5. If you want to buy something cheaper, you should read _____.

(B)

Surtsey was born in 1963. Scientists saw the birth of this island. It began at 7:30 am on 14th November. A fishing boat was near Iceland. The boat moved under the captain's feet. He noticed a strange smell. He saw some black smoke. A volcano（火山）was breaking out. Red-hot rocks, fire and smoke were rushing up from the bottom of the sea. The island grew quickly. It was 10 metres high the next day and 60 metres high on 18th November. Scientists flew there to watch. It was exciting. Smoke and fire were still rushing up. Pieces of red-rock were flying into the air and falling into the sea. The sea was boiling and there was a strange light in the sky. Surtsey grew and grew. Then it stopped in June, 1976. It was 175 metres high and 2 kilometres long. And life was already coming to Surtsey. Plants grew. Birds came. Some scientists built a house. They wanted to learn about this young island. A new island is like a new world.

How I study English

I often hear some students say English is difficult, and it gives them a headache. So they can't learn it well. But English is very easy for me. I'm good at it. I'm very glad to tell you something about how I study English.

Firstly, I think an interest in English is very important. When I was in Grade One, we had a new subject—English. It was fresh for me. I was interested in it, so I worked hard at it. Soon we had an English exam and I got a very good mark. How happy I was! After that, I learned English harder and harder. Our English teacher often teaches us English songs, and the songs sound nice. I often think how interesting English is!

Secondly, I think English is a foreign language. I should learn it well in the following ways: Listen to the teacher carefully, speak bravely, read aloud and have a good vocabulary. Then practice again and again, and never be tired.

And I also do some exercises from our class magazines, and I often write English diaries. English has become a close friend of mine.

Now I have learned English for more than three years. I always keep the first position in our school. From these words, I hope every student can learn English well.

( )**1**. Why do some students often "have a headache"?
A. Because they are easy to catch cold.
B. Because they think English is easy.
C. Because they don't think English is easy.

( )**2**. The writer tells us that we should be _____ in English if we want to learn it well.
A. fresh B. interested C. strict

( )**3**. "I got a very good mark." means _____.
A. I got a good way B. I did well in the exam
C. I had a good idea

( )**4**. The writer thinks English is interesting because _____.
A. English is full of stories B. English is full of jokes
C. his teacher often teaches them nice English songs

( )**5**. Which of the following is not the way the writer studies by?
A. Writing to foreign friends. B. Reading aloud.
C. Writing English diaries.

(B)

Can you swim? Do you like swimming? Yes? Well, how can you learn to swim? I think the best way is to go into the water and learn. I'm afraid you'll never learn to swim just by reading books about swimming or looking at others swimming. It's the same with the English study. We must practice, practice and practice.

Listening and speaking are very important for beginners. The children in English-speaking countries first listen to others. Then they try to imitate (模仿) and speak. We can listen to English programs on the radio. You may just understand a few words. It doesn't matter. Just be relaxed, and try to catch every word.

Reading and writing are more important for senior school students. First we must choose the books we're interested in. A lot of reading will improve your language sense. This is the most important.

Keep writing English diaries. We can also write English articles. You may even post them to English magazines. Don't be afraid of failure. Failure is the mother of success.

Easier said than done. Well, let's do more practice from now on. I'm sure you'll learn English well in this way.

根据短文内容判断正(T)误(F)。

( )**1**. You can learn to swim by looking at others swimming.
( )**2**. As a beginner, you should learn English by listening and speaking.
( )**3**. Reading and writing are more important for senior school students.
( )**4**. Writing some articles may not be successful at first.
( )**5**. We can learn English by learning to swim.
