VI. 完型填空(本题共 10 小题, 每小题 1 分, 共 10 分)

Most English people have 1 names: a first name, a middle name and a family name. Their family names come 2. For example(例如), my full name is Jim Allen Green. Green is my 3 name. My parents gave me both of my other(另外的) names. People don't use(使用) their 4 names very much. So "John Henry Brown" is usually called "John Brown". People never(从不) use Mr., Mrs., or Miss before their first names. So you can say John Brown or 5, 6 you can't say Mr. John. They use Mr., Mrs. or Miss 7 the family name but never with the first name. I think this is 8 from Chinese names. 9 Chinese, the first name is the family name, and the last name is the given name. For example, a man called Zhou Jian puts his family name Zhou 10.
