Preface

前言

The eclipse of moon obtains favors widely by expressing lavish emotional essence. When sunset comes, soft moonlight shines every corner on the earth. It brings brightness in dark and a calm beauty to urban people, letting them drunk in it unconsciously.

For most people, night means the opportunity of relaxation; but for the people falling in love with night, it is another ray of sunshine in life, a stage for self-indulgence and for the soul to gallop.

Night's elf is laughing in the deep dark. Protected by darkness, people get rid of secular masks which they wear in the daytime, to enjoy free soul and dancing moonlight. People can be undisciplined to shuttle back and forth in the dream; whatever beautiful, ugly, vain, naive or sophisticated, all will pass gracefully and placidly.

From dark to dawn, the moonlight dances.

阴晴圆缺的月亮以情感丰富的内涵赢得了艺术的颇多青睐。当红日西沉，夜幕悄升，温润如玉的月光遍洒世间的每一个角落。它给黑夜中的人们带来光明，为身处闹市的人们带来一份超脱世俗的幽静之美，让人们不知不觉地沉醉其中.....

对于大多数人来说，夜是释放疲惫休整身心的时机；对于那些钟情于夜晚的人来说，夜却是生命的另一缕曙光，是心灵纵横驰骋、汪洋恣肆的舞台。

夜的精灵在夜的深处，深深地微笑。在幽暗的庇护下，人们褪下白天世俗的外衣，任自由的灵魂和着月光轻舞。人们放纵地穿梭于梦中，不论是美的，丑的，虚妄的，幼稚的，复杂的，都曼妙地掠过，波澜不惊，悠悠而去。

从夜半到天明，舞月光。

Conga Room

Conga Room 夜总会

The Conga Room, in its new location at LA Live in downtown Los Angeles across the Staples Center, is the city's premier Latin nightclub. The space will feature today's hottest Latin performers in its live venue space, which includes a restaurant, three distinct bars, patio seating, and a VIP lounge and private room. In addition, the club will host LA TV and world-renowned DJs adjacent to the stage and above the crowd, adding even more excitement to the ambiance. Perhaps the club design's greatest intent is to be true to the energy of the Latin community, to pay homage to its roots and deep history while infusing it with Los Angeles' fervent modern lifestyle.

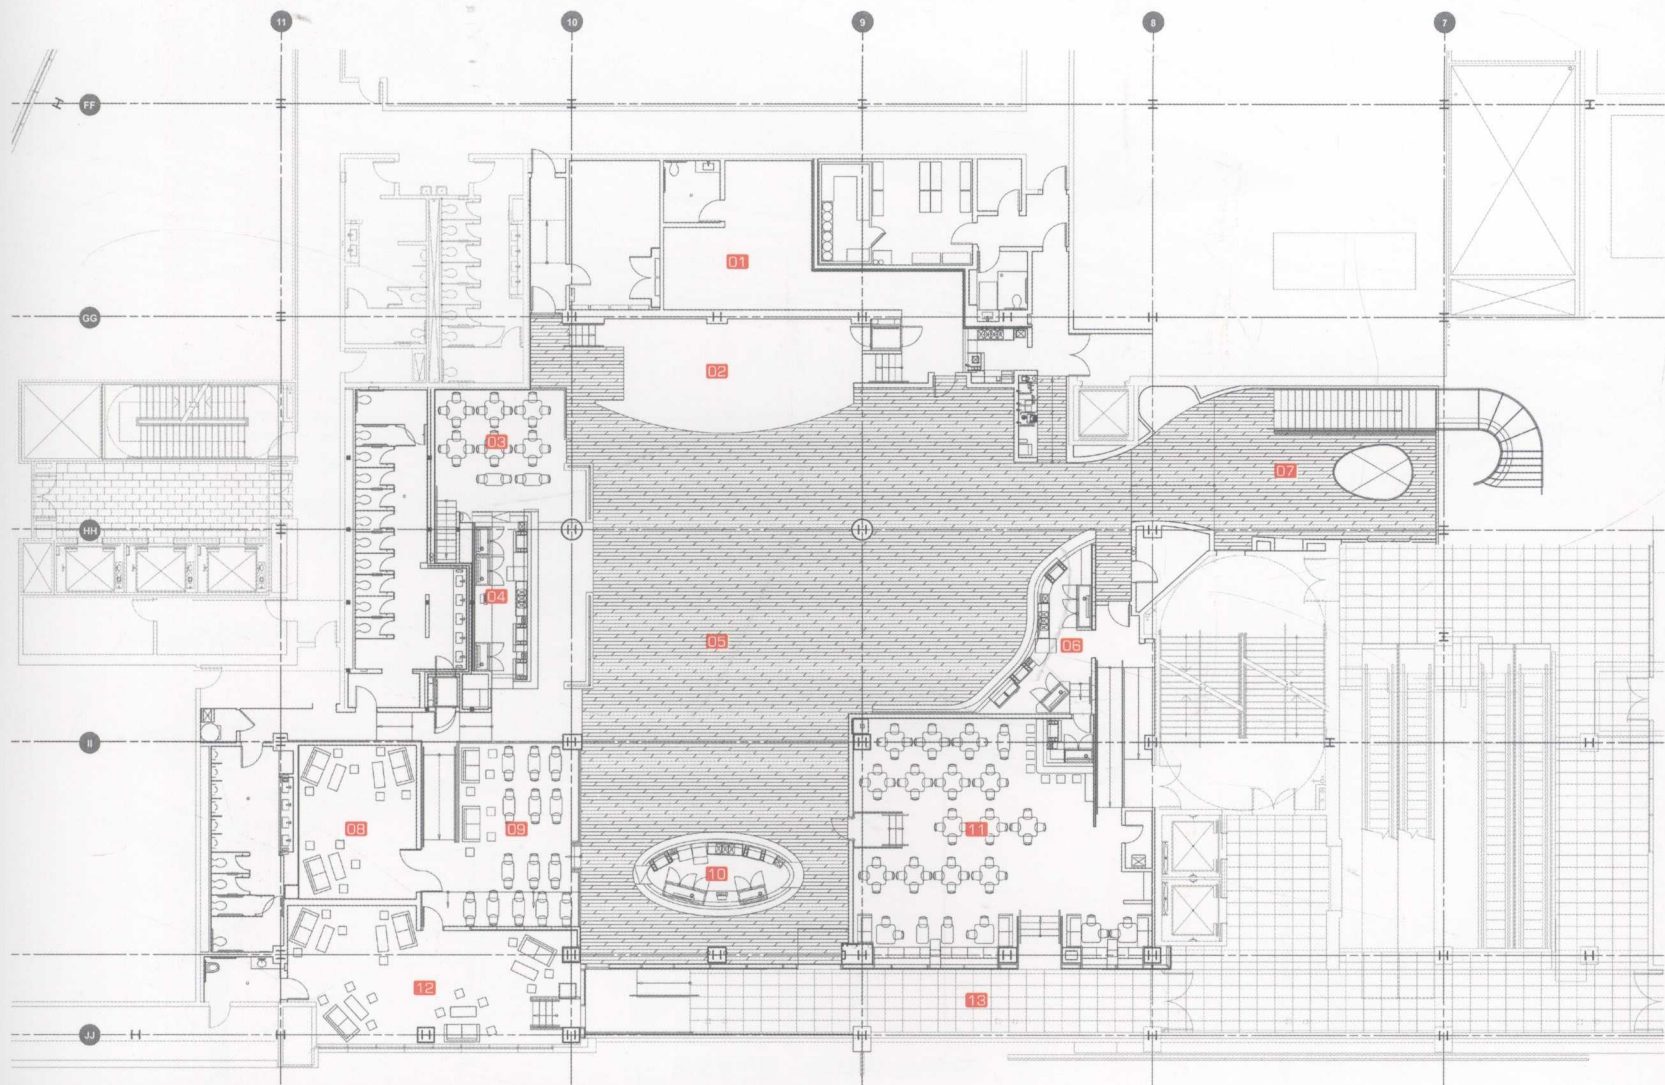

Conga Room 夜总会的新位置在洛杉矶市中心对面的斯台普斯中心, 是该市的主要拉丁美洲夜总会。夜总会包括 1 个餐厅、3 个风格迥异的酒吧、1 间 VIP 休息厅、卡台座位和私人房间, 在它专门的舞台空间还会有当下最流行的拉丁表演。此外, 夜总会还会邀请洛杉矶电台以及世界著名的 DJ 亲临现场, 令气氛更加活跃刺激。也许夜总会设计的主要意图是忠实于拉美社会的活力, 然后在尊重其深邃的历史和根源的同时注入洛杉矶现代的生活元素。
