前言

东莞市东城区，原本只是一个依附在城市边沿的乡村小镇，在改革开放的大潮中，东城人民敢为人先，勇于进取，他们云帆高挂，乘风破浪，在这片出产荔枝、龙眼、水稻、甘蔗的土地上，描绘出一幅既大气磅礴又清新淡雅，既现代前卫又秀美妩媚的瑰丽画卷。

如今 110 平方公里的土地上，高厦林立、街道纵横、树木葱郁、社区恬静，一个宜居宜商的南国都市新区已然形成。盛世新景触发了许多市民的拍摄兴趣，或者说东城的高速发展让许多摄影发烧友不能自己。他们惊喜于身边的诸多变化，陶醉于家园的美好和谐，于日新月异中寻找内心的感动，在繁华热闹中品味缕缕诗情。他们用镜头记录下了城市前进中的一个瞬间，从各种角度、各个层面领略她的优雅与风韵，留下了许多可资品味的作品，我们从中挑选了一部分，组成了这本摄影集《博看东城》。

所谓“博看”，是指拍摄者的广泛众多及他们年龄、职业和经历的诸多不同，同时包含拍摄对象的丰沛宏博、包罗万象。正是这些来自方方面面，摇曳多姿且充满感性的叙述，让我们读到了一个关于城市脱胎换骨、崛起的现代传奇，也对东城这片珠三角地区的热土有了更全面、更深入的认识。

东城已经翻开了新的一页，并将继续书写新的篇章。《博看东城》展示的只是她的一些历史片段。我们珍藏这些片段，并以此向这些历史的创造者表达由衷的敬意。

PREFACE

Dongcheng District of Dongguan City, formerly a country town, has developed into a scenic, developed and modern district. It should definitely give the credit to its people, who were courageous and progressive amid the tide of reform and opening up and who braved winds and waves and spared no pains to make it a fertile land.

Today on this beautiful 110-sq.km. land stand high-rise buildings, lay crisscross streets and grow flourishing trees and flowers. An agreeable urban district suitable for both commerce and dwelling begins to take shape. Its fine views and prosperity arouse the interest of quite many citizens, or in another word, its rapid development is fascinating to a large number of photography enthusiasts. They are always pleasantly surprised by the varied changes around them and enchanted by the beauty and harmony of home. They are always trying to get touched along with never-ending changes in life and to enjoy the tranquil moments in the hustle and bustle of day. They capture moments of all kinds one shot after another and appreciate the elegance and charm from different angles. They have contributed a lot of tasteful works. We pick some out of them and make a photo album, namely *Vision Dongcheng*.

The reason why we call it “Vision” is because the photographers are varied from age to age, profession to profession and experience to experience and the subjects may cover and contain everything. Thanks to such varieties and diversities, we can see the reborn and rise of the city, and also have a deeper and all-round understanding of it.

Dongcheng is turning a new page for its development and will keep moving ahead. *Vision Dongcheng* only displays some of its historical fragments and on this account, shows genuine respect to these history makers.

华丽新城

一位家住星河传说小区的市民曾经这样回忆二十年前初到该地的情景：蔗田连绵，蕉林葱郁，稻浪翻滚，阡陌纵横。现在，还是在他当年站立的地方，已经矗立起一幢幢标新立异的大厦，富丽堂皇的星河城就不必说了，稍远处是热闹繁华的世博商圈，童话般的金月湾，高耸云端的东海阳光和巨帆般的区行政中心和御景大厦。如果把目光再放远一点，还可以看到 68 层的仿榧体式的环球经贸中心和正在兴建的同样耸入云天的万达广场。这些华丽的建筑以各自不同的造型和气度展示着这片被誉为东莞城市封面的城市新区的独特魅力。

A Beautiful New City

As recalled by a resident now dwelling in DynaTown, who came to Dongcheng two decades ago, Dongcheng was full of sugarcane fields, banana trees and rice fields, with paths crossing through. But now standing right at the place where he stood then, he can only see unconventional high buildings and large mansions, not to mention the magnificent DynaCity Shopping Center. Not far away there stands the bustling Global Business Area, the fairy tale Moon Bay Garden, the towering Sunshine Place, the sailboat-shaped Administration Center and also the Yujing Building. When you look further ahead, you will see the 68-floor spindle-shaped World Financial Center and also the soaring Uanda Plaza which is still under construction. All these grand buildings, distinguishable both in shapes and atmospheres, are essential elements to make the city unique and charming.
