前 言

吉林省地处祖国东北边陲,山清水秀,物产丰饶,文化发达,交通便利。

新中国成立以来,特别是十一届三中全会以来,在党和各级政府的关怀与支持下,吉林省的教育事业有了骄人的成绩。

1993 年与 1949 年相比,全省幼儿园由 8 所发展到 1971 所,小学由 7737 所发展到 10572 所,普通中学由 80 所发展到 1888 所,普通中等专业学校由 11 所发展到 119 所,普通高校由 3 所发展到 43 所;职业中学、技工学校、成人学校、成人中等专业学校均从无到有,分别发展到 317 所、149 所、92 所和 152 所。每万人口学生数居全国前列。

我省普及九年义务教育工作位居全国先进,是国家首批验收的七个省市之一;职业技术教育起步早;普通高等教育门类齐全,实力雄厚,其中有中国科学院院士 9 人,博士生导师 214 人;朝鲜族教育比较发达;全省办学条件有较大改善;对外交流在不断扩大。

为了促进教育更好地为把我省建设为发达的边疆近海省服务,为了展示我省教育成果,我们编印了这本画册。因高教部分已出过画册,这次不再列入。

热烈欢迎国内外教育界人士来我省参观指导。

Foreword

Jilin Province is situated in the Southeast frontier of the country. It has picturesque sceneries, rich and fertile products, flourishing cultures and convenient traffics.

Since the foundation of new China, especially after the Third Plenary Session of the Eleventh Central Committee, under the concerning and the supporting of the party and governments at different levels, the cause of education of Jilin Province has gained great achievements.

Taking the year of 1993 and 1949 as a comparison, kindergartens have grown from 9 to 1971, primary schools from 7737 to 10572, middle schools from 80 to 1888, technical secondary schools from 11 to 119, colleges and universities from 3 to 43, and secondary vocational schools, skilled workers' schools, adult colleges and adult technical secondary schools all from none to 317, 149, 92 and 152. The number of students among every ten thousand is in the forefront of the country.

The universalization of the nine years compulsory education in Jilin Province is at the advanced place in the country. Jilin Province is one of the seven provinces that are checked and accepted by the country in the first batch. Vocational and technical education here starts very early. There is a complete category and an enormous potentiality for the higher education. There are 9 academicians for the Chinese Academy of Sciences, and 214 tutors for the degree of doctors. Education for Korean nationality is very developed. The school running condition has been improved a lot and foreign exchanges have been enlarged.

In order to spur education on to serving for making the province into a developed frontier offshore province, and also to reveal all these results, we have compiled this picture album. The part of higher education has been published before, so we dismissed this part here.

Those who are working in the world of education in and out of the country are warmly welcome to visit our province and give us your advice.
