# 序

安全生产事关人民群众生命和财产安全，事关经济发展和社会稳定大局，是构建社会主义和谐社会的重要内容。多年来，我区各级党委政府认真贯彻落实党中央、国务院有关安全生产工作指示，坚持一手抓经济发展，一手抓安全生产。2004年，全区实现地区生产总值277.9亿元，财政一般预算收入46.5亿元，社会经济综合实力名列全国各县（市、区）第11位。在经济快速发展的同时，安全生产工作也取得了明显的成效。经过不懈努力，全区上下的安全防范意识不断增强，安全防范体制日趋完善，安全生产环境逐步改善，已连续三年未发生一起死亡3人以上的重特大安全生产责任事故。尤其是自去年区安全生产监督管理局成立以来，我区广大安全生产工作者及有关部门面对新形势、新情况和新要求，从维护人民群众的根本利益出发，坚持以人为本的科学理念，积极探索、大胆创新，对安全文化创建工作作出了许多有益的尝试。

党的十六大报告强调指出：要高度重视安全生产，保护国家财产和人民生命安全。搞好安全生产是贯彻“三个代表”重要思想，坚持执政为民的重要体现，是坚持以人为本，树立和落实科学发展观，促进经济社会全面、协调、可持续发展的必然要求，是政府工作的重要职责。从安全文化入手，提高公民的安全意识，来影响每个社会成员的安全行为，是搞好安全生产的一项基础工作。由中国美术家协会漫画艺术委员会和中共宁波鄞州区委、宁波市鄞州区人民政府联合主办，鄞州区安全生产监督管理局、鄞州区文学艺术界联合会承办的“梁祝杯”全国安全生产漫画征集活动，通过征集——评比——展览——出版等多种形式，突现“以人为本、安全第一”的活动主题，对于推动新形势下安全文化建设将起到很好的促进作用。

鄞州原名鄞县，于2002年2月撤县设区。“鄞”是一个古老的地名，鄞州在今天二千多个县级建制单位中，属于为数不多，并被较为完整地保留下来的一个行政单元。经过二千多年的漫长岁月，形成了雄厚的文化积淀，是我国四大民间传说之一——梁山伯与祝英台爱情故事的发源地。相信这次《全国安全生产漫画大赛作品选》的出版与发行必将进一步推动我区安全生产工作的深入发展，对加强安全文化的创新与探索起到抛砖引玉的作用。在此，我代表中共鄞州区委、区政府，代表鄞州区73万人民，衷心感谢国家、省、市安监部门和有关领导、艺术家及广大漫画工作者对我区工作的指导和支持！衷心感谢社会各界对这次漫画征集活动的高度关注和热情帮助！

“安全责任重于泰山”。让我们积极行动起来，关注安全，关爱生命，携手共建一个平安、康乐的美好家园！

## Preface

Having great significance for the people's life, the safety of people's property, the development of economy, and the stability of society, safe production plays an important role in constructing a harmonious society. For years, safe production has been kept as a hot job as vital as economical development by the governments at all levels of Yinzhou District, in compliance with the instructions from the State Council and the Central Government of CPC. In 2004, the comprehensive economical strength of Yinzhou District is ranked the 11<sup>th</sup> among all of the counties or districts nationwide, with a grand total of production amounting to 277.9 hundred million yuan (RMB), and a budgetary income of 46.5 hundred million yuan (RMB) attained. Along with the rapid development of economy, safe production has also made remarkable and effective progresses. Our incessant endeavor has been made to raise the awareness of safe production and danger prevention, to improve the system, and to better the conditions of safe production. Under this situation, not a single fatal accident, by the measurement of 3 victims of death, has befallen on the people in our district for three years on end. Especially, since the establishment of the District Administration for Safe Production Supervision last year, inventive and beneficial attempts have been made to defend the necessary interests and property of our people, by carrying on the scientific and human-oriented concept of production to satisfy the requirements for new things in new situations.

The report at the Sixteenth National Congress of the CPC has emphasized to the most the importance of safe production, people's property defense and life guarantee. Thus, a consensus has been reached that safe production embodies the important thought of "Three Represents", marks the ability of administration for people, indicates the scientific idea of human-oriented development, and measures the responsibility of the government in enhancing an all-round, harmonious, and sustainable development of economy. A fundamental work in this regard is to raise, from the perspective of the culture about safety, every single person's awareness of safe production. Accordingly, the Cartoon Committee of the Chinese Artists' Association, the Yinzhou District Committee of CPC in Ningbo City, and the People's Government of Yinzhou District of Ningbo have collaboratively launched a campaign to call for and collect cartoon works on safe production nationwide in the name of "the Butterfly Lovers Cup", which is jointly carried out by Yinzhou District Administration for Safe Production Supervision and the Yinzhou Union of Literature and Arts Circles, with the aim of highlighting the concept of "human-oriented safety first", and an intention of promoting the culture about safety in new situations.

Yinzhou District, formerly called Yinxian County, founded in February of 2002, has got a time-honored name Yin. Of more than 2,000 administrative units on the county level in China, Yinzhou stands out geographically intact, having undergone a time pass of more than 2,000 years. Blessed with abundant accumulation of culture, Yinzhou is renowned as the original place of the story of the Butterfly Lovers, one of the four great folk legends in China. I am convinced that the publication and distribution of National Selected Cartoon Works on Safe Production will hold a favorable impact on our safe production and yield much valuable things in favor of our strive for innovation on safe production. On behalf of the Yinzhou District Committee of CPC, the People's Government of Yinzhou District of Ningbo, specifically on behalf of the 730,000 people here, I hereby would like to express our great gratitude to the divisions of safety inspection of all levels, the leaders of all the divisions, and the painting artists and workers in the field of cartoon producing for their support and contribution. My heartfelt gratitude goes to the people from all walks of life in our society for their kind care and timely help.

"The responsibility for safe production weighs much more than Mountain Tai". Let's commit ourselves to the cause of building a peacefully and beautifully comfortable homeland together for the sake of safety and life.
