PREFACE

序言

Seventeen years ago, I found Nanjing the cradle of my dream. Since then, like a hermit traveling thousands of miles barely on foot to obtain true Buddhism sutra, I led a simple and humble life, marching forward day and night regardless of hardship to fulfill my dream. Thanks to the people whose efforts and wisdom contributed to the growth of Yaming Interior Design Company Ltd., it has already developed into a larger scale containing dozens of avant-garde designers. Ever since the millennium, as many as 300 hospitals successfully implemented our design proposals, many of which have won awards both at home and abroad.

This is the full recognition by our clients and the huge reward to our brand. On this occasion, I sincerely express my gratitude to my colleagues who spent day and night helping me overcome all obstacles. Also, I am extremely grateful to my family for their understanding and support.

The widely accepted principle that scenery is the product of the nature has been followed and adhered to in most hospital design projects. And we consistently set the prime goal of medical function solution and medical procedure improvement in our hospital designs, aiming to supply the patients and the medical personnel with more scientific, reasonable and humanized design strategies. In the meanwhile, we keep constant innovation to convey humanistic concerns to the mass of people in the medical environment. Though the road of design is like an endless marathon, we, united as a vigorous team, are ready to make persistent efforts to reach a higher level. We are confident that with our ingenuity, more interior designs of high quality will be dedicated to our clients in the near future.

亲爱的朋友们：

17 年前，梦想的征途开启，我将这条路的起跑点设在了南京。为了实现心之所望，遂素履以往，披星戴月，一路风雨兼程，却也甘之若饴。将公司从当初的几人发展至如今的几十人，前行的每一步，都有着对公司发展的殚精与竭虑。千禧年开始至今，已经有近 300 家医院落地了我的设计，这些作品也斩获了海内外多项设计大奖。这是大家对亚明工作的最大肯定，也是对无数个工作加班不眠夜最好的褒奖。感谢这个时代，它让我有不断努力的激情；感谢我的业主，他们给了我进步的机会；也感谢我的妻儿，他们让我有了面对困难的动力；同时也要感恩我的同事，他们让我变得更有责任感。

犹记得入行之初，在医院实地考察门诊、医技到护士站、处置治疗室以及病房等功能空间，请教每一位医生的日夜。在不断的总结与前行中，坚持将解决医疗空间的功能和医疗工艺流程系统作为我设计的首要目标，致力于为医护以及病患提供更科学合理、更具人性化的空间设计。在服务客户的同时，亚明也在不断创新，研发出的工业系统装配集成施工体系已经在众多项目中运用，将极简的外在与丰富的人文关怀传达给每一位身处在医疗空间的芸芸众生。

“不忘初心，方得始终”，相信梦想的力量，吾辈当与之同行。十七年，再次感谢一路上有你！

江苏省人民医院

Jiangsu Province Hospital

始于 1936 年的江苏省人民医院，暨南京医科大学第一附属医院。目前是江苏省综合实力最强的三级甲等医院。将南京的市花梅花、医学分子、吉特达木人元素融入到设计中。使得医院空间更具人文关怀。医院内部空间以极少的材料，构建出明亮友好的色调。清晰的造型手法为人们营造了一种开放、吸引人的氛围。医患人员身处其中，有助于增进互信，就诊人员置身于不同以往的就医环境中，能够更快地调节自己的焦虑心情，配合医护人员进行诊疗。

Founded in 1936, Jiangsu Province Hospital, the first affiliated hospital to Nanjing Medical College, is contemporarily the greatest comprehensive class-A hospital in Jiangsu province. The integrated design elements of plum blossom (the city-flower of Nanjing), medical molecules and Target wooden man increase its humanistic concern. The minimum use of materials in the interior space creates a friendly bright tone, and the technique for concrete modeling builds an open and appealing atmosphere, which is likely to enhance the mutual trust between patients and doctors. Standing in this distinctive medical environment, the patients can easily adjust their anxiety and cooperatively receive treatment.
