The softest, lushest pullerows meet into a blouse... when it's tucked in and topped with a soft jacket. Billy Spence's honeyfury grays pull, opposite, has a neckline frayed edged with cables. The collar stays fashionably high at back of neck. In a Bonger de Nord design, Frenchwood's shawls blend. Short, 1745, Zena Zinda's short saddle shoulder workwear pull, this pump, is plaited all over in a mix of olive, brown, and beige. The pump's a 1990s classic from Rappaport. Anne Klein coat, 2002.
