中共山东省省委常委、宣传部部长 李群

孔子在这里诞生，泰山在这里崛起，黄河在这里入海……山东作为“孔孟之乡、礼仪之邦”，以历史悠久灿烂、经济繁荣兴旺、人民生活富裕、生态环境优美、文化特色鲜明、社会安定和谐而著称。改革开放 30 年来特别是近几年来，忠厚正直、豁达淳朴、崇礼尚义、勇敢坚韧、勤劳智慧的齐鲁儿女，弘扬改革创新、开放包容、忠诚守信、务实拼搏、敢为人先的新时期山东精神，在实现经济社会又好又快发展的历史进程中，奏响了一曲曲动人心弦的时代凯歌，展现了一幅幅令人叹为观止的壮丽画卷。

山东省地处中国东部，黄河下游，濒临渤海、

山东文化底蕴丰厚，是中华文化的重要发祥地。早在四五十万年前，这里就是古人类生存和繁衍的摇篮。著名的北辛文化、大汶口文化和龙山文化诞生于此；中国最早的古“齐长城”发现于此。“文圣”孔子、“亚圣”孟子、“兵圣”孙子、“智圣”诸葛亮、“书圣”王羲之等历史名人，至今仍对中华文化乃至世界文明产生重要影响。在近现代史上，山东也是名人辈出。近年来，在孔子文化品牌带动下，独具特色的鲁文化、齐文化、红色文化、运河文化、滨海文化、泰山文化以及民俗文化更是异彩纷呈。

山东是资源大省。矿产资源丰富，全省共发现矿藏 150 种，其中，金矿等 8 种矿产储量位居全国第一，国民经济赖以发展的 15 种支柱性重要矿产都有探明储量。生物资源众多，境内有各种植物 3100 余种，烟台苹果、莱阳梨、肥城桃、乐陵小枣等久负盛名。海洋资源得天独厚，近海栖息和洄游的鱼虾类达 260 多种，对虾、扇贝、鲍鱼、刺参、海胆产量居全国首位。旅游资源不胜枚举，“世界自然文化遗产”——泰山，“世界文化遗产”——曲阜孔

(A Substitute for Preface)

By Li Qun,

Member of the Standing Committee

Director-General of the Publicity Department

*Shandong Provincial Committee of the Communist Party
of China*

Shandong is the birthplace of Confucius. It is the province where renowned Mount Tai stands and the spectacular Yellow River runs into the sea. It is well-known being the hometown of Confucius and Mencius and a place

of rites and courtesy. With its time-honored and splendid history, beautiful scenery, distinctive culture and considerable economy, people here live a better-off and peaceful life. The people of Shandong have long been acclaimed for their honesty and integrity, generosity and tenacity, diligence and respect for manners and justness. While China launched its opening-up and reform drive 30 years ago and especially since recent years, the people of Shandong have been working in the spirit of reform and innovation, openness and magnanimity, honesty and boldness to achieve overall sound economic and social progress at a fast pace. Their efforts, thus made, have promoted great dynamism of nowadays society and presented to us an amazing and magnificent picture of Shandong.

Shandong Province lies on the east coast of China and at the lower reaches of the Yellow River. It borders on the Bohai Sea and the Yellow Sea and overlooks the Korean Peninsular and the Japanese Archipelago across the vast stretch of sea. It has a population of 93.67 million, 157,100 square kilometers of land area and 3,100 kilometers of coast line. Within the Province, there are 17 municipalities and 140 counties (cities and districts). Its capital, Jinan, is dubbed as the City of Springs while Qingdao hosted the Sailing Regatta of the 2008 Beijing Olympic Games.

As one of the cradles of Chinese civilization, Shan-

Shandong is a place of profound cultural heritage. It was the original place where ancient human being lived and spread back as early as 400,000 and 500,000 years ago. The well-known Beixin Civilization, Dawenkou Civilization and Longshan Civilization all originated from here and the earliest ancient Great Wall of Qi State time was also found here. The Province has turned out a great number of historic celebrities including "Sage of Intellectuals" Confucius, "The Lesser Sage" Mencius, "Sage of War" Sun Zi, "Sage of Wisdom" Zhu Geliang and "Sage of Calligraphy" Wang Xizhi, just to name a few, whose influence is still significant in Chinese civilization or even the civilization of the entire world. Modern and contemporary history also witnessed generations of well-known figures being produced in this land. In recent years, led by the major cultural brand of Confucianism, multiple and distinctive cultural brands such as Lu-State Culture, Qi-State Culture, "Red" (Communist Revolutionary) Culture, Canal Culture, Coastal Culture, Mount Tai Culture as well as folk culture all have presented themselves and formed a colorful cultural picture of Shandong.

Shandong is a resourceful province. It is rich in mineral resources and there are altogether 150 varieties found in the Province, including 15 varieties of pillar minerals with proven reserves on which national economy is de-

pendent and 8 varieties including gold mines topping the country in terms of reserves. Shandong also boasts abundant biological resources with 3, 100 kinds of various plants, some of the produces such as apple of Yantai, pear of Laiyang, peach of Feicheng and small Chinese dates of Laoling, etc. are known across the country. The marine resources of Shandong are unique. There are some over 260 varieties of fish and prawn staying and migrating in in-shore Shandong, and the outputs of shrimp, scallop, abalone, sea cucumber and sea urchin rank the first of the country.

The tourist renounces are countless. “World Natural Heritage”—Mount Tai, “World Cultural Heritage”—Confucius Temple, Confucius Mansion and Confucius Cemetery, etc., all enjoy worldwide acclaim.

Keeping along with the Republic’s reform and development, Shandong has been witnessed huge changes taking place in all economic, political, cultural and social sectors. Splendid historic achievements have been accomplished.

Expected results have been materialized by stages with regard to three major engineerings, namely, Diversion of Water in the South to the North, Diversion of Yellow River Water to the Jiaodong Peninsular and Diversion of Huaihe River Water to East and Nansi Lake Water to the South.

—Regional development has yielded positive results. The mechanism responsible for coordinating regional development has been gradually improved and the city cluster in the peninsular has been developed and expanded. Jinan is now playing an increasingly role in accumulating all factors needed for economic development and benefiting the areas with its radius. Qingdao, likewise, is playing a similar role in heating up its economy and that of surrounding areas. To make things better, there is a strong momentum for economy in all counties to grow.
