Foreword

我在广东省开会、考察期间，在珠海看到了珠海三原色装饰（集团）总经理符军先生《感悟空间》作品集的样稿。我国青年建筑装饰设计师有如此成就，对此我感到十分欣慰。现在，该书要正式出版发行了，就更为符军先生感到高兴，所以欣然应邀为其新书作序。

我同符军先生3年前就认识，但交往不密，主要是在中国建筑装饰协会及地方协会、媒体举办的活动中经常相遇。当时，只知道他是中国建筑装饰协会的理事。此次到广东省考察，在珠海期间同符军先生在一起，才知道符军先生是一个热心的社会活动家，一直在积极筹组建立珠海市建筑装饰协会，同时还兼任其它几个业内社会团体的职务，在行业内有很强的影响力。

后来看到，符军先生是社会活动、业务创作两不误，每天都要工作到深夜。在繁忙的社会活动中，还进行大量的作品创作，并取得了丰硕的成果，是专家型的社会活动家，又是有社会责任感的青年专家，是行业发展最需要的复合型人才。

符军先生在社会交往中，是一个性格开朗、豪放的人，其性格更像是个北方汉子；但符军先生在业务创作时，又严谨得像个科技工作者。正是这种既活泼、又严谨，既豪放、又认真的作风，使其作品充满了理性思维和科学的探索，又洋溢着艺术的激情和个性化追求，往往在别人忽略的细部，见到其的独具匠心。此次收入专集的作品，全部是符军先生几年来从事的工程实例，又多是在国际、国内竞赛中获奖的作品；因此，此次出版的作品集，既是符军先生的得意之作，也是反映当代我国建筑装饰行业设计水平的代表作品。愿这些作品能够对提高我国建筑装饰行业设计水平，起到推动作用。

设计是建筑装饰工程的龙头，没有出色的设计，就不可能有装饰精品工程；没有优秀的设计师，也不可能有出色的设计。经过改革开放20多年来的发展，当前，我国建筑装饰行业拥有青年设计师约30万人，但水平差异确实很大。希望广大青年设计师很好地向社会、向同行学习，能够涌现出更多的符军式的人才；也希望符军先生能有更多的新作品，把祖国的城市装点得更加秀美。

Good design is simple design  
but it must not be a complicated design.  
It is the thoughts that count.

好的设计宜简不宜繁，创意为先。

I saw the sample films of SENTIMENTAL SPACE by Mr. Fu Jun, the general manager of R.Y.B Decoration Group Corporation Ltd., in Zhuhai when I was attending conferences and making inspection in Guangdong. It is my pleasure to find such attainment of a young Chinese building decoration designer. At this time when the book is to be delivered, I gladly consent to write this foreword, with congratulations on Mr. Fu's success.

I knew Mr. Fu as a director of China Building Decoration Association three years before. We met each other mostly in the activities hold by China Building Decoration Association and the local associations and medias. Now I know that Mr. Fu is quite enthusiastic about public activities and owns considerable prestige in the circle. He has been preparing to establish Zhuhai Building Decoration Association, and at the same time working for several other societies of the trade. It is shown that Mr. Fu does well in both social activities and creation. He works until late at night everyday and achieves much in his work. As a young expert of social activities with much social responsibility, Mr. Fu is indeed a demanded composite talent.

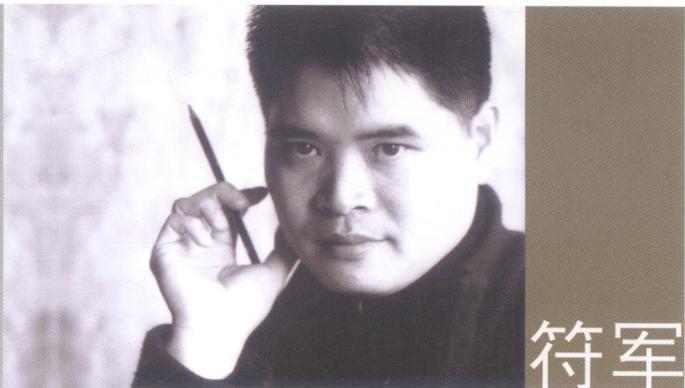

When attending social activities, Mr. Fu acts cheerful and uninhibited like a northerner; but in his creation, he is as strict as a scientist. It is these two characters that fill his works with rationalism and scientific exploration, as well as artistic sentiment and particular pursuit. His unusual ingenuity is always shown in the ignored details. In this collection, there are the cases that Mr. Fu has handled in recent years. Most of them are the winners of international or national prizes. Thus, what to be published are not only the favorite works of Mr. Fu, but also the representative of contemporary building decoration designs in China. I hope this collection will help advance our design level in this trade.

Designing is the first thing in a building decoration project. Without an excellent design, there won't be any good decoration project. As such, without an outstanding designer, there will be no nice design. Though the number of young designers in the building decoration trade is so large (about 300,000), due to our policy of reform and opening to the outside world, there is indeed much difference in their levels. It is earnestly hoped that the young designers will learn from the society and the trade to become such a qualified person as Fu Jun. Also, I hope that Mr. Fu will contribute more new works so as to better decorate our beautiful cities.

This case is the office and research space of a modern high-tech enterprise.

It aims to perfectly express the distinctive image and the culture, with emphasis on the management concept and the spirit of the enterprise. Thus, the designer employs such elements as spatial partition, color matching, modeling and texture, which fully display the concise, highly efficient and humanistic characteristics of a modern enterprise, and also exhibit Hejia's concept of striving for harmony of people and caring for life.

盘旋而上的红色旋梯,在整个素雅大气的格调中增添了几分热情,成为视觉重点,让空间突破六个面延伸出去。

The red cockle stair adds passion into the elegant and grand tone. As the visual focus, it extends the space beyond the six sides.

远处的绿山、白云、蓝天，已成为主要的造景元素。

The green mountain, white cloud and blue sky far away have become the chief elements in creation.
