## 前言

宾馆是人们用几小时或几天时间经历一种与平常生活不同生活方式的地方。宾馆不仅应该融入现代生活的情感世界，更应该使其得到更广阔的延伸。为此，我们出版了这本关于宾馆设计和建筑的书。一方面，这本书只涵盖了从2006年底到2007年底建成的宾馆，同时，书中还有很多能很好展现建筑材料、设计和氛围的插图。

宾馆行业发展迅速，不光是独立的个体宾馆经营者，还有国际宾馆连锁集团和一些认为项目成功的关键在于建筑和设计风格的投资人。随着需求的增长，额外的个人产品和服务的市场需求达到了一个新的高度。这种选择变得越来越多样化，从托斯卡纳的小旅馆、城市里时尚的小宾馆到个人临时租住的小屋，什么都有可能。

现在你不但可以选择世界上任何的地点，而且还要觉得你所住的地方或传统、古典或是时尚、现代。差别非常大：厚地毯能够减小声音，熟悉的环境和陌生的休息地点，你喜欢哪个？你在哪里能够休息得更好，舒适的国际连锁酒店还是独家经营的滑雪场？

## EDITORIAL

**HOTELS ARE PLACES** in which, during only a few hours or days, the guest can enjoy experiences different to those with which he is familiar in everyday life. The shell of a hotel must not only let in the emotional worlds of the modern lifestyle, but also absorb and refine them in all their detail. In this regard, the present book on design and architecture in hotels is a very special publication. On the one hand, it explores only those hotels which were opened between the end of 2006 and the end of 2007 while, on the other, the book is lovingly and elaborately enhanced with illustrations which have largely been suggested by the materials, design and ambience.

The hotel business is booming. It is not only individual, innovative hoteliers but also international hotel chains and their investors who are discovering architecture and design as central elements for the success acceptance and subsequent success of hotel projects. With increasing demand, the market for exclusive and individual products is growing to ever greater heights. The choice is becoming increasingly varied: from a small hotel in Tuscany or the ultimate hip city hotel to the private lodge with personal service – anything is possible.

Now one not only has the torment of choosing between various places throughout the world, but one also has to decide on whether accommodation should be traditional, classic, modern or hip. The contrasts couldn't be greater: thick carpets that swallow every

酒店的设计需要高度人性化，客人需要的是特别且真情实感的東西。感谢全世界酒店建筑师和设计师的通力合作，产品才能取得最独特和最动人心魄的效果。因此除了酒店本身的结构类型，产生了一种与金钱无关的附加价值。即便存在全球化和对于风格的共同认可，书中的设计还是非常打动人的。很正常地，出于篇幅的要求，我们并没有将新建成的酒店都收集在内，其中的一些过于过时。我们希望这本书可以使读者都能选到符合自己风格的酒店。这些都是世界上顶尖的设计，展示了最有活力的主张，将个人的设计理念总结出来。

sound or pop art and dance club in the same building. Would one prefer familiar surroundings or restful anonymity? Can one relax better in a cosy group or at an exclusive ski resort?

The subject of hotel design is highly emotive and is discussed today with a well-informed passion. Guests yearn for something special and individual – the emotional and authentic. Thanks to the global networking of hotels, architects, designers, events and places, products are being created which achieve the highest peaks of unique, emotionalising experience. Thus beyond the structure of the hotel itself, an attractive added value is offered, which cannot simply be had for money.

Despite globalisation and a universal taste with regard to style, the varying, often highly personalised designs of the examples presented here are quite striking. Naturally, for reasons of space, the selection of newly opened hotels is not comprehensive and, indeed, some of the hotels were in fact too »old«. It is hoped, however, that this book will persuade readers to consciously choose a hotel with the atmosphere that suits them.

This is a collection of the best design concepts from all over the world. It is a firework display of innovative ideas, which collects individual trends into a single, fascinating compendium.

亚当和夏娃酒店

## ADAM & EVE HOTEL

Antalya, Turkey 土耳其 安塔利亚

入住亚当和夏娃酒店不单单是离开家在外居住一个晚上。客人们在这里可以远离日常生活的烦恼和纷杂，享受到别人梦中才有的环境，亚当和夏娃酒店的魅力确实不同寻常。纯洁白色的房间衬托出奇妙的灯光效果。这里环境优美，游泳池的长度为289英尺（86.7米），约为奥运标准泳池的两倍。亚当和夏娃酒店的房间也是后现代作品，柔和、白色的地面、落地高度的镜子，灯光反射出水的光芒，房间纯洁的设计风格为二人世界带来奢华的享受。

STAYING AT THE ADAM & EVE means much more than just spending a night somewhere a long way from home. Far removed from daily stress and worries, guests enjoy what others can only dream about – because the Adam & Eve is like no other hotel. It has its own very special charm. The pure, white furnishings offer the perfect, natural surface for surprising light effects. And it's also a hotel of superlatives: the pool is double Olympic length and, at almost 289 feet, the bar must surely be one of the longest in the world.

At the Adam & Eve, the rooms are also post-modern works of art. From the soft, white floors to the room height mirrors in which light and water are broken into a million splitters and reflected, the experience is a visually provocative design statement. Sensuality through purism: the room itself seduces with a luxurious whirlpool for two.
