The crouching dragon bay

天山 The Tianshan Mountains (摄影 范书财)

新疆，深居欧亚大陆腹地，位列亚洲大陆中心，有着“三山夹两盆”的地理格局(南有昆仑山，北有阿尔泰山，天山横亘中部，三大山之间有塔里木、准噶尔两大盆地)，容纳着世界上许多著名的大山脉、大冰川、大水系、大盆地、大沙漠、大绿洲、大草原……因而形成了新疆大地的千姿百态、风光旖旎、风情万种的自然景观。这里既有高插蓝天、云蒸雾绕的冰峰雪岭，又有遮天蔽日、松涛阵阵的原始森林和牧草茵茵、繁花似锦的辽阔草原；既有蜿蜒千里、纵横奔腾的名川大河，又有碧波万顷、鸥鸟翔集的高山湖泊；既有浩瀚无垠、神秘莫测的沙漠戈壁，又有阡陌相连、瓜果飘香的片片绿洲；既有野生动植物“自由王国”的天

然乐园，又有亿万年遗存的光怪陆离的地质奇观。因此，国内外人士称道新疆大地“显现出举世无双的恢宏博大、伟丽雄奇、苍劲豪放、绚烂多姿的风采”。正是由于新疆有得天独厚的天然景致，加上她的以“西域”“丝绸之路”为亮点的历史文化和多民族的人文色彩，所以越来越受到国内、国际旅游界人士的关注。

这本画册重点地选择了新疆20处目前知名度较高、具有一定代表性、交通又较方便的自然景观，以最新的图片、简要的文字向读者介绍。希望这本画册能为国内外人士到新疆旅游观光起到一定的向导作用。

新疆欢迎您，欢迎您走进令人神往的宝地！

Sunrise in the desert

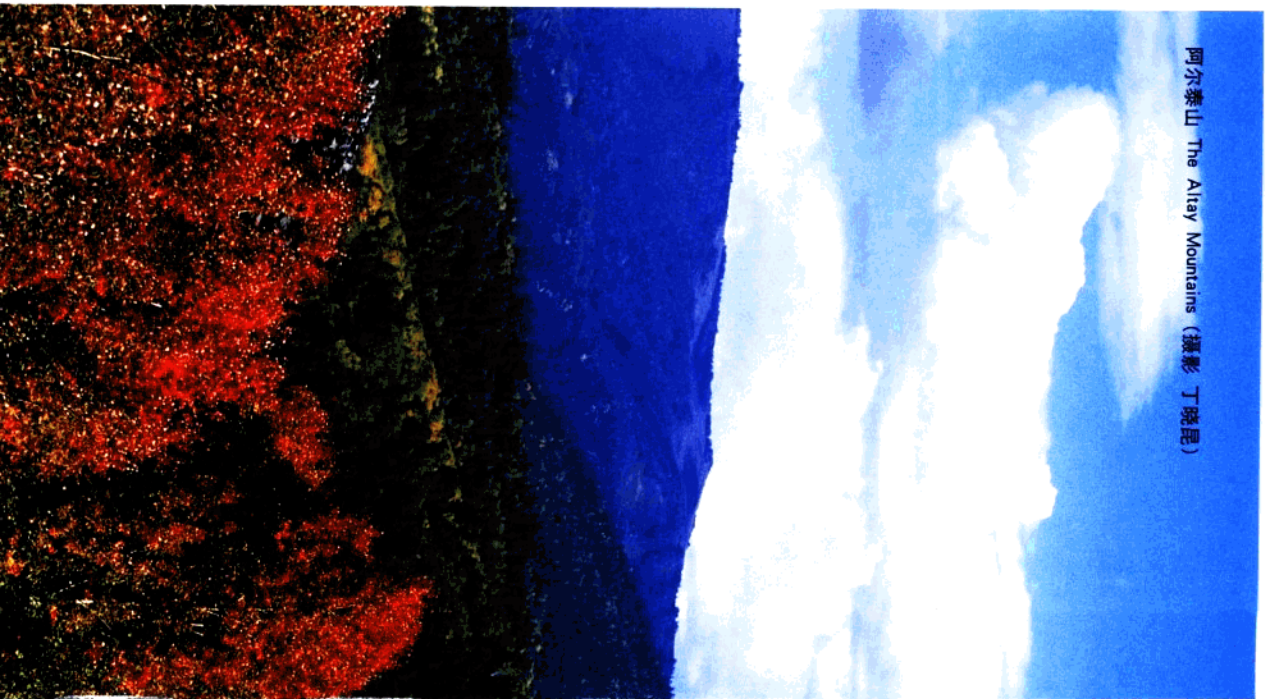

Forward

Xinjiang is situated in the hinterland of the Eurasian continent and lies in the center of the Asian continent with the geographical formation as "three mountains with two basins in between". The Karakoram Mountains in the south, the Altay Mountains in the north, the Tianshan Mountains straddling in the middle and form east to west, the Tarim Basin and the Junggar Basin sandwich between them. Containing many world-famous large mountain ranges, glaciers, water systems, basins, prairies....., which form the manifold, charming and colorful natural landscape. The exotic and unique geographical features have endowed Xinjiang with lofty mountains and plains, dense primitive forests, snow-capped towering peaks, vast and boundless desert, crystal clear glaciers and sparkling lakes with verdant meadows, sweet-smelling fruits oases, natural paradise for wild plants and animals and grotesque geological sights. Furthermore, the long history culture and diversified nationalities among the world -famous "West Region" and "Silk Road", makes Xinjiang become an attracting area .

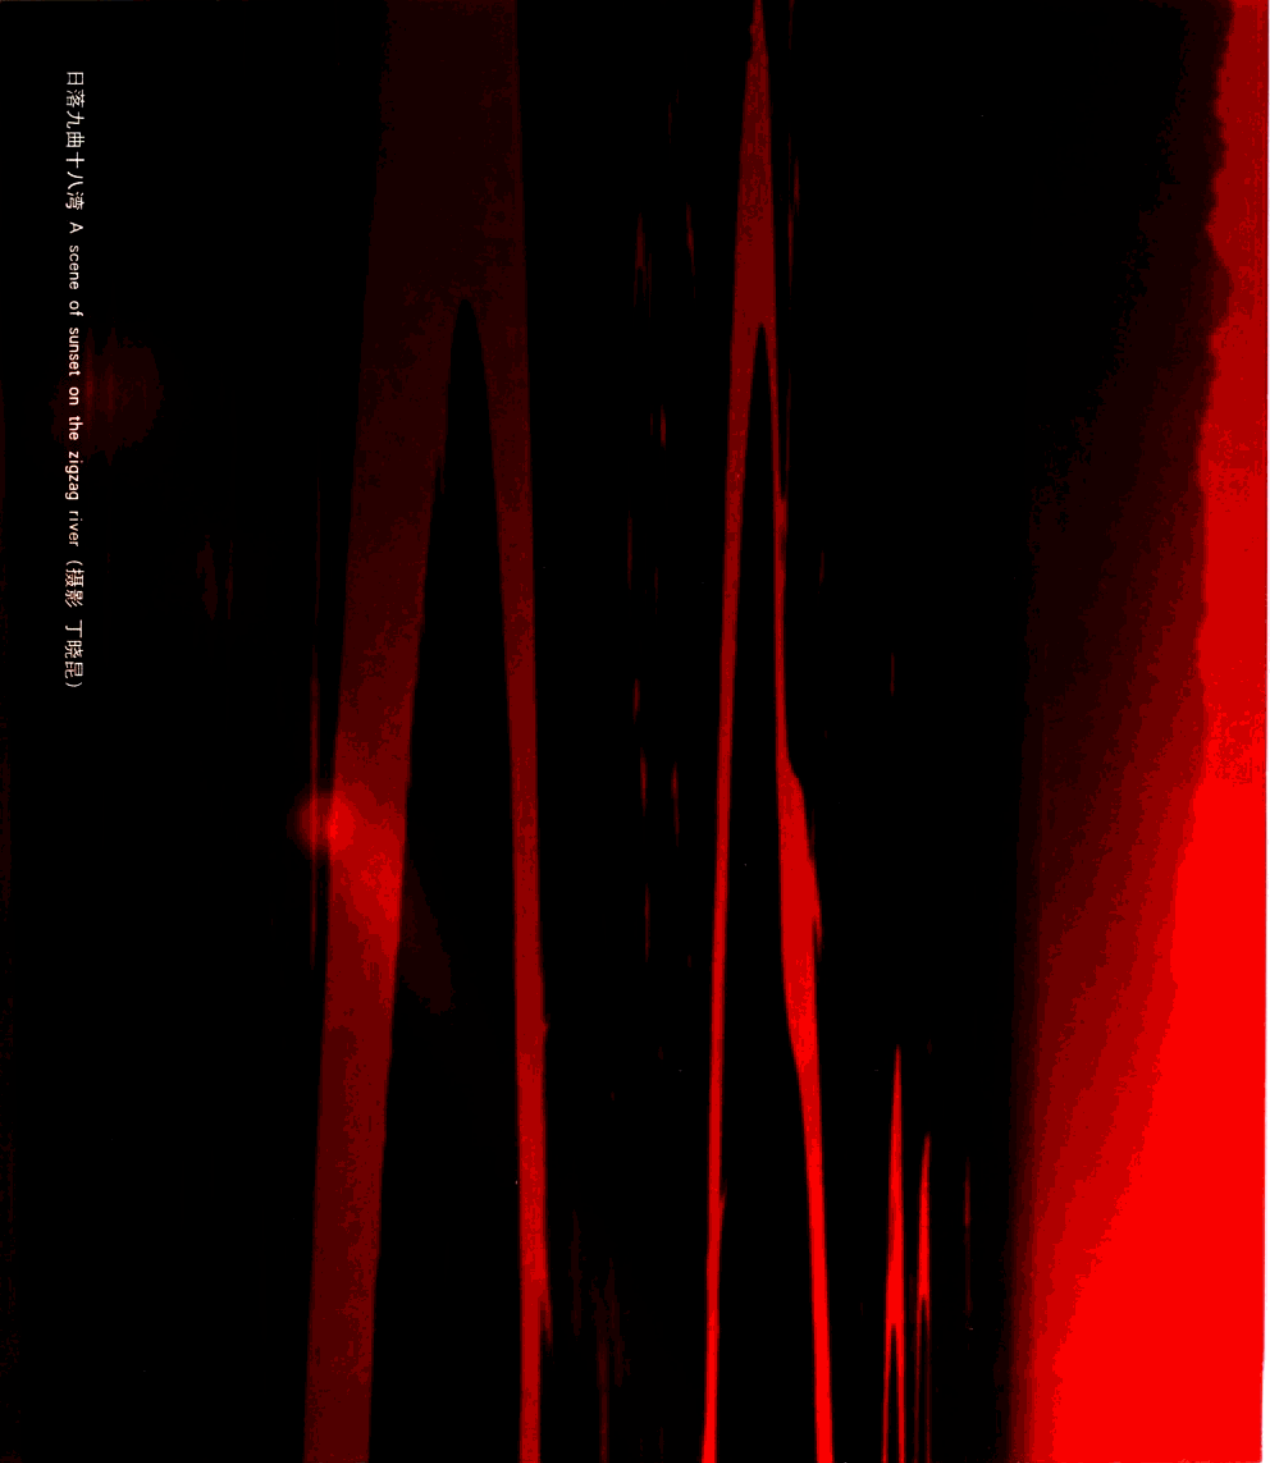

There are 20 well-renowned, typical natural sightseeings have been selected into this picture album with the newest pictures, brief introductions. We hope this album can be a good guide for the visitors from the home or abroad.

Xinjiang welcome you ! Welcome you to the charming area!
