议论文

Failure Is the Mother of Success

失败是成功之母

We middle school students have had many tests or exams. We have both achieved success and suffered from failure. Different students take different attitudes to failure.

Some fall in low spirits when they don't do well in the exams. They usually lose heart and no longer study hard as before. But most students take an active attitude towards failure. They encourage themselves to be self-confident. They found out and analyze the causes so that they will no longer make similar mistakes.

I agree with those with active attitudes. As we all know, failure is the mother of success. Even great men have failed many times before they succeeded. So we must deal with our failure correctly.

我们中学生有很多测试或考试。我们曾取得成功也曾遭受失败。不同的学生对失败持有不同的态度。

有些人因没有考出好成绩而情绪低落。通常他们会失去信心，不再像以前一样努力学习。但大多数学生会用积极的态度对待失败。他们鼓励自己要自信。他们会找出并分析其原因，以便他们不再犯同样的错误。

我同意那些抱积极态度的人。我们都知道，失败是成功之母。即使是伟人，也是在失败了许多次以后才取得成功。所以必须正确对待我们的失败。

The Early Bird Will Catch Worms

早起的鸟儿有虫吃

An old saying "The early bird will catch worms" reminds us that if people want to be successful and outstanding, they must plan ahead of time and make their efforts to overcome all the possible difficulties.

A case in point is my learning experience. I was good at English, but I couldn't pass the exam, for I wasn't prepared well before the examination. I had many things to solve at that time. As I met the complex things, I was at a loss. The reason was that I had no plan and involved in many things and didn't study more hard, so I failed.

In short, the saying shows us the importance of planning, working hard and constantly trying.

Secondhand Goods 二手商品

In recent years, there are more and more secondhand goods in the market. Why do so many people like to buy secondhand goods?

The following reasons can account for this phenomenon. Above all, secondhand goods are cheaper than new ones. Moreover, secondhand goods transactions make it possible for people to make good use of the goods which may be useless in their hands. Besides, Internet provides a more convenient and quicker transaction platform for secondhand goods.

However, there are also some problems in secondhand goods transactions. For example, the quality of secondhand goods can not be promised. In a word, I think secondhand goods transaction is a good trading way except that its rules needs further perfection.

Watching Movie in the Cinema or on the Internet? 去电影院还是在网上观看电影？

Nowadays there are fewer and fewer cinema-goers. However, more and more people will watch movie on the Internet. There are some reasons for this social phenomenon.

Firstly, film tickets are too expensive, while it's free to watch them on the Internet. Besides, it is time-consuming and inconvenient to go to the cinema. Nevertheless, you need not go out but just need to switch on the computer at home. Most important of all, if you don't like one program on the Internet, you can turn off or choose another one.

As for me, I prefer watching movie at home since it can not only save time and money, but also make me feel at ease.
