序

风光，是自然的艺术，摄影，是艺术的自然。

大美的太行孕育出大美的邢台。邢台位于太行山东麓，有三县一市镶嵌在太行山上，人口达140多万。

太行山中的邢台地理形胜，风光独特，自然资源丰厚。境内群峰耸峙，直插云端，山势雄特，拔地通天，断崖飞瀑，幽谷清泉，异峰奇石，竞相争艳，地质遗迹，丰富多样，人文景观，历史久远，森林茂密，点缀群山。

太行山中的邢台四季分明，气候宜人，旅游休闲绝佳。和风送暖，绿染峰峦，酷暑清凉，心旷神怡，秋色渐浓，果香四溢，雪花飞扬，山呈蜡像。

太行山中的邢台历史悠久，遗迹遍布，文化积淀厚重。中华之初，这里已是夏之沃野，商代祖乙帝迁都于邢，西周曾是邢侯封国。邢台民风淳朴，人杰地灵，在三千五百多年的辉煌历史中，涌现出郭守敬、刘秉忠、宋璟、魏征等一大批杰出的科学家和政治家。紫金山是元代著名科学家郭守敬励志修学之地，凌霄山乃黄巾起义军的营盘之所，扁鹊庙为纪念中医医圣扁鹊的神圣之处。这里有被誉为“太行山最绿的地方”前南峪，“北方地下岩溶博物馆”崆山白云洞，选美中国最美峡谷——太行大峡谷的杰出代表“世界奇峡”太行奇峡群……这里曾是抗日军政大学所在地，这里曾是八路军转战冀南的大后方……这里如今正在戮力同心，治理山场，美化家园；如今这里正在科学发展，和谐发展，跨越发展。

八百里太行风光美，三千年邢台人文秀。钟灵毓秀的太行山，每一座山峰都蕴涵着典故，每一条山川都流淌着传奇，太行山鬼斧神工的地理奇观，雄、壮、险、奇的天然美景，奇峰、异峡、怪石、密林、飞瀑、流泉，复杂多样的地理奇观，构成了一幅色彩斑斓、内容繁复、涤荡心魄的壮美画卷。

风光，是大自然赐予人类的宝贵资源。摄影，是人类文明史上的伟大发明。风光摄影，是艺术家们利用现代技术，浓缩锦绣江山之精华，将自然风光凝固成永恒的艺术，是视觉审美的豪门盛宴。这本摄影集从一个侧面展现了太行山的雄秀壮美，亲临目睹需趁早，风景这边独好。

自古道：仁者乐山，智者乐水。山兀立而不语，但胸怀天下；水川流而不息，但泽被四方。山水相间，仁智相连，令人神往。太行山水养育了勤劳、勇敢、质朴、善良的邢台儿女，邢台的山美、水美、人更美，热诚欢迎海内外朋友光临太行明珠，欣赏太行风光，品读太行文化，发展太行经济，共创美好未来。

PREFACE

Scenery, art of nature;
Photography, nature of art.

The great beauty of Taihang breeds the great beauty of Xingtai.

Xingtai is located in the east of Taihang Mountain and mounted by 3 counties and 1 city, with a population of above 1.4 million.

Xingtai in Taihang Mountain serves you the advantageous terrain, distinctive view and rich natural resources. In the region, the mountain peaks tower in the clouds, imposing and magnificent mountains pierce up to the sky, blazing with broken ridges, cascading waterfalls, deep valleys, and fresh springs, sheer peaks as well as grotesque rocks. It is also noted by a variety of geological relic resources and ancient cultural landscape, thereby brightening with ecological vegetation dotting the mountain group.

Xingtai in Taihang Mountain attracts you with its distinctive seasons and pleasant weather, which makes it a perfect place for travel and relaxation. There is a sense of relaxation and pleasure due to balmy breeze, green ridges and cool summer. As autumn gathers stronger, fruit aroma perfumes the air and snowflakes waft far away, waxing all the mountains.

Here, Xingtai in Taihang Mountain has a long history, with widespread vestiges and profound culture. In the forming stage of Chinese nation, it had been a place for Xia Kingdom. Then the Emperor Zuyi in Shang Kingdom moved its capital here; furthermore, Western Zhou Kingdom used to be landed by King Xing. Simple and honest folkway, together with brilliant people and holy land, generates a number of excellent scientists and statemen in the history during 3,500 years, such as Guo Shoujing, Liu Bingzhong, Wei Zheng, and Song Jing, etc. Mount Zijin was a study place for the famous scientist Guo Shoujing in Yuan Dynasty, Mount Lingxiao, a tent circle for Huangjin rebel leader in Eastern Han Dynasty, and Bianque Temple was a holy ground to commemorate a traditional Chinese medical sage Bian Que.

Here, Qiannan Valley Ecological Spot is reputed as The Greenest Spot in Taihang Mountain, and Kongshan Baiyun Cave is an Underground Karsts Museum in the North. What's more, the most beautiful gorge in Beauty in China—Taihang Gorge group, which is the outstanding representative of Taihang Grand Canyon, is

named as Worldwide Gorge...It used to be the site of Anti-Japanese Military and Political University, and the Great Rear Area for the Eighth Route Army to move the army to Southern Hebei Province... Here, now, people are rectifying the mountain field and beautifying their home with one heart; and now, it is developing scientifically, harmoniously and extensively.

Taihang gets the fame with the pretty scenery and Xingtai is for humanistic beauty. At the breathtaking Taihang Mountain, stories are following each peak and legends are rippling over the mountains. Also, extraordinary and spectacular geographic wonder in Taihang Mountain is as great as a picture formed by the natural scene of magnificence, splendor, danger and marvel and the diversified geographic sight with peculiar peaks, odd valleys, strange stones, thick forest, waterfalls as well as springs.

The landscape is valuable resources that granted by the Nature and photography is a great invention of human civilization. So landscape photography is something that artists concentrate the prime of splendid land with modern technology, concreting from the natural scenery to a lasting art. It is a banquet of visual aesthetics. This album unfolds the magnificent beauty of Taihang Mountain. You'd better see in person, only to find what attracts you most.

There is an ancient saying that the benevolent enjoy the mountains and the wise enjoy the water. Mountains stand silently, but with the great care about the whole world. Water streams, but dampens everywhere. The benevolent and the wise loomed among mountains and water, which absorbs you most. The Taihang landscape fosters Xingtai people to be hardworking, brave, simple, and good. Xingtai's beautiful mountains, water, and people welcome friends at home and abroad to visit to Taihang Pearl, to enjoy the Taihang scene, to peruse Taihang culture, to develop Taihang economy and to create a brighter future.

春山如笑

春山淡冶而如笑。

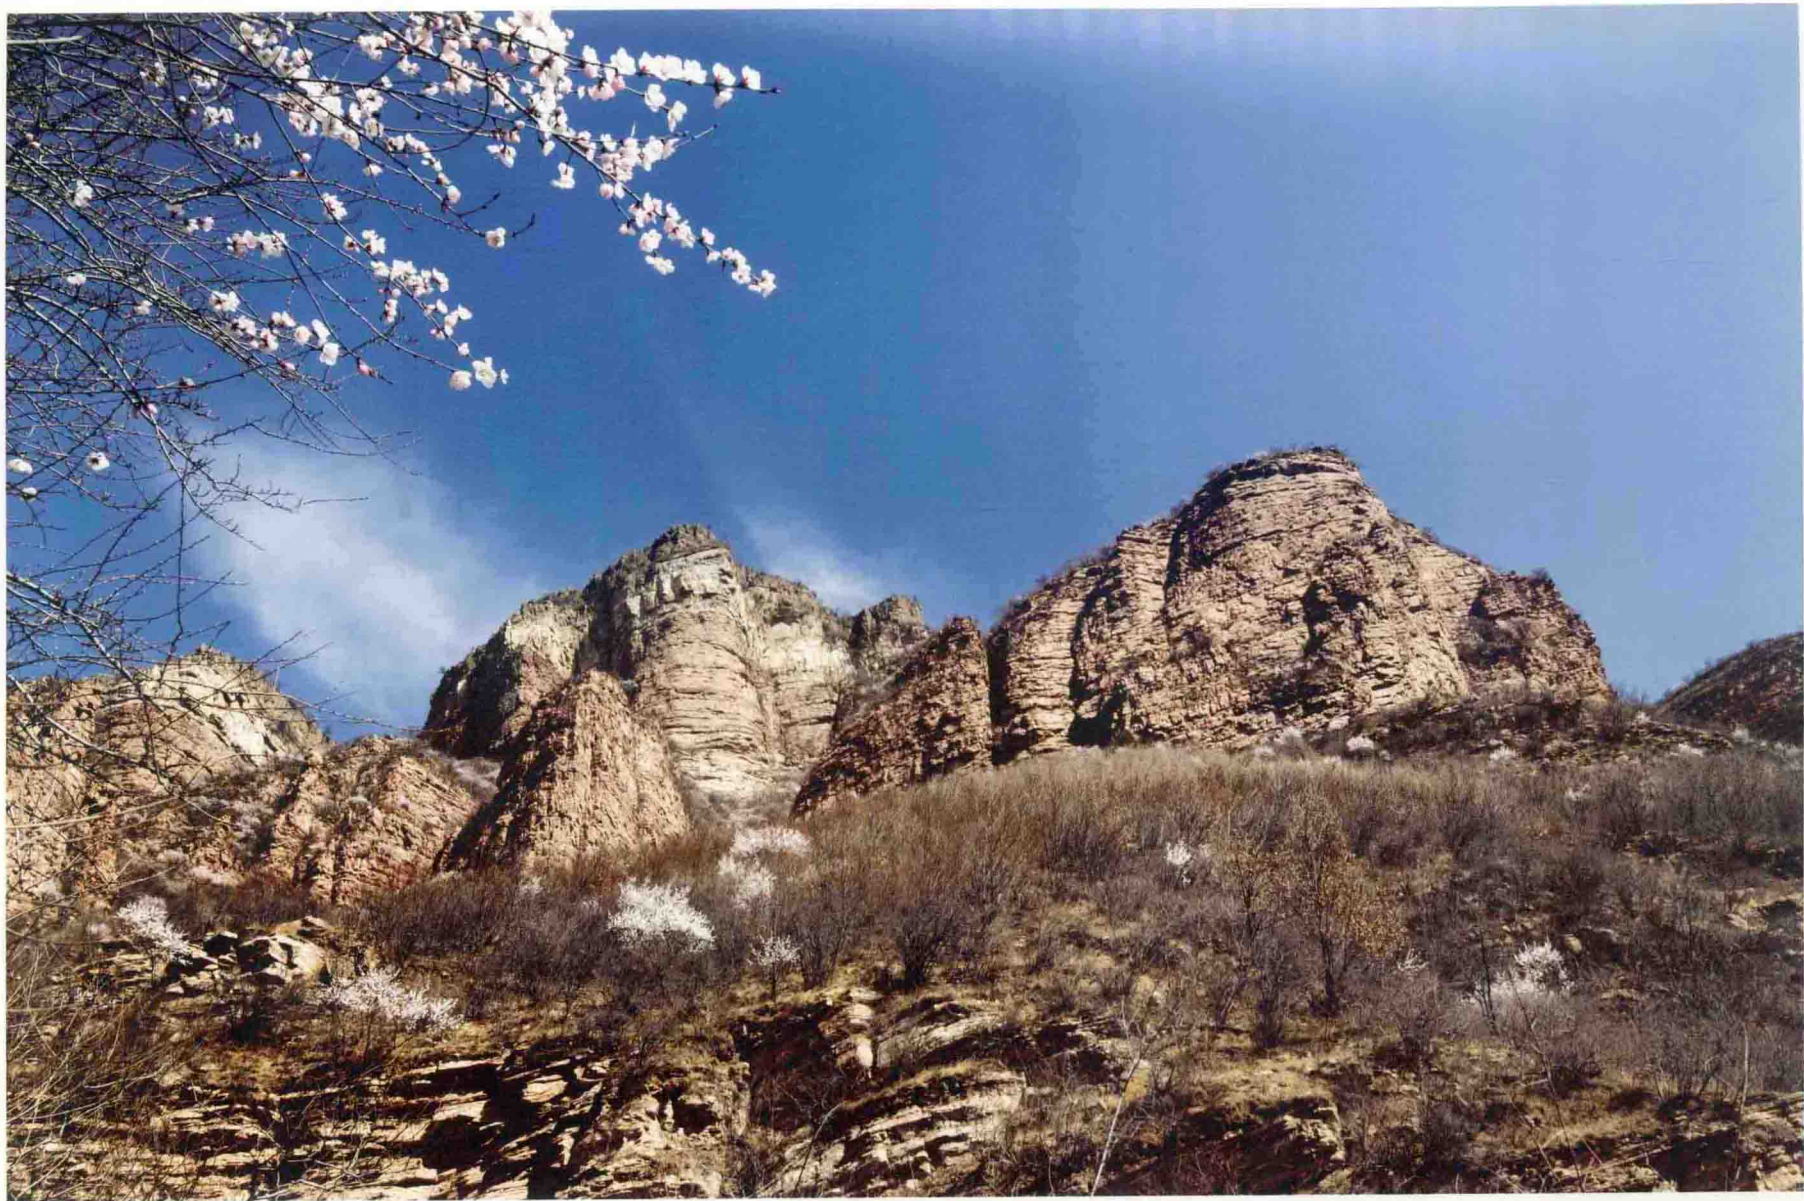

沐浴春风的太行山，如纯情的少女嫣然一笑，芳草吐绿，山花绽放，嫩柳含烟，群山欢腾，活力四射，激情勃发。

“草树知春不久归，百般红紫斗芳菲。”融怡的春山，蓄积了一冬的盎然生机，逢春释放，乘势迸发，微风暖阳，绿染春急，新草沐雨，娇艳明媚，桃花含羞，杏花带雨，百花笑放，蜂蝶欢舞，春光春色，时新日异。

Smiling Mountain in the Spring

Mountains in the spring are mild like people smiling. Taihang Mountain bathed in the springtime breeze is like a pure girl smiling tenderly. The grass is fresh and green; the mountain flowers are blossoming; osiers are flowing like threads of smoke; mountain groups are effervescing. All are with vibrancy and excitement.

The grass and trees know the spring is coming soon. Colorful flowers blossom competitively to show their beauty of color. Overflowing with joy of life after heaping for the whole winter, the gentle mountains release in the spring, with breeze, sunshine and an eyeful of greenness. Washed by the rains, the fresh grass is delicate and charming, peach blossoms with a shy look, apricot blossoms with the rain. Hundreds of flowers are blooming in bright smile. Bees and butterflies dance with joy. Spring scenery shifts rapidly.
