教育话题

		•		
			•	

- ▼ The uneducated person, on the other hand, is either unable to do something new, or does it badly.
 相反地,一个未受过教育的人不是无法做好新事情,就是做得很糟。
- ▼ Through systematic study in school, children can learn how to study, how to create and how to be a human being.
 通过在学校的系统学习,孩子们都能学会如何学习、如何创造以及如何做人。
- ♥ It is common for university students to share their dormitory rooms with another student, and at some universities this is required.

对于大学生来说,和另一个学生同住 宿舍是很常见的事,而且在有些学校 还是明文规定的。

♥ First, it is usually located on the campus and so it is very convenient for students to get to their classes, the library, and other university facilities.

首先,宿舍通常都在校园内,因此对 学生来说,不论要去上课、去图书 馆,还是要去使用校内其他设施都很 方便。

♦ This would allow me to make friends and get accustomed to school life without the distraction of having to worry about my daily needs.

这会让我有交友的机会, 并且熟悉校

园生活,不用因为一些日常所需而 分心。

◆ One reason that higher education should not be limited to good students is that not all secondary students study in equal circumstances.

高等教育不应该只限于给予好学生。 原因之一是,并非所有的中学生都在 平等的环境中学习。

Finally, a better educated population contributes to the growth and prosperity of a society as a whole.

最后,就整体而言,人们的教育程度越高越会促进社会的发展与繁荣。

♥ Furthermore, by denying higher educa-

tion to students who do not make their marks in their secondary education, the country may be ignoring a future Einstein.

此外,国家如果不让高中成绩未达标 准的学生受高等教育,可能会因此埋 没了一个未来的爱因斯坦。

★ However, with their busy schedules, many students may not have the opportunity to exercise at home and so may become weaker.

然而,由于学业繁忙,许多学生在家 里可能没有机会运动,因此身体可能 会变得比较虚弱。

♦ As fitness is such an important ingredient of success, I believe that schools should

require students to engage in some physical activity every day.

由于健康是成功非常重要的因素之 一,我认为学校应该要求学生每天做 一些体能活动。

They not only develop strong bodies but also valuable social skills such as teamwork and leadership.

他们不只锻炼强壮的身体,而且还培 养宝贵的社交技能,比如团队合作及 领导才能。

◆ One is that if children spend too much time practicing sports, they may neglect other responsibilities, such as their studies.

其中之一就是,如果儿童花太多时间

运动,他们可能会忽视其他的责任, 比如学业。

✔ In conclusion, I believe that the practice of sports is a good thing for children, but it should be done in moderation as part of a balanced education.

总之,我认为运动对儿童来说是一件好事,但是要适度,并把它当作是均衡教育的一部分。

✔ I frown when I hear people suggest that job-oriented programs should get a bigger share than traditional ones in curriculums of tertiary educational institutions in the hope that graduates can get easy access to employment.

每当我听到人们建议以求职为目的的

课程应该在高等教育中占主导地位, 从而使学生能够很容易找到工作的观 点时,我都不是很赞成。

Every subject performs a unique and important role in a student's personal and mental development.

在学生个人和智力的发展过程中,每 一门科目都起着与众不同而且重要的 作用。

▼It is true that practical courses like computer science and business courses are
very useful and students who are adept at
them will have a unique advantage in
seeking a job.

的确,像计算机科学和商务这种实用 课程对学生非常有用处。那些熟练掌

握这些课程的学生在寻找工作的过程中具有得天独厚的优势。

▼ This knowledge, which may seem less practical, is fundamental and necessary to shape students as useful members of society.

这些知识,看上去好像不是很实用, 但他们却是培养学生使之成为社会的 有用人才应具有的基础和必备知识。

- ◆ A graduate with a wide range of knowledge besides his specialized and practical skills will get on better in society, and such a society will better off as a result.
 - 一个既懂得专业技术和实际技能又学识渊博的毕业生能够很快地适应社

会,这样的社会也会越来越好。

- ✔ Art and music are interesting and beneficial subjects for many people, but not all, and some students may prefer to spend their time on other subjects.
 艺术和音乐对许多人而言不但很有趣,而且是有益的科目,但并非对所有人都是如此,有些学生可能宁愿把时间花在其他的科目上。
- ◆ Although courses such as art and music can broaden the mind, uninterested students will probably not gain much benefit from them.

艺术、音乐等课程虽然可以拓展我们 的心智,但不感兴趣的学生或许无法 从中得到太多益处。 As this society is made up of males and females, a segregated school consisting only of members of the same sex cannot serve this purpose well.

由于社会是由男性和女性组成的,因此只由同性组成的学校不能够很好地满足这方面的需要。

- ✔ In this way, boys don't grow up imagining that women are mysterious creatures and girls don't grow up scared of men.
 这样,男孩在长大之后不会觉得女孩很神秘,而女孩也不会对男孩产生恐惧。
- Those against co-education hold that the environment will probably lead children to puppy love which will then serve as an
