三湘大地，物阜民丰，人文荟萃，惟楚有才。走过百年春秋的湘雅医院，便植根在这片敦厚的文化土壤之中。

十年树木，百年树人。湘雅医院自1906年创建起，始终坚持“救死扶伤”的人道主义精神，治院严谨，医术精湛，攻坚克难，人才辈出，造就了张孝骞、汤非凡、李振翩等一大批现代医学泰斗，培养了数以千计的知名学者、专家和数以万计的高级医学人才，为祖国的医学教育与卫生事业发展作出了重要贡献，素有“南湘雅”之美誉。

苍天书写大志，厚土孕育真情。本书摘录了湘雅医院部分著名专家、学者的先进事迹，展现了湘雅医院百年经历的一粟，反映了湘雅医院人救死扶伤、海人不倦、孜孜以求、顽强拼搏的优秀品质，他们是湘雅医院百年间数十万医疗工作者的缩影。在湘雅医院百年历史的长廊上，我们十分尊敬的镌刻上他们的名字，同时也写就了全体湘雅医院人追求、奋斗的历程。

忆往昔，“南湘雅”之美誉，远播四海；喜今朝，雄风不减，旧貌换新颜；瞻未来，信心百倍，明日更辉煌。湘雅医院百年历史，是中美两国医学交流的典范；湘雅医院百年华诞，是对湘雅事业更大发展契机的坚实把握；湘雅医院百年庆典，是湘雅医院继往开来、再创辉煌的重要里程碑。我们坚信：在中组部、教育部、卫生部等上级部门的正确领导下，进入新百年的湘雅医院和全体湘雅人，必将更加努力，励精图治，为祖国的医学事业、为人民的健康作出更大的贡献！

湘雅醫院

1906—2006

霞霓似锦，岁月如歌。

湘雅医院走过了一百个春秋，这是湘雅医院发展历程中难得的历史性盛事。一百年前，由美国雅礼协会在长沙创办的这所西医院，虽历尽磨难，终弦歌未断，始终以满腔的爱国热情和艰苦创业精神，顽强前进。一代代湘雅人同舟共济，奋发努力，致力于医学发展和人民健康，谱写了灿烂辉煌的历史篇章。当湘雅医院站在“百年”里程碑前而又开始走上新征程的时候，我们心潮澎湃，无不激动回首风云际会的历史和眺望光辉灿烂的未来。

百年来，湘雅医院始终坚持救死扶伤的人道主义宗旨，以治院严谨，医术精湛，攻难克坚，人才辈出而名扬海内外，赢得“南湘雅”之盛誉。现在，湘雅医院可谓卧虎藏龙，群星璀璨，不仅有一批年富力强的专家、学者，也有一批风华正茂的后起之秀。他们不论是孜孜不倦地去攻克医疗难关，还是点点滴滴地做好平时的日常工作，都留下许多可歌可泣的故事，体现着非凡的人格力量，为铸就百年湘雅不朽丰碑书写了精彩人生。他们永远是湘雅医院的中坚和灵魂。湘雅医院因为有这样一支坚强的队伍，才能巍然屹立，才有百年的辉煌。

今天，在百年老院这块值得骄傲的土地上，一座足以拓展我们湘雅人理想和为广大医患者创造良好医治环境和条件的新医疗大楼已矗立在世人面前，这是送给湘雅百年华诞的一份厚礼。我们将在这个集百年灵气和时代光彩于一身的平台上大展宏图，不负历史和人们的厚望。

回眸过去，催人奋进；立足今天，豪情满怀；展望未来，任重道远。在国家波澜壮阔“构建和谐社会”的发展进程中，当义不容辞有我们医学工作者壮美的身影。湘雅人踏上新的征程，正是时候。湘雅人书写更加辉煌的新篇章，正是时候！

南医学院附属第一医院。1978年5月，湖南医学院划归国家卫生部直管，并于同年12月更名为湖南医科大学，医院也随之更名为湖南医科大学附属第一医院，床位扩至760张。1992年，复名湘雅医院。至此，湘雅医院开始进入快速发展时期，新建外科大楼正式投入使用，床位数增至1085张，并于当年顺利通过湖南省首批三级甲等医院评审验收。2000年，中南大学组建后，医院更名为中南大学湘雅医院。到今天，“湘雅”已经走过整整100个春秋。100年来，虽历经磨难，但湘雅人始终坚持为人民的健康事业服务的宗旨，秉承“严谨、求实、团结、进取”的湘雅精神，素以治院严谨、医术精湛、人才辈出名扬海内外，培养造就了张孝骞、汤飞凡、李振翩等一批现代医学泰斗和知名医学专家，享有“南湘雅”之盛誉。

历经百年风雨，铸就今日辉煌。中南大学湘雅医院已发展成为国家卫生部直管，集医疗、教学、科研于一体的现代化大型综合性医院和我国重要的医疗诊治、医学教育和医学研究中心。医院现占地210亩，开放病床1500余张，在编职工2300余名，专业技术人员占84.7%，其中副高职称以上人员500多人，临床医技科室51个，研究所4个，卫生部重点实验室2个，卫生部研究培训中心3个，医院总资产已达15亿元，其中设备总值超过3亿元，伽玛刀、DSA、CT、直线加速器、磁共振等大型医疗设备在医院落户。年门诊急诊量130余万人次，住院病人5万余人次，手术3万余台次。医院每年开展诊疗新技术100余项，其中器官移植、大面积烧伤治疗、颅底肿瘤切除、内镜微创手术、血液疾病治疗、鼻咽癌诊治、心脑血管疾病诊治等方面居国内领先地位。医院临床医学、中西医结合均为一级学科博士学位授权专业和博士后流动站。有博士生导师71名，其中在职博导57名，硕士生导师138名，并培养来自世界各地的留学生。医院每年还承担3000多名各类学生的教学培养任务，教学质量及效果受到用人单位的一致好评，一批医学教育家在全国享有盛誉。近20年来，我院共承担省厅以上科研课题1800余项，其中国家级130余项；获科研成果290余项，其中国家科学技术进步奖4项。近几年统计源期刊论文的发表一直列全国医院第10位。并与美、日、法等20多个国家和地区有着广泛的合作交流，医院综合竞争力居国内医院前列。

在党和政府的亲切关怀和支持下，紧跟着祖国前进步伐的湘雅医院获得了社会的广泛赞誉。医院近五年来，相继荣获全国卫生系统先进集体、全国百家医院、全国科普工作先进集体、全国行风建设先进集体、全国卫生系统护理文明单位等一大批国家级荣誉称号，为中国现代医学和国家卫生事业的发展做出了重大贡献。

意气风发新百年，壮志激励新征程。现在，一座建筑面积达26万余平方米，集门诊、急诊、住院、检查于一体的现代化医疗大楼已拔地而起，为湘雅医院新的辉煌征程提供了良好的发展平台。红墙碧瓦的古典红楼见证了百年湘雅无比辉煌的业绩，宏大现代的新医研城蕴含了百年湘雅更加美好的未来。湘雅，这一中国现代医学发展的见证者和促进者，永远与祖国发展同步，与民族复兴共进。

Brief Introduction

Xiangya Hospital of Central South University was one of the earliest hospitals of Western medicine established by Yale-China Association and named Yale-China Hospital in 1906. In the year 1913 the Yuyeh Association of Hunan Province authorized by Hunan Provincial Government and Yale-China Association organized the "Xiangya Medical Association" and established Xiangya Medical College (now renamed Xiangya School of Medicine) in the following year. In February 1915 Yale-China Hospital was renamed Xiangya Hospital, and became the teaching hospital affiliated to Xiangya Medical College. On October 18, 1915 the hospital moved to the place where the hospital is now located. In the spring of 1918 the hospital building was completed; it owned 120 beds and the best hospital building in China at that time. In the year 1942 the hospital building and facilities were destroyed by Japanese air strike. When Chinese people won the anti-Japanese war in August 1945, the hospital was rebuilt at the same site, and the number of the beds was increased to 250. On December 8, 1951 Xiangya Hospital was taken over by the People's Government, and was affiliated to Xiangya Medical College officially. On October 1, 1958 Xiangya Medical College was renamed Hunan Medical College, and Xiangya Hospital changed its name to the Affiliated Hospital of Hunan Medical College. At that time the hospital had 460 beds, 220,000 out-patients, and 6,000 in-patients per year, the number of which was the largest in China. In October 1958 the Second Affiliated Hospital was founded, so the hospital was renamed the First Affiliated Hospital of Hunan Medical College. In May 1978 Hunan Medical College entered the governing system of the Ministry of Health, and was renamed Hunan Medical University in December 1978. The hospital was renamed the First Affiliated Hospital of Hunan Medical University and had 760 beds. In 1992 the Hospital was renamed Xiangya Hospital. The hospital entered a period of rapid development, and the new surgery building was put into use with the beds increased to 1,085, and the hospital was rated Tertiary-A Hospital, which was among the first of its kind in Hunan province. When the Central South University was established through mergence of 3 Universities including Hunan Medical University in the year 2000, the hospital was renamed Xiangya Hospital of Central South University. Now Xiangya is 100 years old. In 100 years, Xiangya people have served the public health sincerely despite all the hardships and difficulties and fostered Xiangya spirit of "prudence, integrity, unity and enterprising". The hospital is reputed both in China and abroad for its strict management, excellent teaching and outstanding talents. As a large number of modern medical masters and famous medical experts such as Zhang Xiaozhen, Tang Fafan and Li Zhenjian were cultivated and working here, Xiangya was made famous by the saying: "Xiangya is the best in South (China)".

Through trials and hardships of a hundred years, Xiangya Hospital of Central South University has become a large-scale modernized comprehensive hospital integrating medical treatment, education and scientific research, and an important center of medical treatment, education and research under the direct administration of Ministry of Health. The hospital now covers an area of over 210 Mu, over 1,500 beds available for patients, over 2,300 registered employees, of which 84.7% are professionals and technicians, and 600 employees have titles higher than associate professor or its equivalent. In the hospital there are 51 clinical departments, 4 research institutes, 2 key labs of the Ministry of Health, and 3 research & training centers of the Ministry of Health. Currently the hospital has total capital assets of 1.5 billion Yuan, among them the equipments' value exceeds 300 million Yuan. The hospital has the large modern medical equipments such as Gamma Knife, DSA, CT, linear accelerator and magnetic resonance. Every year the hospital has over 1.3 million outpatients and ER patients, and over 50,000 inpatients, over 35,000 operations. The hospital develops over 100 new treatment techniques annually, and it leads China in the

Treatments including organ transplantation, large-area burn treatment, excision of base-of-skull brain tumors, endoscopy & minimally invasive therapy, hematological diseases, nasopharynx cancer and cardiovascular diseases. The clinic medicine and the combination of traditional Chinese medicine and Western medicine are first level disciplines authorized to grant doctorate degree and post-doctor stations. Currently the hospital has 71 doctorate supervisors, 57 of them are on the job, and 138 master supervisors. By the end of 2005, the hospital has cultivated 528 doctors and 969 masters, and has trained the international students from many countries and regions. The hospital offers training to over 3,000 students of other kinds of education every year. The hospital enjoys good reputation in clinical education and has a number of medical educators well known in China. From the year 1984, the hospital has borne over 1,800 scientific research projects at provincial or above levels, of which over 130 are at national level. The hospital has made over 290 scientific research achievements, of which 4 won the National Scientific & technological Progress Award. In recent years the hospital has been ranked among Top 10 of the hospitals in China regarding the published papers in source journals for Chinese Scientific and Technological Papers and Citations. Xiangya faculty maintains close academic relations with colleagues in over 20 countries and regions including the United States, Japan and France etc, and its comprehensive competence ranked at top level.

Xiangya Hospital following the motherland's progress under the kind care and support from the Party and the government is highly praised by the society. In last five years, the hospital has been entitled Advanced Institutions of National Health System, Top 100 Hospitals in China, Advanced Institutions of National Science Publicity, Advanced Institutions of National Professional Ethos Construction, Excellent Nursing Post in National Health System for the great contributions to the modern medicine and health service in China.

A new hundred years lies before our brilliant prospect, and we are now on the march for future great success. Currently, a modernized medical treatment building integrating clinic, emergency treatment, in-hospital and examination has been built with its floor space of over 260,000 square meters; it will be an excellent platform for the development towards the new brilliance of Xiangya Hospital. The classical red mansion with red walls and green tiles witnessed the unmatched great past century of Xiangya, and the new grand and modern medical treatment building promised the more rosy future of Xiangya. Xiangya, the witness and promoter of the development of China's modern medicine, will always keep breast with the motherland's progress and the renaissance of the nationality.
