### A Page from Li Meng's Diary

Thursday, June 23

Sunny

Today I was so happy to know that I did quite well in my last week's English exam. Thanks to Daniel, he taught me a new way of going over lessons. It is called "map idea".

Because of the map idea, I've learned how to find out the main idea in every lesson. And in my mind I can draw a map of all the important knowledge I need to remember. It's really good. I can remember so much in that way.

I had never thought of changing the way of my study before. I was always complaining about my poor memory, but now my memory has become good because of the map idea. It made my study much easier and more enjoyable. I realized learning how to learn well is the most important for us students.

### 小词典

diary 日记 knowledge 知识 complain 抱怨 memory 记忆力

## 妙句点拨

And in my mind I can draw a map of all the important knowledge I need to remember.

【句意】在我的脑海里，我把需要记忆的重要知识画成一张地图。

【点拨】句子的谓语是 realized，其后的 learning how... for us students 是一个宾语从句。在这个宾语从句中，learning how to learn well 是主语，谓语是 is。此宾语从句省略了引导词 that。

“Cool” is a word with many meanings. It can be used to express feelings of interest in almost everything. When we see a famous car in the street, maybe we will say, “It’s cool.” When we see a famous singer, we may say, “She’s cool.”

Today, we use the word “cool” to replace many words, such as “great”

or “nice”. Here’s an interesting story about the word “cool”. A teacher asked his students to write about a large hall. One of his students wrote just one sentence, “It’s so cool.” Maybe he thought it was the best way to show what he saw and felt. But it also tells us that we should think of many other words to describe things we see and feel.

### Swimming and English Learning

Can you swim? Do you like swimming? Yes? Well, how can you learn to swim? I think the best way is to go into the water and learn. I'm afraid you'll never learn to swim just by reading books about swimming or looking at others swimming. It's the same with the English study for us kids today. We must practice, practice and practice.

Listening and speaking are very important for beginners. The children in English-speaking countries first listen to others. Then they try to imitate and speak. We can listen to English programs on radio. You may just understand a few words. It doesn't matter. Just be relaxed, try to get the main topics, then the main ideas, then the main sentences, then the key words, then the full meaning. As for speaking, speak as much as you can.

Reading and writing are more important for school students. First we must choose the books we're interested in. A lot of reading will improve your language sense. This is the most important.

Keep writing English diaries. We can also write English articles. You may even post them to English magazines. Don't be afraid of failure. Failure is the mother of success.

Easier said than done. Well, let's do more practice from now on. I'm sure you'll learn English well in this way.

### 小词典

As for speaking, speak as much as you can.

【句意】至于“说”这方面，你要尽可能地多说英语。

【点拨】as for 是常用短语，意为“至于，关于”。as... as you can = as... as possible，意思是“尽可能地……”。

First we must choose the books we're interested in.

【句意】首先我们要选择我们感兴趣的书。

【点拨】first, second, third 这一类的词常用来引出要阐述的论据或事实；we're interested in 是一个定语从句，修饰 books，从句省略了关系代词 that/which。

Easier said than done.

【句意】说起来容易，做起来难。

【点拨】这是一句谚语。注意：“说”和“做”这两个词都用过去分词形式。

When I was sixteen years old, I made my first visit to the United States. It wasn't the first time I had been abroad. Like most English children I learned French at school. And I had often been to France, so I was used to speaking a foreign language to people who didn't understand English. But when I went to America I was really looking forward to having a nice easy holiday without any language problems.

How wrong I was! The misunderstandings began at the airport. I was looking for a public telephone to give my American friend Danny a call and tell him that I had arrived. A friendly old man saw me looking lost and asked if he could help me.

“Yes,” I said, “I want to give my friend a ring.”

“Well, that’s nice,” he said. “Are you getting married? But aren’t you a bit young?”

“Who is talking about marriage?” I replied. “I only want to give my friend a ring to tell him I’ve arrived. Can you tell me where there’s a phone box?”

“Oh!” he said. “There’s a phone downstairs.”

When at last we met, Danny explained the misunderstandings to me.

“Don’t worry,” he said to me. “I had so many difficulties at first. There are lots of words which the Americans use differently in meaning from the British. You’ll soon get used to all the funny things they say. Most of the time, British and American people understand each other!”

Reading for pleasure is the easiest way to become a better reader in English. It is also the most important way.

Some students say they don't want to read for pleasure. They say they want to use their time to learn the rules of the language and new words. They say that pleasure reading is too easy.

Many experts say pleasure reading is very important for learning English. Dr Stephen Krashen, a famous expert on learning languages, says that pleasure reading helps you learn many important things about English.

Students learn more grammar and more words when they read for pleasure. They also learn more about good writing.

Dr Krashen tells us that pleasure reading helps each student in a different way. Each student needs to learn something different. Pleasure reading makes it possible for each student to learn what he or she needs.

Reading for pleasure is not the same as studying. When you read for pleasure, you choose your own books, and you don't have to remember everything. There are no tests on your pleasure reading books. Pleasure reading will help you:

- learn how English speakers use English
- read faster in English
- find examples of good writing in English
- learn new words
- learn about the cultures of English speakers

### How to Be a Good Learner?

As a good learner, we should have good habits and ways in learning. We need to get ready for our lessons before class and always listen carefully in class. After class, we must go over the lessons and finish our homework on time. It's good to study in groups and help each other. As a student, working hard is important, but don't forget to do sports and keep healthy. We should do more reading in our free time. If we have any problems, we'd better ask others for help.

I hope all these will be helpful to us.

In May, 1976, Gaynor was a nine-year-old girl and lived in North Wales. One day, on her way home from school, she saw a silver object in a field not far from her home. The object looked like a saucer.

Gaynor was very scared. She stayed in the tall grass and watched the door of the strange object open. She saw two aliens wearing silver suits get out. Then they used something to examine the ground. They were short and had pink eyes. After about thirty minutes, the two aliens went back into the object. Then it took off.

When Gaynor got home, she told her mother about this unusual experience, but her family decided to keep quiet about it. They didn't want others to laugh at their daughter.

However, 18 months later, Gaynor told her story to UFO scientists. They found out that Gaynor told the truth.
