前言

碧水粼粼的中南海，蒼松翠柏，風景優美。在這裏，國家領導人和藝術家結下了真摯的友誼。書畫界的大師巨匠、名家高手，懷着崇敬之情，揮毫潑墨，向毛澤東、周恩來等領導人饋贈精心佳作。中南海成爲薈萃當代書畫的藝術殿堂。

這裏有名震四海的書畫大師齊白石、黃賓虹等人的傑作，有集名家手筆合作的傳世巨構。筆力之宏闊，氣勢之瀟灑，實屬罕見，具有藝術和歷史的雙重價值。

當代德高藝厚的中國畫大師吳作人、李可染、傅抱石等諸家，風格獨標，光照畫壇，藝風或疏闊曠遠，或凝重肅穆，或雄強拙樸，或仙氣飄逸。南北爭奇，百花齊放。

中青年的作品，既有傳統技法，又多誇張變形，富於現代意味。有的濃烈瑰麗，有的浩渺迷茫。一批有才華、有修養、有功力的新人躍向畫壇，預示着中國書畫將會有新的奇峰突起、高潮奔蕩的偉觀出現。

我們欣喜地奉獻這本《中南海珍藏書畫集》，以饗海內外鑒賞家、收藏家，書畫愛好者。我們熱誠地期待，以書畫會友，爲推進世界文化交流，爲弘揚華夏藝術傳統，共同攜手，做出應有的貢獻。

PREFACE

Zhongnanhai is a place where China's state leaders and fine artists have forged a close and cordial friendship between them over the past decades in the gracefully scenic surroundings of rhythmically rippling lakes with evergreen pines and other trees all around. It has, in fact, become a palace of contemporary Chinese arts of painting and calligraphy as many masters and leading painters and calligraphists did, one after the other, present to Mao Zedong, Zhou Enlai and other leaders their masterpieces done with extraordinary skill in which they instilled their profound esteem and love.

Here are well-known master paintings created by world-famous giants, such as Qi Baishi, Huang Binhong and others, on their own or in their collaboration which are of ever-lasting artistic and historical value because of their uniquely fascinating and powerful strokes and touches and unusually imposing momentum.

And here are masterpieces done by prestigious and well-respected supreme artists, such as Wu Zuoren, Li Keran, Fu Baoshi and others, all with their great accomplishments cherished in the arts circles but each with his or her own individual style; gentle or heavy, sparse or tight, relaxed or solemn, with natural elegance or intensive force. Some of them are prominent in the north while the others distinguished in the south all to combine into one amazing, thriving garden of arts.

Here are also, of course, works done by middle-aged and young artists which are based on the traditional techniques and at the same time pursuing some modern styles, including exaggeration and deformed configuration. Some of them are characterized by rich and strong colours and some are stretched into extensiveness and obscurity. It is encouraging to see the emergence on the arts arena of a number of new talents with remarkable attainment and craftsmanship as an indication that the traditional Chinese arts of painting and calligraphy are to bring about a magnificent sight of a new strong force suddenly coming to the fore and a high tide surging forward.

We are, therefore, very pleased to present this album, *Paintings and calligraphy from Zhongnanhai's Collection*, to all connoisseurs, collectors and arts-lovers both in the country and abroad. It is our most sincere hope that the book would serve as a means of meeting new friends and joining hands with them so as to make a due contribution to the flourish of traditional Chinese arts as well as to the promotion of cultural exchange in the world.
