Itaewon, where diverse cultures are mixed, has an open and exotic atmosphere. Making the best of the character of the site, the project was created as a more extrovert club that allows various people gather and have fun together.

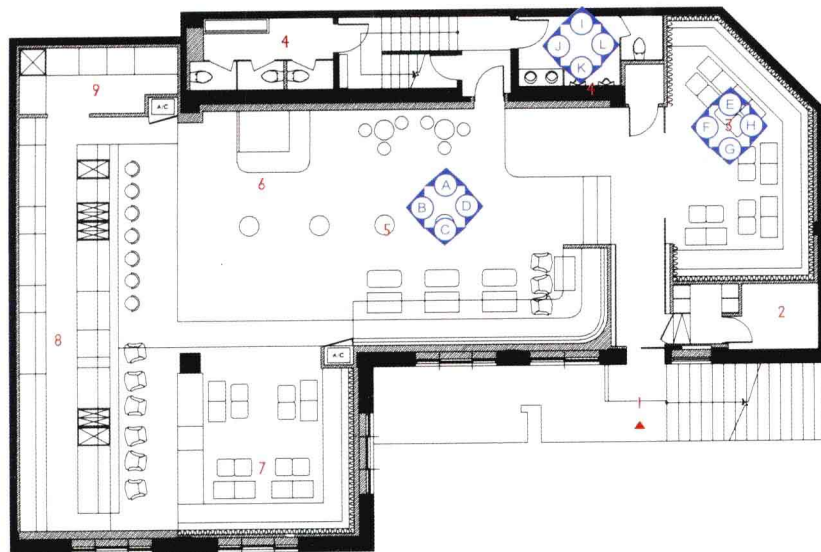

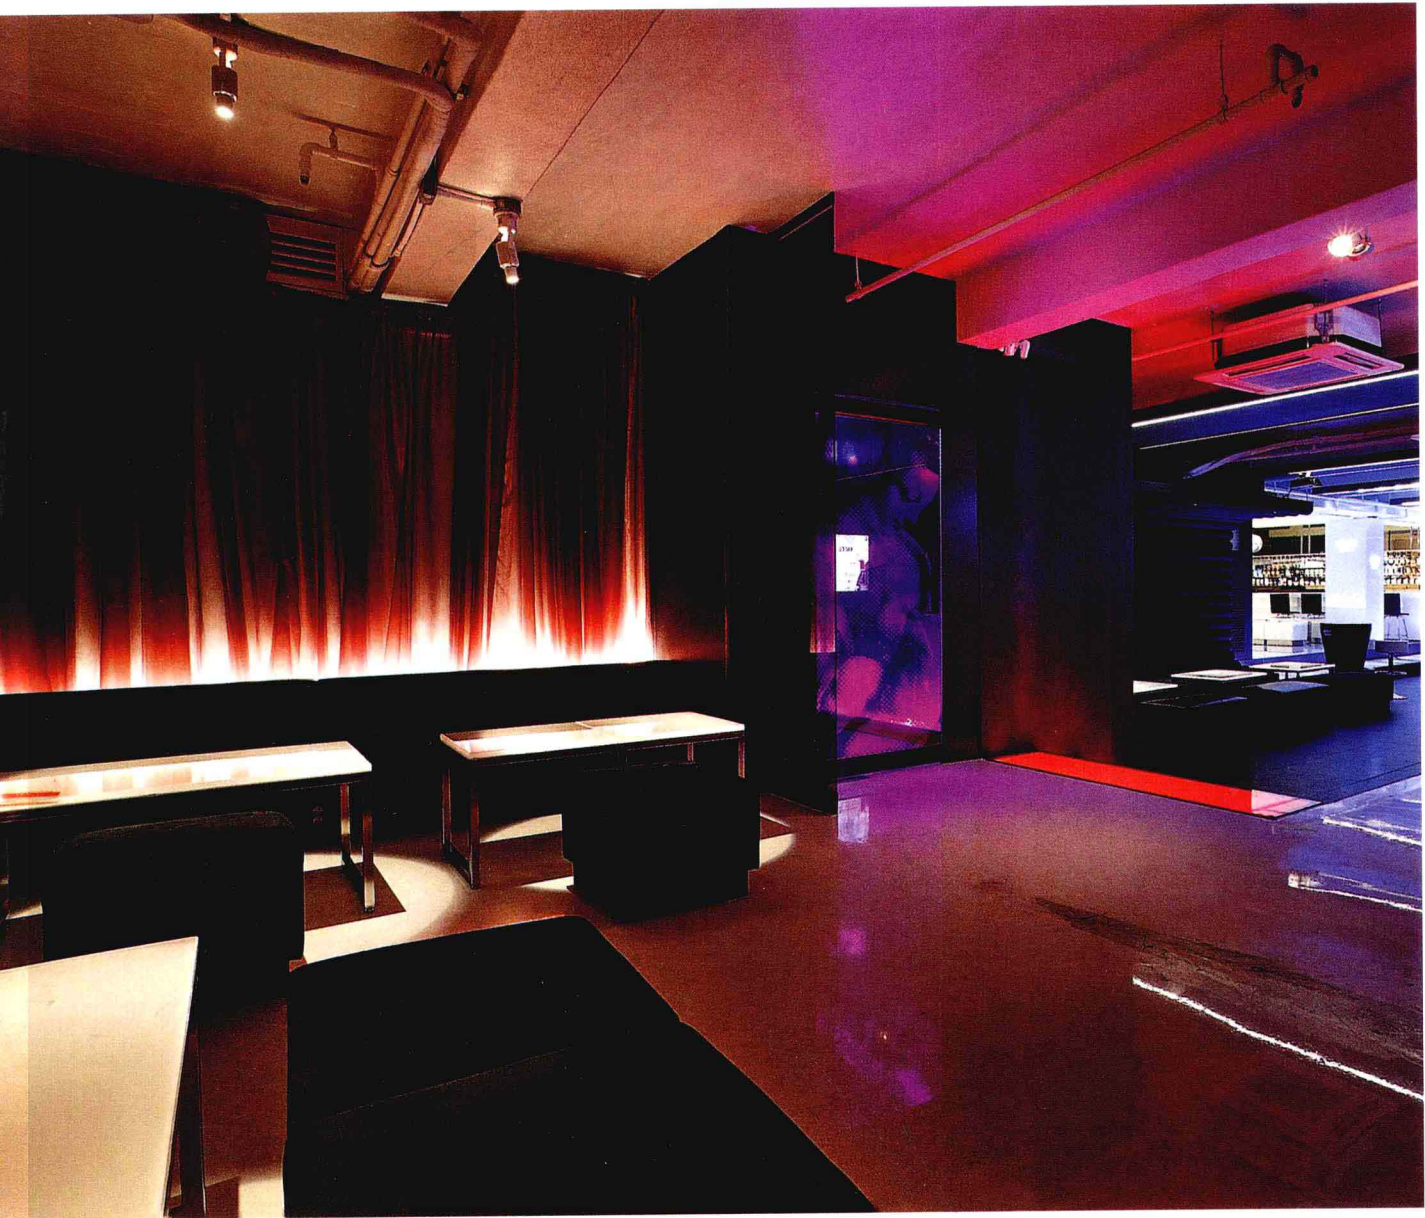

Under the keywords such as a 'lounge', 'club' and 'relaxing', a club is viewed from yet another perspective. The designer intended to create a comfortable modern space unlike the existing cold and closed spaces by avoiding complex and luxurious decoration and structure, using a level difference that gives a sense of rhythm. In this way, the space breaks away from the otherwise monotonous atmosphere, and each area harmonizes and communicates with one another through the invisible boundaries of the levels, thus dividing the space by function and at the same time providing an open and animated view. In addition, colorful lightings fill the entire space to emphasize the vital and dynamic image, the identity of the club.

Maintaining both the fancy ambience and the comfortableness, Superlounge LUV will raise a new wave in Itaewon with its trendy space that satisfies the senses of club users.

梨泰院是一个有着多元文化的地区，这里充满着开放的氛围和异国情调。为了突出项目所在的地区特点，设计师设计了一个可提供给不同人一起聚会玩乐的外向型俱乐部。

在休息、俱乐部、放松这几个关键词的引导下，设计师旨在创造和一般封闭、老套的俱乐部不同的现代舒适空间，同时设计师也避免运用复杂、豪华的装饰和复杂的结构，室内不同的地面高度使空间产生韵律感。在这样的情况下，这个俱乐部显得和其他单调的俱乐部不一样，空间和空间之间可以互相交流并且非常和谐。功能分区是由地面不同的高差来完成的，另外，彩色的灯光使空间看起来非常完整，同时强调了空间中的重点区域和俱乐部的特色。

同时拥有奇特氛围和舒适感的LUV俱乐部将会用它时尚的空间来引领梨泰院的俱乐部设计。
