Preface

Tai Ji Quan, which captivates the people all over the world, is a sports with rich connotations. Ever since it is introduced to the world, it attracts more and more people with the unique forms, the profound cultural characteristics and the remarkable affection on people's health. In the high civilized and modern 21 century, people seek for a more natural and harmonious life and a strong and healthy physique which are the function and purpose of Tai Ji Quan. And just because of these, Tai Ji Quan is developing fast on its own way from Deng Xiao - ping's inscription "Tai Ji Quan is good" to the demonstration done by 10 000 people in Tian An Men Square, from the cities to the countries and from China to the other countries in the world. Nobody can tell exactly how many people are learning and practicing Tai Ji Quan and how many organizations of Tai Ji Quan there are in the world. Unfortunately, the participants feel sorry and disappointed for not having a good and practicable book for them to follow, especially for those foreigners who know little about Chinese and Chinese Wu Shu. The competition routine of Tai Ji Quan is issued and

standardized by the nation for the purpose of the competition and keeping fit which becomes quite popular both in China and in the world. In order to help the participants all over the world for learning and practicing this routine, we present this series of guide which is a Chinese – English bilingual edition to meet your needs.
