# 海报新纪元的献礼

在新世紀即得来临的年头里 海行一个国际海接邀请展显特别有意义的。同级海报的 发展历史,20世纪是一段多案而光辉的时代,这是一个飞跃发展的世纪。无论是政治、社 会、经济、文化、都不断归生看激动人心的剧金。海报作为一种传播的媒体。反映看极丰 富的思想概念。世纪初新级、平面设计以革命性的新观念。展开了历史性的黄金时代,海 报设计也路进了历史上最兴盛的时期。近百年也是印刷木不断进步的年代,使海接制作能 配合需求。周董精迪、科技日新月界的世纪。一方高使海报设计扩阔了权像与创意的破场。 但另一方面、影视与电子解体的变展、亦造成对海报媒体的冲击。经历了新浪潮的支礼后。 海报设计可该是发展到了一个全缝的反无。

本世纪、中国的辛富设计没有与高外同步发展、虽然在本世纪初的上海和奇港的海根设计有过一段可观的历史,但大陆、台、准各地的现代海报发展。还是短短二二十年的事。在不同的社会经济变革中,各地设计师创造了不同的传奇。从近年三地的海报活动可以看到一个好给开源。沿北成立了海投协会、多年来邀请港考设计师一起在台北及中外其他城市届出了深圳、台北、澳门和亚海市外该通8海报展、桂林成立火花设计师协会主办《符号2000多海报展……。 音准区域市或周文化馆生办亚大海报展。可说是中国第一个国际评比的海报活动。今年 华沙国际海报级市政 大学中国政策 人名英格兰人 医伊朗氏性 化二甲基甲酸 计断步 电复数分离分离 医阴道阴道 医原性的性线 上海平顺设计恢步重员会全办第一届国际海报邀请展。是一个多义重大的海报活动。我们邀请了世界各地的海报设计名家。与中国各地设计师的海报共展一堂。可看作20世纪海报设计的一个小总域。

谨以此作为世界设计新纪元的献礼。

# A tribute to the new era of poster designing

An international poster designing competition to be held at the turn of the century will be of great significance. If you look back at the history of poster designing, you will find that the 20th century is an important stage. This glamorous century is marked with great and encouraging changes in politics, society, economy and culture, all of which have been reflected through posters -- a form of mass media that embodies a lot of ideas. At the beginning of this pentiury, poster entered into a golden age with its revolutionary concepts of designing. Also prompting the development of poster is the ever-developing printing technology, which helps enhance the visual impact and creativity of posters. But, on the other hand, the development of audio-visual media and other electronic media gave a serious blow to poster industry. Though, after living up to that new challenge, poster designing entered a new era of development

In fact, wherever you go today, you will see posters. Poster exhibitions have been held in major. art museums all over the world in recent years. The importance of poster designing has been fully recognized. In 1966, the first international poster biannual exhibition was held in Warsaw. Polarid and established itself as an important international event for art designing. In 1985, an international poster competition was introduced in Japan and has been held every three years ever since. In the same year, Finland started its biannual international poster competition, too, in 1990. Mexico. followed the suit and launched its own biannual international poster competition. International competitions and exhibitions, hald around the world one after another, increased exchanges between designers globally and also attracted many who loved the art of poster designing. Plus the publication of yearbooks of poster designing and many theses, poster has grown to be a very nopular instrument of visual art

In this century. China's graphic designing inclustry keeps abreast with the international counterpart. At the beginning of this century, Shanghai and Hong Kong enjoyed a brilliant history of poster designing. But the development of modern poster designing art, whether on Chinese mainland. in Hong Kong or Taiwan, dated back only to last several decades. With their different backgrounds. designers in each place have written their own history of development. The poster association in Taiper has teamed up with its counterparts in Sherizhen. Macao and Hong Kong to host postor exhibitions under the title of "Communication" in Taiper and other cities home and abroad over the years. Guillin has established a match box designers' association and held a poster exhibition under the title of "Sign 2000". The country's first international poster competition was held by a cultural organization in Hong Kong. This year, more than 10 Chinese designer entered the Warsaw International Biannual Poster Competition, a sign of breakthrough for Chinese artists on the intomational platform. The first International Poster Competition to be held by the Shanghar Graphic Dosign Association was surely an important event. We invited famous poster designers from home and abroad. This event could be viewed as a conclusion of the poster designing art of the 20th century

I wish this to be a tribute to a new era of designing.

# 有感"互动"

去年年底,上海平面设计师专业委员会向我发出邀请,参加199上海国际海报邀请展, 商报的土题为 互动

何为"互动"对这一带有学术味的词我特地翻看了字桌。其意为互相作用,互相影响。 我的逻辑则为互相杂评。互相推动

成立不足一年的上海平面设计师专业委员会要举办正式的国际海报展,不论从专业角 度还是经验未讲都是一种大胆的尝试。当时对我来说。对他们主办这场活动感到关税。而 且对其反响也不是很有把握

不负责收到了邀请展的参赛表,其设计模致工整。这在国内颇为罕见、不难看出、协会正在有条不高地为展览领者实实在在的准备工作。他们先后向多个国家的优秀设计研发 出了邀请、将展员设在上海美术馆展出、正式向公众开放、并为展录设实项、出版作品集 展览期间还安排了请讲。整个活动安排得体、正规、与国际上的阅读活动设计公不同。 查证前少、现接到北见的电话、他兴奋地告诉我、已收到了许多大师的作品及答复、参展 者的数量还远出于影料。到了元旦、参赛作品已远三百多幅。

这种反响确实的有不及。在大陆尚属首例,是什么吸引了如此众多的优秀设计原来参与。也许是大上海的整力。也许是出于对大陆等办这种专业活动的好奇。也许是上海平面设计师专业委员会的诚意。不管是什么原因,愿定是最终起到的作用是互相交流,互相继动。 亚恰对证数了土面

在新干年来临之际,年轻的上海平面设计师专业委员会正做著非常有意义的事情。他 们深知交流的重要。他们不断吸收,不断进取,不断始入惊喜。不断成熟

Interaction?

At the end of last year 1 received an invitation from Shanghai Graphic Designers Association

riviting me to participate in Shanghai International Poster Invitational Exhibition, 99. And the theme will be Interaction.

Out of curiosity about what exactly interaction (yeah, right, another high-tech term means, I dig

out my dictionary and here it is: To have effect on each other. Any way, I would prefer communication

and promotion among one and others

Founded barely one year ago, SGDA is now going for international poster exhibition. This is an

audacious attempt in respect of other professional expertise and experience. Back then it occurred

to me as unprecipitated and I was unsure about what to expect.

A title later their entry form reaches me. The design is so fine and delicate it should be rated as a

rare phenomenon in China.

Apparently the preparation is proceeding in a orderly and pragmatic fashion.

Invitations are sent out to top designers in various countries, the exhibition is held in Shanghai Art

Museum and open to the public. There are awards and publications for the exhibits and semmars

during the exhibition.

The whole event is formal, impeccable and frankly, not any different from similar international

events.

On Christmas: Eve. J received a call from Mr. Shen, he was so excited and told me the responses.

and works they received had far outreached their expectation, among them there wore numerous

world-class masters. And as of this New Year, they received more than 300 posters!

This is unprecedented. Makes one wonder just why so many recellent designers are attracted to this event. Maybo this is the magic of Great Shanghai, or it is the curiosity about professional.

even's of this kind held in mainland China, or because of the genuine efforts of SGDA. Whatever

the reason, this exhibition did stimulate communications and promotions and this is, what else,

the thome.

On the threshold of the new millenium, the young SGDA is doing the most meaningful things,

they recognize the importance of communication and they never cease to absorb, to progress, to

surprise and to mature.

# 符号化的生存

沒有人怀疑。当地珠滚入新一个世纪时,我们的生活将有许多变化。数字化的生存将尤 其准确地描述人美存温的状态

在数字的世界里,没有上海这个地名,有0086-21,没有新一轮干车,有潜伏已久的干 车车: 没有张二. 有控 Ntp.的虚拟人,没有三十年代的月份牌作纪念。有比1440x1440dpi 更高的分辨率,没有国际海拔展。有偿过50K的调式解调器……

但我们更愿离生活在一个符号化的世界里。上海从来就是一座向国际开放的城市。不论 是市内的建筑。还是居民的精神、嵇深深置下早期跟外国交流的痕迹。在二十一世纪前夕。 上海举办这次国际盛会,也充分说明它就站固内和国外两个世界的标译作用。

中国文化是非常了不起的文化。它在接受外来影响的同时,从不破坏自身的本质。它吸 收外来的精华,形成自己的特点。既充实了自己又丰富了世界。源远流长历史、使中国成为 一块天然的设计艺术的独土

今天、世界上十几个国家的设计师的海报作品汇集上海、将有数千、数万、数十万人见证符号的力量。一九九九年、是末端、更是开端、希望通过这次海报展览、让上海见识世界、佞世界了解中国、或许、这就是上海国际海报邀请原的载义。!

# Encoding Life

Nobody doubts the entering into a new century will be accompanied by a lot of changes in our lives. In particular, life will be digitized; it could be described as a grandiose way of a new life.

In the world of numbers. Shanghal does not exist as a name place, but as a number, 00962\*; nether thousand year change but the niller nium bug; no place for M. Zhang the Third but some one named "http..."; no souvenir of the calendars of the thirties, but "440 x 1440 DPt no International Poster Exhibition, ust 56 K...

Of course we want to twe in this digitized ena. Simultaneously we live in Shanghai, Shanghai, at its beginning was a city open to the international world: as in its architecture, or in its inhabitants spirit, the interaction with foreigners left deep traces.

At the beginning of the 21st century, Shanghai organize this great event, the Poster Exhibition, to express clearly that Shanghai wants to play its role of bringing inland China with the rest of the world.

The Chinese culture is a great culture, and it is a culture able to receive influences from the outside. but in the same time not hampered by influences: taking the after influence and absorbing it to make it a part of itself, and finally enriching itself and the rest of the world by this new contribution.

With this culture coming from the realms of time and welcoming new changes makes. China a natural place for the art of Design.

To day. 1999 signals an end and at the same time a beginning, a dozen of countries with designer works are exhibited in Shanghai, and hundreds, thousands of people will attend, showing the force of numbers.

We hope this Poster Exhibition shows to Shanghai the world, whist presenting Shanghai to the world, and, maybe, making the Shanghai Poster Exhibition into a regular event for the Designing world ?!
