PREFACE 前言

Kelly Hoppen, a top interior designer in the world, has once said that the influence of home to the personal life is much greater than people realized. A living space that is after the owner's heart would allow you to relax and enjoy the comfort and tranquility.

As a kind of the fine arts, the interior design changes unceasingly along with the replacement of art thoughts. Either the classical decorative style or the modern art style developed from Bauhaus style, or ever the perfect combination of traditional and modern styles, all of which are designed by focusing on creating a comfortable life.

The mysterious Gothic interior design style, splendidly decorated Baroque style, natural and simple modern European style, elegant and ethnic Chinese-style, as well as the concise and irregular post-modern art style, all of which are originated from the life and reapplied to the life decoration, to enhance the comfortable and natural living space.

世界项级室内设计师 Kelly Hoppen 说过: 家对个人生活的影响比大部分人所意识到的都要大。一个最符合主人心意的生活空间,将会让人身心舒畅,感到宁静和安逸。

室内设计作为美的艺术的一支,随着艺术思潮的 更替在不断变化。无论是传承古典的装饰风格, 还是现代包豪斯艺术派发展出的现代艺术风格, 亦或是传统与现代风格的完美融合,都是围绕着 创造一种舒适生活而设计。

神秘复古的哥特式室内风格,华丽装饰兼具厚重感的巴洛克风格,简约、自然、惬意的现代欧式风格,古朴典雅充满民族气息的中式风格,简洁造型和大色块不规则形态的后现代艺术风格,这一切源于生活的艺术风格在这里被重新用到生活装饰中来,为舒适自然的生活空间增彩。

Based on well understanding on oriental aesthetics and modern elements, it forges a space rich in charm with unique view of aesthetics. The ornaments mainly in color of deep brown and red feature elegant, plain and beautiful. The classical Chinese O-shaped window patterns greatly improve connotation and cultural taste of the space with details like lotus seedpod, art ceramics and embroidered window curtain. The unique application of light and shadow makes classical element full of energy and make the room warm and dignity.

Space design shows the feature of humanity paying more attention to extension of vision and technique of traditional garden design. That enlarges the space in sense. The setup of tea room enriches the relation of space and makes it more uncommon. The paralleled and balanced, grand and stable overall layout advocates natural charm in details. Plant and art crafts are exquisitely made full of changes. Ease and nature perfect integrate together. Based on Chinese features, it integrates with modern elements making the room enjoying both modern and classical characteristics. The conception of "combination of the past and present" and techniques of "integration of virtual and real" come to the brand-new deduction of Chinese style.

设计以对东方美的深刻认知结合现代元素,用 独特审美打造富有韵味的空间。深棕色、红色 为主的装饰品,格调高雅,造型简朴优美,色 彩浓重而成熟。古典中式窗格元素的"回"纹格, 复古而不失精致。莲蓬、工艺陶瓷、窗帘刺绣 于细节处体现出高雅情操,提升了空间的生活 内涵与文化品位。独具匠心的光影运用, 使古 典元素充满了生机,温馨而厚重。

空间设计体现了人性化的特征, 注重空间的视 觉延续与传统园艺的借景手法, 开阔了空间感, 茶室的设置丰富了空间关系,增添了不凡气韵。 总体布局对称均衡,端正稳健,而在装饰细节 上崇尚自然情趣,绿植与工艺品等精雕细琢,

富于变化,闲适与自然宛自天成。在中式的特 色基础之上融入现代的气息,使得居室在现代 与古典之中流连。古今相融的理念和虚实相间 的手法, 使现代中国风得以全新演绎。
