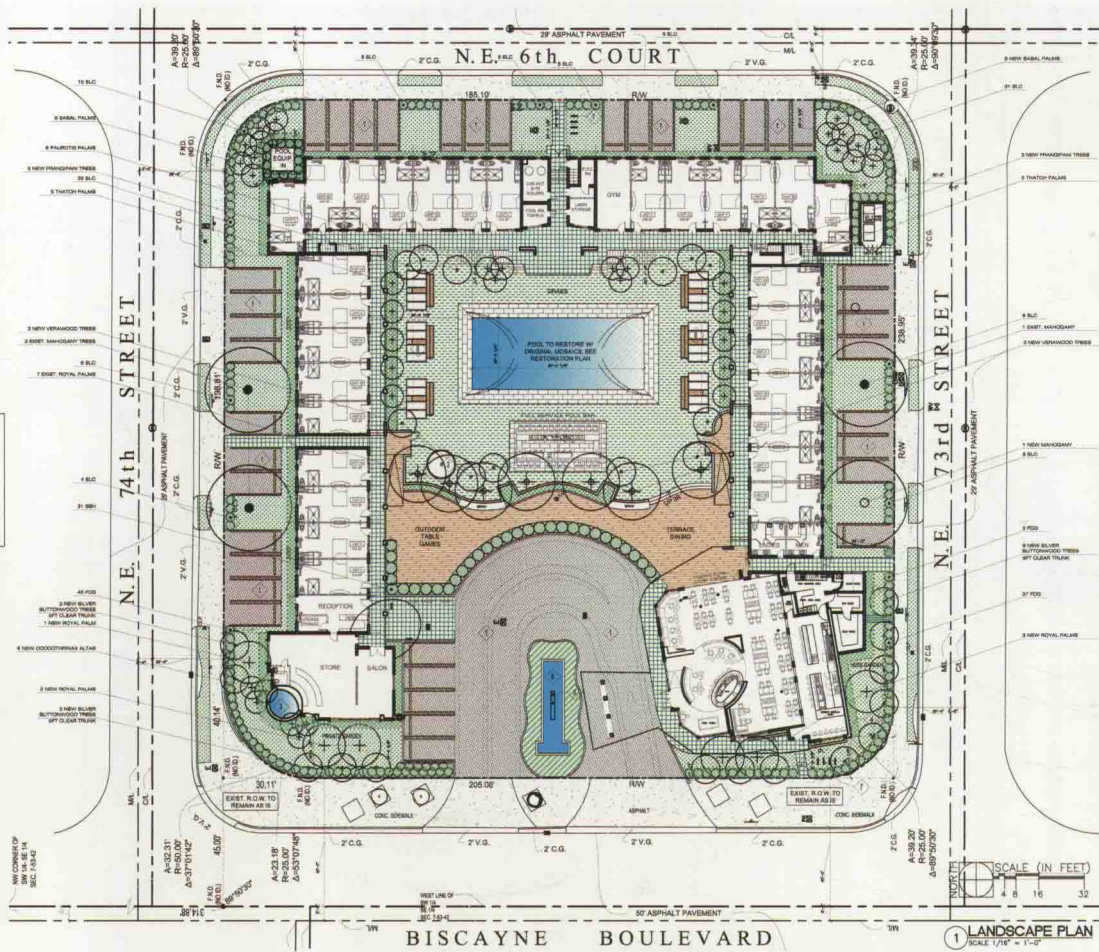

Concrete "Sea Shell" pavers for walkways and
pool deck and pool coping, IPE wood decks

Lewis Aqüi Landscape + Architectural Design (LA² d) is the designer of the exterior renovation of the iconic Vagabond Motel.

This classic motel depicts all the characteristics of the Miami Modern style (MIMO Architecture), including an open-air plan, geometric designs, angular planes, overhanging roof lines and "Eyebrows", natural stone veneering, and sculptural elements and focal points depicting marine life and other nautical themes typical of the era. The Motel was originally designed in the 1950's by B. Robert Swartburg who was one of the most prominent and innovative architects in Miami-Dade County. He created other landmark structures as the Miami Civic Center Complex and the Delano Hotel.

Lewis Aqüi has recreated the outdoor spaces using the planting palette that is primarily native to South Florida and which was popularly used in the mid-century designs. At the same time Lewis kept in mind a planting design that is "Florida Friendly" which conserves water, protects the environment, adaptable to local conditions and is drought tolerant.

本项目由 Lewis Aqüi Landscape + Architectural Design (LA² d) 建筑设计工作室设计完成。

这个经典的汽车旅馆采用了迈阿密现代风格，包括户外设计、几何设计、平面设计、屋顶线设计、石材镶边设计、结构元素设计等，描绘了海军生活和航海时代的生活。汽车旅馆原先于 20 世纪 50 年代由 B. Robert Swartburg 设计完成，他是迈阿密戴德郡突出的优秀的设计师。他设计了迈阿密市政中心大楼和德拉诺酒店等标志性建筑。

Lewis Aqüi 建筑设计工作室重新设计了户外空间，选择一些具有南佛罗里达州当地特色的植物做搭配，这些搭配常见于中世纪的装饰空间中。同时，建筑设计工作室采用“温暖的佛罗里达”的植物设计方案，起到节约水源、保护环境、耐旱的作用。

半岛度假酒店

Peninsula Resort

设计公司 : Quid Studio

设计师 : SArchitettura Sonora

地点 : Italy (意大利)

面积 : 1440 m²

摄影 : Emilio Bianchi

After more than thirty years the disco club Seven Apples and the contiguous Peninsula Beach resort is confirmed as one of the legendary venues along the Versilia Riviera, in the Tuscan coast between the celebrated Forte dei Marmi and the beautiful Pietrasanta.

A fabulous and celebrated location, Seven Apples has always been able to constantly renew itself, remaining faithful to a precise idea of excellence, fun and class.

To pursue such an idea, the Peninsula Beach Resort, the outdoor area of the club, has provided itself with an incredible outdoor space powered by an Architettura Sonora sound system that makes people feel immersed into music and fun.

Such a sophisticated system, with the highly directional A.S. sound modules, has also been a winning choice in terms of sound dispersion, minimizing any kind of noise disturbance outside the club boundaries.
