My dear Dr. Tao - I am very
happy to get news of you
through your former asso-
ciate Professor Chen. I am
glad to know your health
remains good and that
your educational work goes
on, even under the
difficult conditions you
experience. I am happy
that the United States
is doing up a little
for your distressed country.

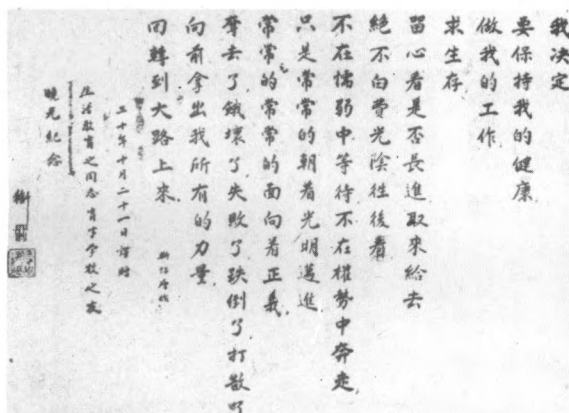

Throughout the world, I
fear they will not
long flourish in
this country.
With regards & best wishes
Sincerely yours
John Dewey
(Professor Emeritus
Columbia Univ.)
To Dr. W. T. Tao

And I look forward, as I
am sure you do, to the
time when I can do
much more ~~thoroughly~~
in a million ways
back in fundamental
steps in behalf of a
Democratic Society &
Democratic Education.
The world is so
bound together now
that unless democratic
ideas & methods are
established everywhere
