故事 Fable

山羊

The Mountain Goat

一只山羊停下来想从一口有魔力的泉眼 里喝水。泉水亮晶晶的,很纯净,看起来非 常可口。当山羊正准备咕嘟咕嘟地大口喝水 时,突然听到有人尖叫:

"不要喝这里的水。你会死的!"

mountain goat stops to have a drink from a magical well. The water is so shiny, so pure, and looks so tasty. As the goat is ready to slurp, someone screams:

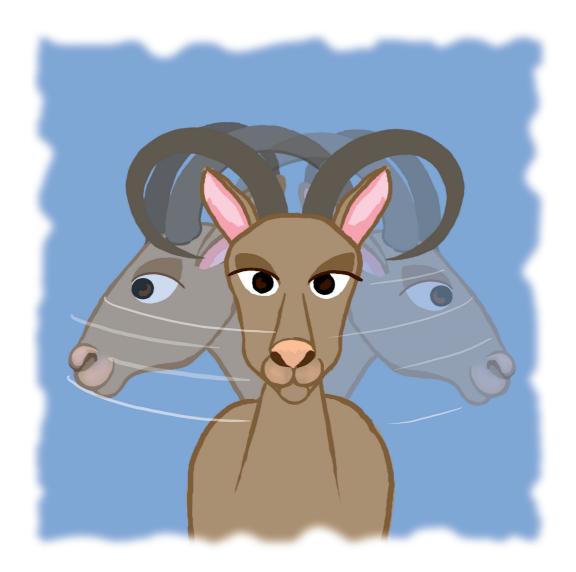

"Do not drink the water. You'll die!"

当山羊正准备咕嘟咕嘟地大〇喝水时, 听到有人尖叫······

As the goat is ready to slurp, someone screams...

山羊环顾四周,并没看到任何人

The mountain goat looks around and sees no one

山羊环顾四周,并没看到任何人。因为 警告而中途停了下来的山羊,再次走向闪闪 发光的水,正当她准备喝水时,又听见刚才 的尖叫声:

"不要喝这里的水、你会死的!'

he mountain goat looks around and sees no one. Stopped in mid-motion because of the warning, the goat steps toward the sparkling water again, and just as it's ready to finally have a drink, the same voice screams:

"Do not drink the water. You will die!"

就在泉眼边上,山羊看到了成千上万个 名叫细菌的小生物,甚至还有一些病毒。 "你们是谁?是从哪里来的?"山羊 问道。

nd there, just on the edge of the well, the goat sees thousands of little creatures called bacteria and even some viruses.

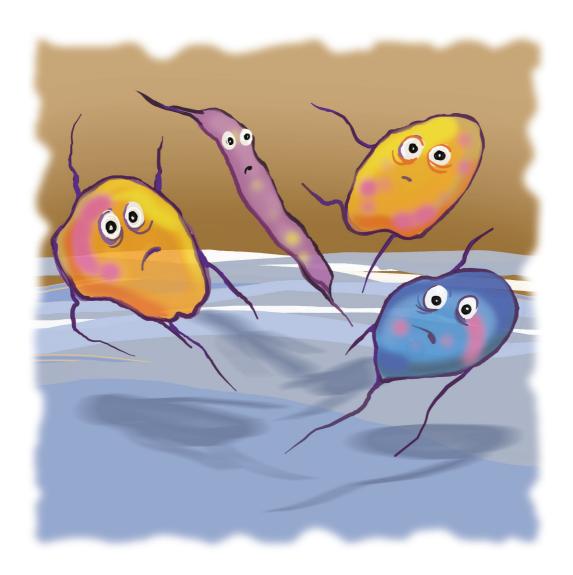

"Who are you? Where do you come from?" asks the mountain goat.

你们是谁?

Who are you?

我们从水里被赶了出来!

We have been expelled From this water!

"我们是细菌,我们从水里被赶了 出来!"

"从水里被赶了出来?我不知道水有什么能耐能把你们踢出来。你们是不是太淘气了?"

e are bacteria, we have been expelled from this water!"

"Expelled from the water? I did not know that water had the power to kick you out. Were you naughty?"

"不,不是的。我们很乖的。但当水变得越来越冷,它就开始收缩,并且变得越来越黏稠,直到所有东西都从水里被踢了出去: 盐分、矿物质,甚至我们。"

"什么?连盐分和矿物质也从那里被赶了出来?"

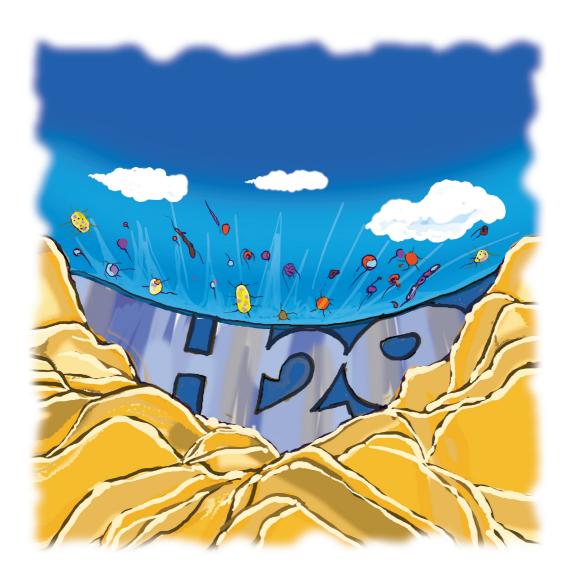

"当然,当水温下降到 4 摄氏度,水里就什么也留不下来了。它收缩到没有空间留给任何东西。只有水的核心叫做 H₂O 的留了下来。"

h no, we are nice. But as water gets colder and colder, it shrinks up and gets dense, up to the point where everything is kicked out: salts, minerals, and even us."

"What? Even salt and minerals are kicked out of there?"

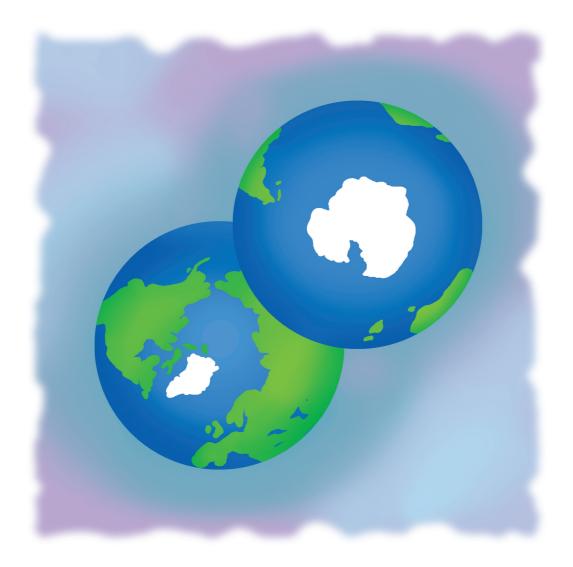

"Certainly, when water reaches 4 degrees Celsius nothing is left inside the water. It shrinks so much that there is just no space for anything. Only the heart of water called H₂O is left."

水收缩到设有空间留给任何东西……

It shrinks so much that there is just no space For anything...

这就是为什么南北两极的冰 设有任何盐分的原因

That is why ice at the Poles has no salt anymore

山羊若有所思地"嗯"了一下,"这就是为什么南北两极的冰没有任何盐分的原因。"她又想去喝水了。

"不,请不要喝这些水!"

Uhm," muses the mountain goat. "That is why ice at the Poles has no salt anymore," and again she tries to have a drink.

"No, please do not drink the water!"
