## 序

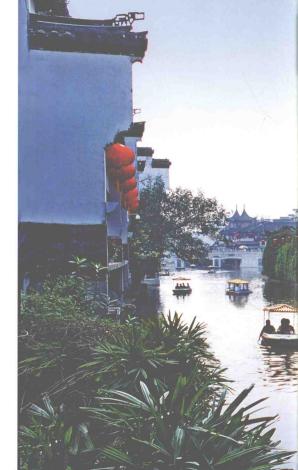

梁東湘

越良钊先生是一位立足本土、放眼祖国、在创作上求真求实、重在表现之业余摄影家。此次出版《追光寻影》摄影集,从中可以读出其从影二十多年来之足迹和创作行止。其作品讲究用光,朴实无华,给人以真情实感之印象。良钊在广州市番禺区长期担任领导工作,现为区人大常委会主任。而其对区内之摄影艺术事业热情倾注、关怀备至,指导和帮助区摄协做了大量组织、策划事宜,被影友誉之为"摄影良师"。今天番禺摄影艺术昌盛繁荣,人才繁出,其之大力支持和带动实不可分,可谓"无船级之事者,无赫赫之功"恶。

番禺地处珠三角,是农耕和养殖业发达地区。土特产富有乡土品牌和优势,有强势发展之潜能,值政策开放、改革大潮向深层次伸展之机遇,经济增长和文化发展理当加大力度和发扬光大,旗鼓在先之导向宣传乃势在必行。作为重视民治、民意之官员,越良创意识到善政不如善之得民心。因之机不离身,着力发挥一技之长,以摄影之真实形象教育作为自身施政、施教之有力辅助手段,未尝不可。事实上引之奏效,可谓双赢之举耳!何乐而不为?胜哉!是也。

笔者特赋诗赞之贺之: 良钊为官不似官,求真务实非一般。 《追光寻影》抒见地,镕里乾坤亦大观。

> 二○○五年九月二十五日 (梁惠湘:广东省摄影家协会荣誉主席)

#### **Preface**

#### Liang Huixiang

As an amateur photographer, Yue Liangzhao is a truthful and practical expressionist who bases himself on local culture and has the whole nation in view. From his photography album The Pursuit of Light and Shadow, we could read of the footprints and whereabouts of his creation in the pass 20 years of his photographing career. The application of light is the characteristic of his works which are simple and unadorned, but natural and affecting. Liangzhao has long been working as the main leader of Panyu District, and is now head of Standing Committee of Panyu People's Congress of Guangzhou City. Besides the government work, he is enthusiastic about and pays great attention to the photographic art cause in Panyu. He is respectfully regarded as the 'good teacher of photography' in Panyu for his guidance and assistant work on the organization and planning for Panyu photography association. The prosperity of photographic art in Panyu today is correlated to the support and promotion of Yue Liangzhao. It is just like the saying: great accomplishments come from a series of trivial things.

Panyu, located in the Pearl River Delta, is a highly-developed district for agriculture and aquaculture. Its special local products possess local characteristics and advantages, as well as the potential for extensive development. With opportunity of the profound extension of the Open and Reform Policy, economy and culture developments should be strengthened and carried forward, and preliminarily the guiding propaganda should be carried out. As a public official who attaches importance to democratic ruling and public opinion, Yue Liangzhao realizes the importance of people's support. Thus he makes good use of his interest of photographing, taking the real image education of photography as an assistant means to conduct his administration and education. This has proved to be effective and worth trying. In fact, it has double effects.

I hereby present a poem to congratulate the publication of his photographic album:

Yue Liangzhao is a pursuer of truth and essence of life;

He creates with noble soul and mind;

He presents his ideas in the album The Pursuit of Light and Shadow

He photographs to eulogize the new times through the camera.

September 25<sup>th</sup> 2005 Liang Huixiang Honorary president of Guangdong Photographers Association

## 特色展现风情

#### —— 从摄影作品《肥藕金灿灿》获银奖看摄影创作的本土意识

摄影创作的地方特色是什么? 我个人理解就是:与众不同,深层次来表现木地区最具特点的东西。摄影是一门艺术,讲究地方特色尤其重要,在作品中抓特色,才能展现当地的风土人情。 我长期把新垦种植的莲藕,作为自己的创作对象,长期观察,勤于从期税损,作品《肥藕金加灿》在2005年获广东省"同奔小康路"摄影大寨的银奖就说明了这点。

#### 勤观察 多思考

我国地大物博,是个多民族的国家,北方与南方、内地与边 淵、城市与农村其地理风貌、历史传统、民族风俗等,都各有不 同的特点。作为摄影家就要时时注意发挥本地区的优势,注意观 察和研究本地区的特点。婴下苦功夫,了解历史和现状,提炼主 题,选择L有表现力的角度。

番禺是著名的鱼来之乡,水乡风情浓厚,农制产品丰富,地方美食特色浓郁。在长期观察和拍摄当中,我不断积累了对新是莲藕的认识,它既有经济价值又有观赏价值。它生长在位于珠江出海口新围垦的地方,土地肥沃,水源洁净。气候温暖,即光无足。在生长期,它一片翠绿,在和风吹拂下显得生机勃勃而有动感;在收获季节。辛勤的采藕人和穿梭的小船汇成一幅美妙的画卷;在消洗持被运时,一堆一堆,水花飞溅。在逆光的照耀下,好看极了。新是蓬藕藕茎大,茎身圆,肉质好,未成熟时口感爽,成熟后很粉,外形美观。多为3~4节,长的可达4~5节。1999年,"新垦莲藕"获得国家农业部的绿色食品认证,因而不少酒家用它制出特色美食,吸引了不少食客从广州、港澳等地螯名商来,其中,莲藕焖火脂、莲藕焖鸭肉、南乳炒藕片都是当地的名宴。最特别的是绿豆酸莲藕,厨前把鸳点发熟去皮,用把它都到莲藕间和去,加上特别配料和莲藕贷沸即可上碟。这道菜粉

中带香,美味可口,远近闻名。如此有名的农特产,我长期观察 和柏摄,其中特别喜欢拍摄收获洗蘸待装运时的劳动场景。

由此我体会到。作为摄影家,要想有所创造,首先要有一块 创作基地,认定一个创作主题,然后长期生活和实践在耶里,从 而提高摄影创作的本土意识。只有长期观察,不断思考,才能在 摄影力术的内容上选对路子,才有摄影创作成功的基础。

#### 特色展现风情

一幅成功的摄影作品,不仅具有地方特色的人物形象,而且还有体现当地人特有的习性,抓住特色,才能展现当地的风土人情,这样才能构成一幅特色鲜明、较为完整的艺术作品。诗人歌德说过"艺术的真正生命在于对个别和特殊事物的掌握和描述。"我努力加强在摄影创作上的本土意识的同时,深层次地表现摄影作品的地方特色,突出摄影作品的个性,这是我在摄影创作上长期追求的目标。

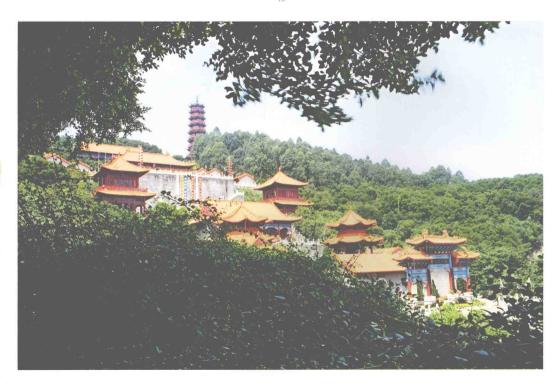

正如毛泽东所说的那样: "坚持数年必有好处。"长期追踪 新星莲藕,如今在摄影创作上,对番禺地方特色的认识也就更加 充分,拍出的作品表现当地风情也就自然了许多。
