B A big guy

Sometimes life is easier if you are a big guy. You can easily reach things which are high up. You can help a cat out of a tree without using a ladder. You can easily see basketball matches, or you can pick pears from pear trees.

However some things can be very difficult. You can't buy shoes that fit, clothes or even the right sized bed. You can't stand on a bus, or sit in a taxi.

You can't choose your father or your mother. However you can choose to be fat or thin, strong or weak. Food and exercise are good ways to make you grow tall and strong.

You can choose what to eat, when to eat and how much to eat. You can choose when and how to exercise. You can choose your own way of living.
