编者说明

《中国旅游统计年鉴—1992》是一本全面反映 1991 年中华人民共和国国际旅游业发展情况的资料性年刊。该书为中英文对照版本,内容分为:1991 年中国旅游业统计公报、来华旅游入境人数、旅游者主要特征、主要旅行社接待情况、地方接待情况、涉外饭店基本情况、旅游企事业基本情况、主要旅游经济指标共八个部分。

1991 年是实施国家统计局、国家旅游局制定的新的旅游统计报表制度的第一年。随着统计报表制度的进一步改革和完善,年鉴的内容也比往年更为丰富、翔实。在八个部分的统计资料中,有四个部分增加了新的内容,主要包括:第三部分中增加了主要客源国来华旅游人数按性别、年龄、职业的分组情况;第五部分中增加了各省、自治区、直辖市涉外饭店接待的来华旅游者人数;第六部分增加了按星级和开业时间划分的全国涉外饭店基本情况以及全国各地区星级饭店数;第八部分的内容则作了全面调整和充实。

本年鉴末尾附有《主要旅游统计指标解释》,对主要旅游统计指标的含义、统计范围和统计方法,作了简要说明。本年鉴中的全国统计数字均未包括我国台湾省和香港、澳门地区的数字。

本年鉴资料来源于全国各地旅游部门、统计部门、公安边检部门和工商行政管理等部门。在编辑过程中,我们对 1991 年各月数字进行了核实、调整,书内数字的统计口径与国家统计局、国家旅游局制定的旅游统计报表制度规定的口径一致,个别不一致的地方也做了注释。读者在使用时如发现已经公布的统计数字与本年鉴数字不符,则以本年鉴数字为准。

本年鉴是了解、研究中国旅游业发展情况的重要参考资料,可供旅游部门、国民经济各有关部门、教学科研单位以及经济工作者和大专院校师生使用。海外旅游业同行,有关行业人士以及来华旅游的外国人、华侨、港澳台同胞亦可从中得到系统的统计信息,了解中国旅游业发展的全面情况。

由于编辑出版时间比较仓促,本年鉴中如有不当之处,请读者提出宝贵意见。

一九九二年五月

INTRODUCTION

The Yearbook of China Tourism Statistics for 1992 is a yearly review with information on the overall development of the international tourism industry in the People's Republic of China in 1991. Written in both Chinese and English, the Yearbook provides information on eight aspects: The Statistics Report on China's Tourism Industry in 1991, International Visitor Arrivals to China, Major Profiles of International Visitors, International Tourists Received By Major Travel Agencies, Statistics of International Tourists By Major Places, Statistics of Hotels, Statistics of Tourism Enterprises and Major Statistics of Tourism Economy.

1991 was the first year in which the new Tourism Statistical Tables formulated by the State Statistical Bureau and the National Tourism Administration were put into use. With the further reform and perfection of the statistics table system, the content of the Yearbook will be more enriched and practical. In the major sections of the Yearbook, new content has been added, namely, in the third section, visitors coming to China from major tourist markets are classified by their sex, age and occupation, in the fifth section, tourists received by the tourist-catering hotels in various provinces, autonomous regions and municipalities under direct central jurisdiction, in the sixth section, tourist hotels of the whole country classified by star-ranking and date of operation as well as the number of star-classified hotels, and in the eighth section, a general adjustment and supplement has been conducted.

At the end of the Yearbook is attached a Notes to the Index of Major Statistic Terms which gives a brief explanation of the meaning of main tourism statistics, scope and method of data-collecting. However, the data regarding the whole country as presented in this Yearbook do not include that of China's Taiwan province, Hong Kong and Macao.

The data sources of this Yearbook are the various local tourism departments and statistical departments, public security and frontier offices and the industry and commerce administrations all over the country. In the process of compiling the Yearbook, we have checked and made adjustments of the figures of each month of 1991. Therefore, the statistical specifications and arrangements of the Yearbook are in accord with those required in the Tourism Statistical Tables set forth by the State Statistical Bureau and the National Tourism Administration.

Slight differences are illustrated in the notes. If readers find, while using this Yearbook, incoherences between figures in the Yearbook and those published before, please take the ones presented here as the standard.

This Yearbook is an important reference material for making studies on China's tourism development. It is thus suited for use by people working in the tourism and all other related national economic departments and the teaching and research institutions and by economists, teachers and students of universities and colleges. In addition, our tourism counterparts in foreign countries and other related personnel as well as foreigners coming to visit China, overseas Chinese and compatriots from Hong Kong, Macao and Taiwan are also able to obtain systematic statistical information herefrom, and to get knowledge of China's overall tourism industry.

Due to limited time for the editing and publishing of this Yearbook, there are shortcomings in this Yearbook and we would earnestly await your valuable comments.
