以年轻成功人士为主要对象的本例中，一方面满足强调整体布局机能的完善，另一方面满足了视觉的美感。设计师以简约休闲为主题，辅以清雅柔静的色系，融入自然的美景元素，将光线的穿透与视觉的效应相结合，配以精致的家具，从而营造出居室的不凡气韵。

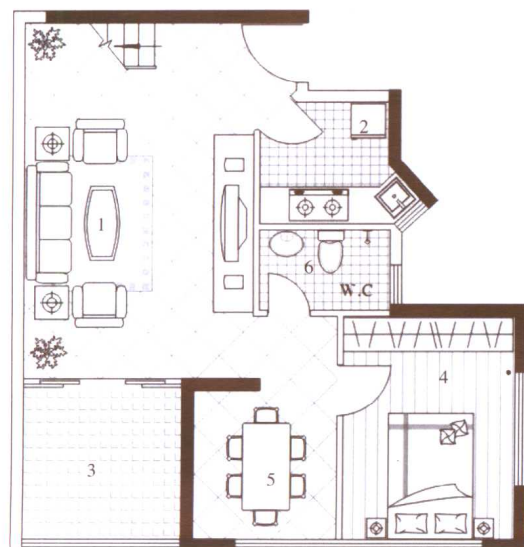

In this project which takes the young successful people as the main object, on the one hand, it emphasizes the completion of overall layout function; on the other hand, it satisfies the visual esthetics. The designer takes the simplicity and leisure as the theme, accompanied with elegant and soft color, merging the natural beautiful element, combining the light penetration and visual effect, added with exquisite furniture, thus creating the outstanding style of the house.

高达6米的客厅显现出非凡的气度。设计师在宽大的窗边采用装饰性极强的多级灯笼帘装饰，中间采用大幅白色纱帘实现了通风与采光，又充分将室内景观与室外郁郁葱葱的山林紧密地结合起来，充分体现了当今自然、生态、环保的居家时尚。

宽人的欧式沙发和背面的文化矮墙交相辉映，水晶灯、墙上的油画令这个气势非凡的客厅充满了浪漫主义情调。

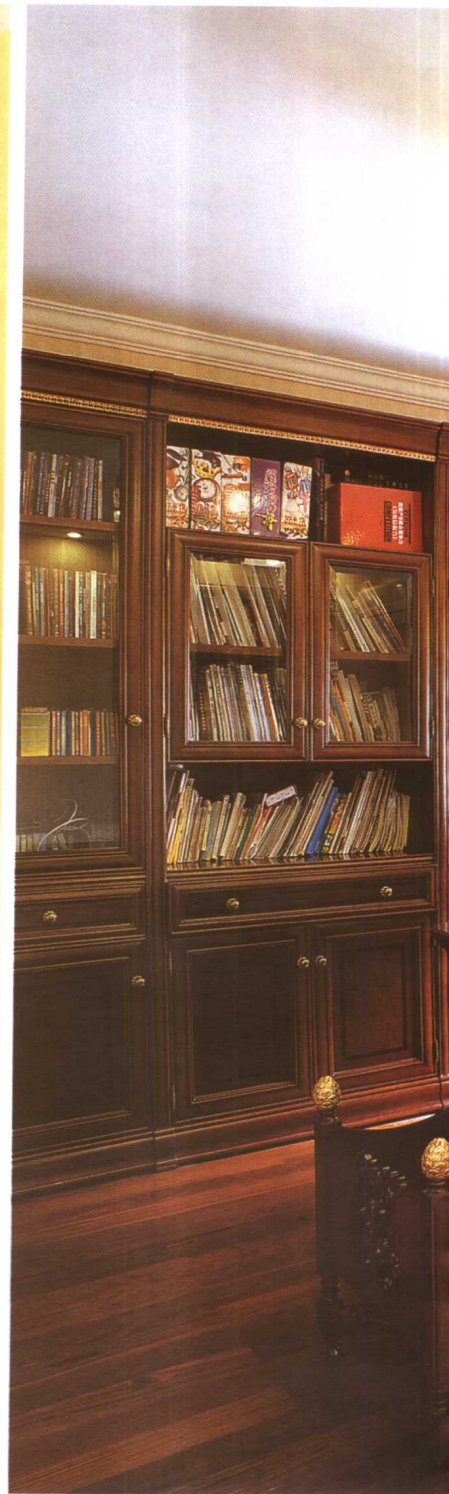

设计师在一楼的餐厅与里面房间的走廊中落足了笔墨，使得这个一般人容易忽视的地方也生动起来。大理石拼花、错落的吊顶加上明亮的顶灯构成一个别样的空间，充分体现了设计师的独具匠心。

二楼吧台采用乡村风格，红砖砌成的酒吧，也是家庭另一个活动中心。高高的藤艺吧椅和舒适休闲的藤艺沙发饶富趣味。小冰箱、饮水机、电视、影碟机被巧妙地安排在酒吧墙上，电视机上面是一个蜡烛台，也许只有这里才能真正体现出“家是放心的地方”。书房采用传统的欧式书台和书柜，显得大气而稳重。这个位置具有良好的自然采光和开阔的视野，让主人工作、学习之余可以透过通透的玻璃幕墙俯览整个居家空间，充分享受事业成功与家庭和睦带来的喜悦。

This six-meter high Living room displays distinctive magnificence. The architect applies highly decorative multi-layer lantern curtains to decorate the broad windows and adopts large white silk curtains in the center for better ventilation and illumination, which both combines the interior scenery with the exterior luxuriant trees closely and fully represents the current housing trends towards nature, ecology, and environmental protection. The broad sofa of European style is in concord with the low culture wall at its back. The oil paintings on the crystal lamps and walls fill the magnificent Living room with romantic sentiments.

The architect has laid great stress on the corridor between the dinning hall on the first floor and the interior rooms, which invigorates the previously insignificant place. The marble mosaic, overlapping ceiling, and bright top lamps altogether constitute a distinctive space, which gives a complete embodiment of the creativity and originality of the architect.

The bar counter on the second floor is decorated in a rural style, while the bar is constructed with red bricks. This is another recreation center for the family, where suspending vine chairs and cozy vine sofas are full of fun and interest. Besides, a small refrigerator, drinking machine, TV set, and video player are properly equipped on the walls. Over the TV set is a candle stand. Perhaps, here you may feel that 'home is a place of relaxation and recreation'. The study is equipped with a traditional office desk of European style and a book cabinet, all appearing magnificent and reposeful. This location boasts excellent natural lighting and a broad vision outward, enabling the property owners to overlook the entire residential space through the clear glass curtain wall and enjoy the happiness from a successful career and harmonious family.
