Permanence member of China Folk-custom Photography Institute From 1979 to 2006, successively hold a post in Jiangxi Industrial Bank, China Huarong Assets Administration Company Nanchang Branch, Xian Branch, Sinkiang Tun

新疆古时为西域。这个充满诱惑的名字,这个管经遥不可及的地方,虽没有滨海港埠通向世界的广阔海域、却在久远的年代,仰仗着丝绸之路的畅通,积淀了东西方文化最古老、最丰厚的遗存。几千年来,众多的民族在这里生息、繁衍、迁徙;众多的文化在这里交汇、推击、吐纳、衍生、辉煌与沉积。1884年,清朝在此设立行省,"新疆"正式代替了"西域"这个古老的名字。

新疆的"疆"字本身就很神奇。左边上弓和下土代表了新疆辽阔土地上曾生活着以游牧、狩猎为生的人们;右边三横加两个田字,恰似新疆"三山夹两盆"的地貌;北部是阿尔泰山,南部是昆仑山,横亘新疆中部的天山山脉,把新疆隔为南北疆;南疆塔里木盆地环抱着浩瀚的塔克拉玛干沙漠,北疆淮噶尔盆地依偎着连绵的果园、良田和牧区。

新疆是我国面积最大的省份。新疆东西长约2000公里,南北宽达1600多公里。166万平方公里的面积,占全国的六分之一,足足相当于陕甘青宁四个省的面积总和,比十个江西省的面积还要大。"不到新疆,不知祖国之大"。只能穿越,而无法走遍的新疆,大得让你难以想象,大得让你留下许多记忆和牵挂。

新疆也是我国毗邻国家最多的地方。北接蒙古和俄罗斯,西连吉尔吉斯斯坦、塔吉克斯坦,西北通向哈萨克斯坦,西南与阿富汗、巴基斯坦及印度相接。新疆的边境线长达5600多公里,占全国陆地边境线的四分之一。独特的地理位置,以及周边国家的文化影响,形成了新疆独有的西域风情。

新疆是中国最美丽的地方。美景、美食、美女……美得让你难以言表。不同的季节有不同的风景,不同的地方有不同的风情。这里有中国第一火洲"吐鲁番",也有中国第二寒极"富蕴";这里有世界第二高峰乔戈里峰,也有世界第二洼地艾丁湖;这里有广阔美丽的巴音布鲁克大草原,也有浩瀚无垠的塔克拉玛干大沙漠;这里有神奇的魔鬼城,也有神秘的喀纳斯湖;这里有天山天池和四季冰川,也有火焰山和交河古城。它们之中的任何一个自然景观都是天造地设,浑然天成,没有刻意的包装,无须拙劣的点缀,不必牵强的附会,不用硬套的比附,大自然亿万年的演变,真实地裸露在眼前,让你迷醉、让你震撼、让你倾倒,让你觉得置身于一个无法走出的幻境,充满了神奇,充满了退想。

美丽的新疆,美丽的风光。新疆是个好地方,是个神秘的地方,是个极具诱惑的地方,是摄影家的天堂。

## **PREFACE**

In ancient, Sinkiang was called Western Region. This attractive name and once reachless place, although there are no shore and seaport leading to world, it accumulates the oldest and richest eastern and western culture relying on the Silk Road in the ancient time. Since more than thousands years, numerous nationality have lived and migrated here; all sorts of cultures are communicated, developed, and spread in Sinkiang. In 1884, the government of Qing Dynasty set up province here, "Sinkiang" formally replaced "Western region".

In Chinese character, the "Kiang" of "Sinkiang" is hieroglyph, it represents the physiognomy of "two basins among three mountains": in north, there is a Altai, in south, there is a Kunlun mountain, the Tianshan Mountain passes through the middle of Sinkiang, and divides it Into south and north part; the Talimu basin of south part surrounds expansive Takelamagan desert, the Zhungeer basin of north part close to uninterrupted fruit garden.

fertile land and pasturing area.

Sinkiang's area is the biggest among our provinces. It has 2000kilometers from east to west, 1600kilometers from north to south. Total area is 1.66million square kilometers, occupying the sixth of the country area. The area summation is equivalent with the total area of four provinces: Shanxi, Gansu, Qinghai and Ningxia, bigger than ten Jiangxi province. "If you haven' t been in Sinkiang, you will never know how big our country is". People can only pass through, but can't go all over the Sinkiang, you couldn't imagine how big it is, and it will leave you lots of memory and imagination.

Sinkiang's abutting countries are the most in our country. In north it neighbors Mongolia and Russia, in west, it is near Kirghizia Stan and Tajek Stan, in northwest, it leads to Kazakhstan, in southwest, connects with Afghanistan, Pakistan and India. The border line reaches more than 5600kilometers long, occupying one quarter of national land border. The peculiar geography and the culture influence of its neighboring countries, form the

characteristic western scenery.

Sinkiang is the most beautiful place in China. Beautiful scenery, wonderful food, and beautiful girls. The scenery changes with different season, every place has its peculiar scenery. There are the most hot continent "Tulufan", the second cold place "Fuyun"; there are the second higher mountain of the world "Qiaogeli" mountain, and the second billabong of the world Aiding Lake; there are roomy and beautiful Bayinbuluk prairie, and expansive Takelamagan desert; there are supernatural devil city, and the mysterious Kenas Lake; there are Tianshan mountain, Tian pool and glacier, also has Flame mountain and Jiaobe old city. Any one of them is a purely natural, no manual work of people, all are the works of God through hundreds of millions evolvement. It exhibits its characteristic charm in the world, makes you fill with astonishment and imagination.

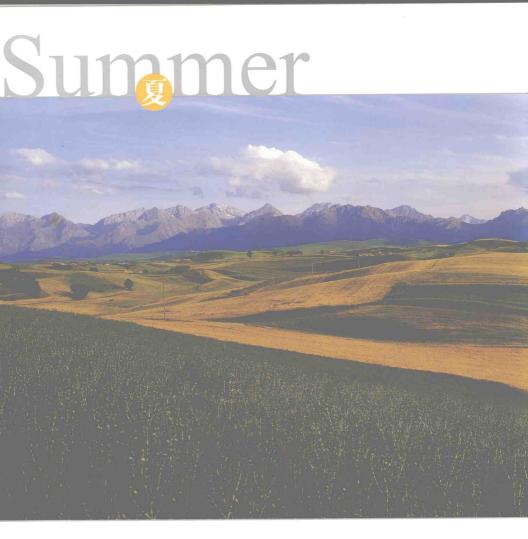

Beautiful Sinkiang, beautiful scenery. It is a wonderful, mysterious and attractive place.

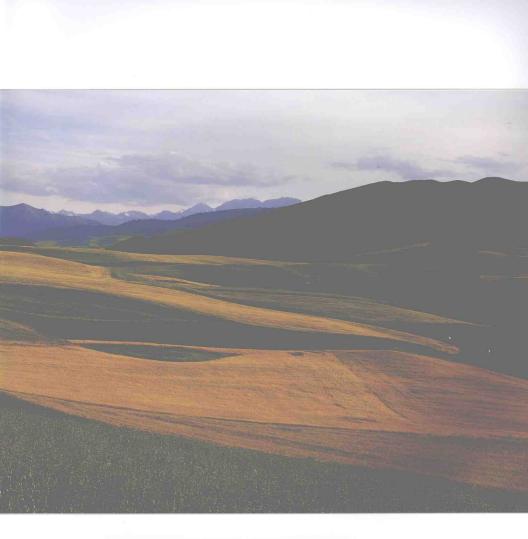

It also is a paradise of photographers.

日 Contents 录

新疆的春天虽然来得晚一些,但着实迷人。

大地吐绿, 万象更新。一场春雨过后, 仿佛世间所有的颜色都被泼 洒到绿草之间。那盛开着的红、黄色野花, 满山遍野, 一望无际, 让你 从心灵的深处感触到这是经历了漫长的严冬之后, 瞬间迸发出的色彩。

草原的天空总是那么碧蓝的,这是生命中最深邃动人的蓝天。大朵 大朵的白云在风中寂静的飘浮,低低的压迫着视野,伸手可及。有时荫 蔽了阳光,就会在山间浅浅的绿地上投下大片游移的阴影,象是淡淡的梦 魔。

极目眺远, 毡房炊烟袅袅, 山间云雾缭绕。草原上那些洁白的羊 群, 好似一颗颗珍珠, 正低着头贪婪地啃食着绿草。放牧的哈萨克人悠 闲的躺在草坡上, 尽情地沐浴着春天的阳光, 一切是那么的宁静, 那么 的和谐。他们在放牧的同时, 也在放飞自己的心情。

The spring of Sinkiang comes later, but actually is very charming.

The field changes green, every thing awakes. After the first raining of spring, it seems all colors were in green, the flourishing red and yellow flowers were all over the hill in one night. It blossoms suddenly after long period of cold winter.

The sky in plain is always blue, and is the most profound blue in life. White cloud is floating in the calm wind. They are very lower, as if you could stretch out your hand to touch them. Sometimes, the sun hides behind the clouds, there are cloud shadows left in the green field, moving slowly.

Looking into the far distance, smoke is curling upwards around the camps. The white sheep, like pearl in the green land, are eating the green grass. The herding Kazakh are lying in the slope leisurely, bathing in the spring sunshine. It is so calm and harmonious. When they are herding sheep, they also are enjoying the natural beauty and relax themselves.
