2005年4月20日，参加“巩义一日”摄影活动的30多位优秀摄影家，从河南各地云集春意盎然的嵩山北麓，把镜头对准这座在改革开放中迅速崛起的中原名城。随着24小时里摄影家忙碌的身影和快门的不断闪动，这普通的一天，真切而生动的定格在巩义的历史长卷中。

巩义市位于河南省中部，伊洛河在这里注入黄河。

登上邙岭，鸟瞰两水交汇，黄河黄伊洛清，相环相拥又泾渭分明，形成一个巨大而清晰的太极图形，自然的奇观似乎印证着这里古老的河洛文明。这块土地上产生的河图洛书、伏羲画卦、洛神嫫娥、后羿射日、尧舜禹禅让等神话传说，把中华民族的源头演绎得诡谲绮丽，也开启了巩义神采飞扬的历史。

这里四处分布的裴李岗文化、仰韶文化和龙山文化遗址，记载着远古先民刀耕火种、繁衍生息的踪迹，闪烁着华夏文明的曙光；铁生沟汉代冶铁遗址的宏大规模和拥有的达到现代球墨铸铁标准的先进技术震动中外，改写了我国球墨铸铁的历史；大力山下的北魏石窟寺，飞天袖舞，佛祖宝相，发出1500年前佛教文化的华丽回响；公元712年，伟大诗人杜甫诞生在巩义笔架山下的窑洞里，诗圣的英名和他的光辉诗篇与这片土地紧紧联系在一起为世人景仰；山野禾稼间的北宋“七帝八陵”，使这里成为整整一个鼎盛王朝的最后归宿；依山矗立的康百万庄园，精雅屋宇，森严高墙，遥见清中叶至民国时期豫商的强盛与风采；民国初年全国四大兵工厂之一的孝义兵工厂在日寇狂轰滥炸下仅存的水塔依然耸立，地下绵延十多华里的防空洞完好如初，标志着巩义现代工业文明的开端……

丰厚深邃的文化蕴藏，并不使这里显得苍老。山花烂漫浮戏山、晨钟暮鼓慈云寺和雄浑险峻的嵩阴三大风景区以及众多的自然名胜，把无数历史风云和华夏文脉融汇在丛山碧水间，生发出一种风雅宜人的气韵和清朗激越的格调。行走水光山色里，又似穿梭古今间，是这座城市最为诱人的魅力。

然而，更能吸引人们目光的，是巩义向现代化新兴工业城市迈进的惊人速度与这里发生的历史巨变，是这片热土散发出来的昂扬奋进的精

神和奔腾向前的活力。改革开放20多年来，巩义人民以不甘平庸、越挫越奋的斗志，跳出“农”字找出路，围绕工业做文章，以工业化带动城镇化，以城镇化促进工业化，走出了一条独具特色的县域经济发展之路。目前，已初步形成了煤炭电力、金属冶炼、耐火材料、水泥建材、化工化纤、机械设备、电线电缆七大支柱产业，拥有包括三家上市公司在内的一大批规模大、实力强、效益好的企业集团，创造了多项我国工业之最：华德永佳地毯有限公司的产销量连续8年位居全国第一，回郭镇铝加工能力为全国之冠，众生制药有限公司在全国同行业遥遥领先，中州化纤有限公司为我国中西部地区最大的烟用丝束生产企业，全国90%以上的大型钢铁公司在使用耕生集团的耐材产品，永通特钢股份有限公司为全国唯一一家民营特钢企业，恒星金属制品有限公司是我国中西部地区最大的钢帘线生产基地……工业的崛起有力地带动了各行各业的快速发展和社会的全面进步，1992年以来，巩义市连续13年综合实力名列河南省县（市）之首，连续7届跻身全国百强县（市），赢得了“中原第一县”的美誉。

巩义是中原大地改革开放、飞速发展的一个缩影，是一座让人振奋、给人鼓舞和希望的城市。今天79万巩义人民正在时代大潮中奋笔书写着世纪新篇，1041平方公里的土地上处处回响着巩义人民奋发向前的铿锵足音。昔日的荣耀伴着今天的辉煌，闪烁在摄影家们捕捉的每一个瞬间。2005年4月20日已从日历上消失，但《巩义一日》将使这普通的一天，成为巩义新崛起的历史见证。我们谨将这本画册作为一帧巩义名片，呈献给四海宾朋，送上一份友好的邀请与期待。

## Preface to "A Day in Gongyi"

Over 30 excellent photographers attending "A Day in Gongyi" activity gathered at north foot of Mount Song on April 20, 2005, while their lens also focused on the rapidly booming and famous city in reform and opening up. With silhouette of busy photographers and constant flashing of shutters, a common day has been recorded down in the history of Gongyi city.

Gongyi city is located in central Henan province, with Yiluo river flowing into the Yellow River here.

If we climb onto mountain Mang, we can have a bird eye-view of meeting of the two rivers. Yellow water from the Yellow River and clear water from Yiluo River are embracing and distinctively different, which forms a huge and clear Taiji figure, and natural scenes here have proved existence of ancient Heluo civilization. Books and pictures of the land, and such myth and legends of Fuxi divining, Luoshen goddess Chang'e, Houyi shooting suns, and demising of Emperor Yao, Shun and Yu have beautifully deducted origin of Chinese nation and started glorious history of Gongyi city.

Peiligang culture, Yangshao culture and Longshan cultural relics distributed everywhere have recorded traces of ancient forefathers farming and growing with knives and fire, which was start of Chinese civilization; great scale of iron smelting relics of Han Dynasty in Tieshenggou and advanced technique reaching standard of present spheroidal graphite has greatly shocked the world, which has changed China's history of spheroidal graphite iron; Shiku (grotto) Temple of North Wei Dynasty arrayed at foot of Dali Mountain holds sculptures of Buddhist and flying elves have reappeared Buddhist culture of 1500 years before; great poet Du Fu was born in a cave of Bijia Mountain foot in Gongyi in 712AD, whose fame and great poems have been closely connected with the land and admired by offspring people;

"eight mausoleums and seven emperors" of North Song Dynasty among crops on the field has made the place destination of a whole prosperous dynasty; Kangbaiwanzhuang Garden standing along the mountain has delicate rooms and tall walls, which can reflect power and demeanor Henan businessmen from Middle Qing Dynasty to the Republic of China; as one of the four national arm-shops in early period of Republic of China, water tower of Xiaoyi Arm-shop still stands after indiscriminate bombing of Japanese invaders, while 15 Hua li long underground air-raid shelter is complete, which is also symbol of modern industrial civilization...

Profound and rich cultural heritages don't make the place appear old, while the three scenery areas of Fuxi Mountain with beautiful flowers, Ciyun Temple with dawn bell and dusk drum, Songyin with great and risky cliff, along with man other places of natural interest, have combined historic events and Chinese culture with the clear water and green mountains, and formed an elegant air and clear pattern. The most attractive charm of the city is to walk surrounding with mountain and water, and feel crossing ancient times and reality.

However, what attracts people most is the shocking speed and historic changes of place in stepping to a modernized and industrial city, up-lifting spirit and ahead vigor. In the past over 20 years after reform and opening up, people in Gongyi were unwilling to be mediocre, and strived to leap out of “agriculture” to find ways out, surrounding industry to drive forward urbanization, and urbanization mobilizing industrialization, and has found a unique county economic development way. Currently, the city has formed seven pivot industries of coal and electric power, metal smelt, fire-proof materials, cement and other building materials, chemical fiber, mechanical equipments, and wires and cables, owned a large amount of great scale, strong and profitable enterprise groups, including three listed companies, and created many national best: production and sales of Huade Yongjia Carpet Co., Ltd. has been No. one for 8 years; aluminum processing capability of Huiguo town has been the top of the state; Zhongsehg Pharmaceutical Co., Ltd. has taken lead in the trade; Zhongzhou Chemical Fiber Company is the biggest tobacco used thread binding production enterprise in central and west regions of China; over 90% of large steel companies in the country area using bearing products of Gengsheng Group; Yongtong Special Steel Co., Ltd. is the only one private owned special steel enterprise and Hengsheng Medal Products Co., Ltd. is the biggest steel shades production base in central and west regions of China... Growing up of industry has brought rapid development of different trades and all-around social progress. Since year 1992, Gongyi city has been listed at the top for comprehensive forces in counties (cities) of Henan province for 13 years, and ascended into Top One-hundred Economic Counties (cities), and obtained the fame of “Top County in Central Plains”.

Gongyi is an epitome of Central China’s reform and opening up, and rapid development, and is a city giving people courage and hope. 790 thousand people in Gongyi are making more innovations in the new century, and their striving spirit is reflected everywhere on the 1041 square kilometers’ land. Glory of the past and today are flashing in the catches of photographers. April 20, 2005 has disappeared from the calendar, however “A Day in Gongyi” will make the ordinary day a historic witness of new development. We’d like to send the picture album as a business card of Gongyi to friends all over the world, and send our friendly invitation and expectations.
