前 言

随着近年来我国“民航强国”战略的提出和民航行业的迅速发展以及民航产业的国际化趋势进一步显现，业内对飞机维修人员的维修技术水平以及英语交际能力提出了更高的要求。现在的机务维修人员不但要具备很高的专业维修水平，而且还要在实际维修工作中具有能有效沟通的英语交际能力。为此，我们根据机务工作的实际情景，参考飞机维修手册的内容，编写了这本《民航机务职业英语口语》，旨在帮助学生掌握语言的交际能力，并结合飞机维修工作的工作程序，有针对性地培养学生专业英语基础口头表达能力。

在编写本书的过程中，我们始终以飞机维修的工作情景为主线，以语言交际功能为中心，改变了以往教材中每篇材料均配有生词和词组的编写模式，多层次地为学生提供了口语表达素材，为因材施教创造了条件。

本书涉及航线例行工作对话、机上与机组人员对话以及航线排故对话三大常用模块，共分15个单元，每单元均由以下四部分组成：

Part A Dialogues in the Aircraft Maintenance 机务维修会话

该部分以机务实际的工作情景为基础，设定英语情景对话，要求学生根据样例进行口语交际练习。

Part B Communicative Functions 交际功能

该部分的重点是培养学生的口语交际能力。提供了Expressing Greeting, Possibility and Certainty等与交际功能紧密结合的样例对话，要求学生根据所提供的Useful Expressions，参考样例以及设定的情景进行口语交际练习。

Part C Pronunciation and Intonation 语音语调

该部分以机务工作的情景会话内容为基础，融入了趣味、简单和实用的语音训练，从而提高并纠正机务维修人员的英语发音。

Part D Aviation Language 航空术语

该部分提供了与飞机维修工作相关内容的朗读材料，一方面补充了与维修手册相关的机务维修英语的内容，扩展了相关专业术语；另一方面为英语口语基础较差的学生提供了朗读训练的材料。

全国很多民航类的高校和职业院校都开设有飞机维修专业，但是并没有针对该专业的英语口语教材。而且，在我国各大航空公司的机务维修部以及专业的航空维修公司里，在职机务人员的英语口语水平整体偏低，这是长期以来一直有待解决的一个问题。随着飞机维修市

场的国际化，对在有机务维修人员的英语要求越来越高，各家航空公司针对此情况都开设了相关的培训课程，却始终没有正式出版的与机务相关的英语口语的教材。本书的出版既可以为国内各民航高校和职业院校机务专业的学生提供一本完整的机务英语口语教材，也能为各大航空公司的机务工程部和飞机维修公司的在职人员提供英语口语培训教材。

本书由广州民航职业技术学院英语专任教师屈静、于燕红以及机务工程学院的张建荣高级工程师共同编写。

本书在编写的过程中参考了大量的书籍、资料和各种型号的飞机维修手册，在这里谨向为本书提供帮助的机务维修一线的领导和专业技术人员表示诚挚的感谢！在此还需感谢广州民航职业技术学院的梅修、解海燕老师以及空客公司中国代表处的张闯等技术人员和广州飞机维修公司培训部的教员对该书的出版所做的工作。

由于编者水平有限，书中肯定还有错误、缺点、遗漏存在，敬请使用本书的广大读者提出宝贵意见，以便使之不断完善。

Greetings

In most cultures, when people meet acquaintances for the first time during a day, it is normal to greet them. The main purpose of this greeting is to build up and maintain good relationships and each language usually has a number of set phrases, which can be used for

this purpose.

GM: Good morning, Mr. Zhang.

Pilot: Good morning, Mr. ...

GM: I'm Daniel Wang. We met the other day at a meeting. I'm a maintenance engineer.

Pilot: I'm sorry, Mr. Wang. How are you?

GM: Just fine. And how are you?

Pilot: Fine, thanks.

GM: Which flight are you flying today?

Pilot: CZ3105.

GM: Really? What a coincidence! I'm in charge of the dispatch task of that flight.

There are two kinds of introductions: self-introduction and introducing others. After an introduction is made, there is usually an exchange of formalities. Sometimes introductions and

greetings go together, people may greet each other after an introduction is made. The following is an example.

Chen: Hello, I'm Chen Bing. I work for Air China.

Yang: Nice to meet you, Chen Bing. My name is Yang Fan. I'm from China Southern Airlines.

Chen: Pleased to know you. What do you think of our training course here in Beijing?

Yang: Well, I think it's well planned and completed. They've made everything clear to us.

Chen: Yes, I agree with you. We seem to have a lot of things to learn within a short period of time.

I just wonder if I can take them all in.

Yang: Cheer up! Don't lose heart. With your practice working experience and the modern assisted study facilities here, I'm sure you'll succeed.

Chen: Yes, you're probably right. Thank you for the encouragement.

Yang: Look! Here comes Mr. Jefferson, our technical instructor.

Jefferson: Good morning, gentlemen!

Chen and Yang: Good morning, Mr. Jefferson.

Jefferson: Are you ready for the class?

Yang: Yes, we are. Let's go to the classroom.
