卫生间的墙面和地面均用了统一材质,色彩温和,看上去干净舒适。

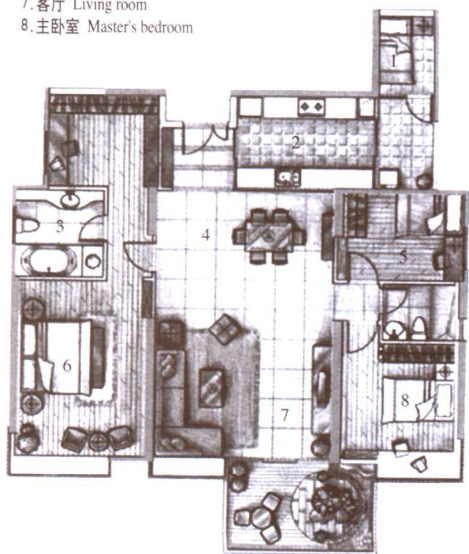

This project design has fresh and comfortable style, natural and simple. There is no excessive and complicated stacking for the overall space. A light touch will bring out the elegant lingering charm. The most conspicuous part of the hall is the column-shaped hanging lamp and straight design element, mutually merging the classical style and modern style, giving a very special feeling to the people.

Unified material is adopted for the bathroom wall and ground, with warm color, looking quite clean and comfortable.
