# 阜阳剪纸

安徽省阜阳地区民间广泛流传的剪纸艺术,以其粗、细线的组合和阴、阳刻的交替,充分发挥了淮河中游民间剪纸艺术的魅力,它较之我国北方剪纸的粗壮、浑厚和南方剪纸的纤细、秀丽的风格迥然而异,确是有其朴实优美、刚柔兼备的地方特色。

这里介绍的作品,主要是传统题材,供人们欣赏。

#### FU-YANG PAPER-CUT

The art of paper-cut spreads far and wide among the people of Fu Yang region, Anhui Province. Characteristic of a combination of thick and thin lines and an interchange of embossed and non-embossed cuts, it shows in detail the charm and beauty of the folk art of paper-cut along the middle reaches of the Hui River. Different either from the paper-cut noted for its sturdiness and honesty in Northern China or from that characterized by elegance and gracefulness in Southern China, the Fu Yang paper-cut is known for its regional features of fineness and simplicity, boldness and gentleness.

Overflowing with enthusiasm, the Fu Yang paper-cut sings the praises of the life of the local people. Here are some works of art with traditional themes for your appreciation.
