Today was bike safety day at school. Officer Bow Wow came to talk to us.

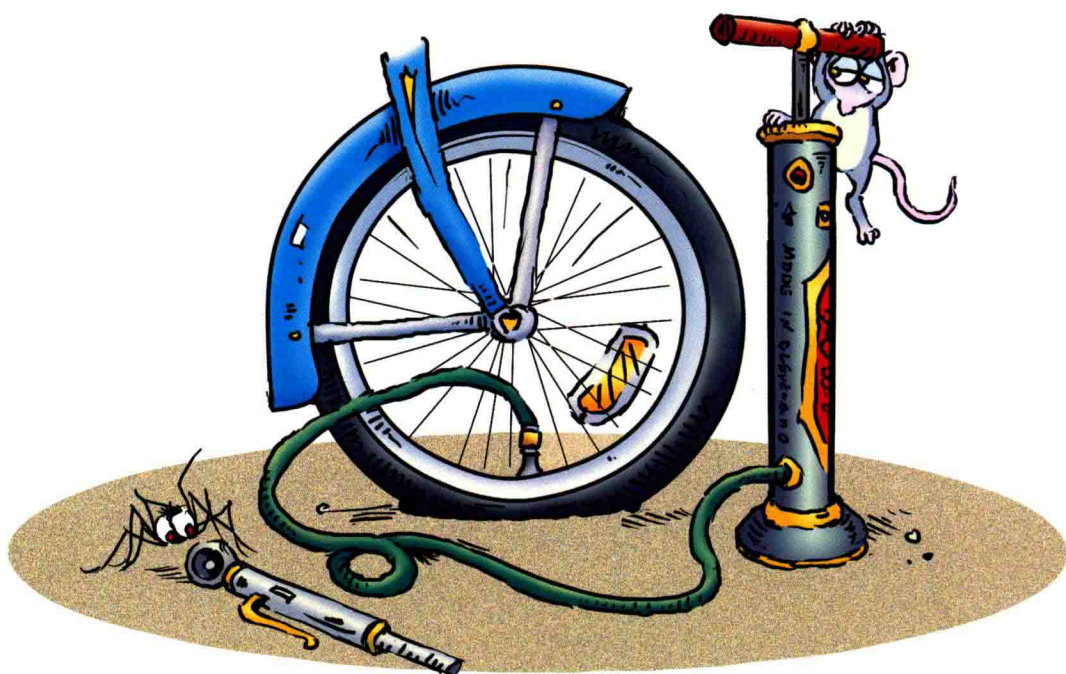

BICYCLE

SAFETY

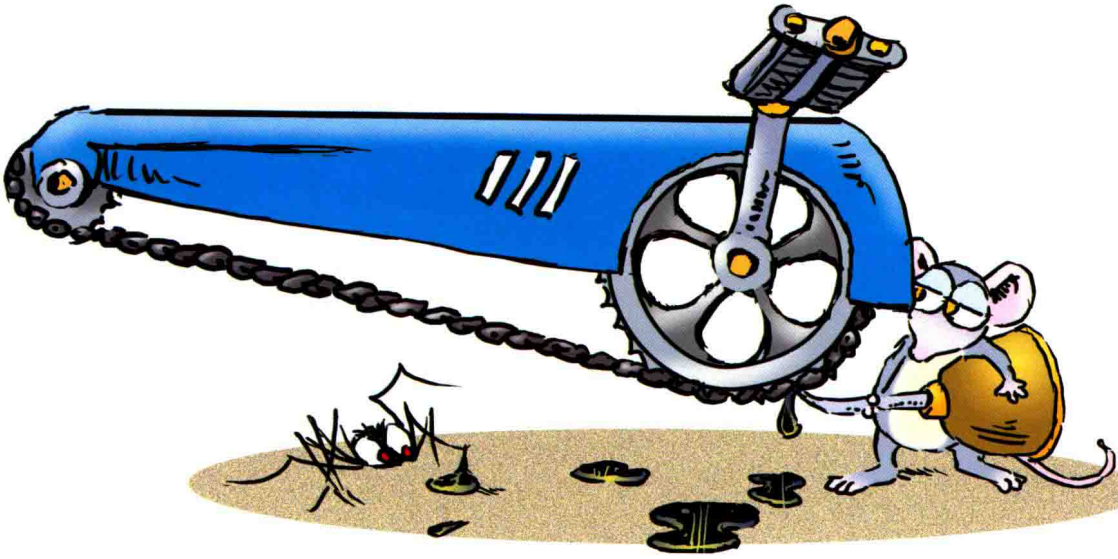

Officer Bow Wow taught us how to check our bikes. First, we made sure our tires had enough air.

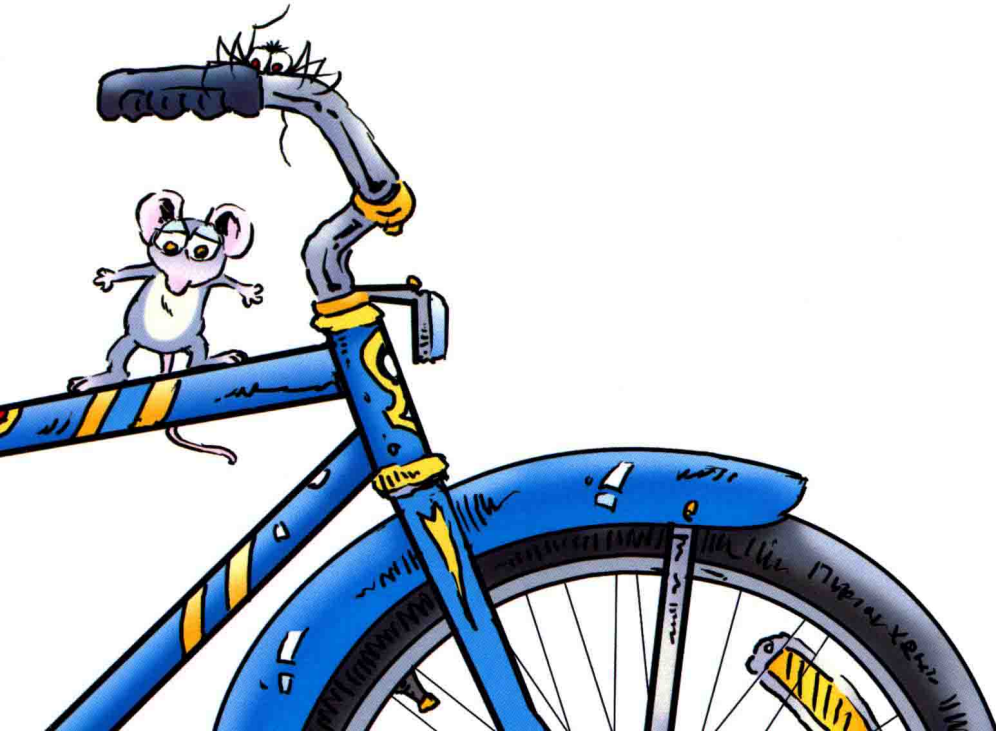

Then, we put shiny reflectors on our front and back wheels.

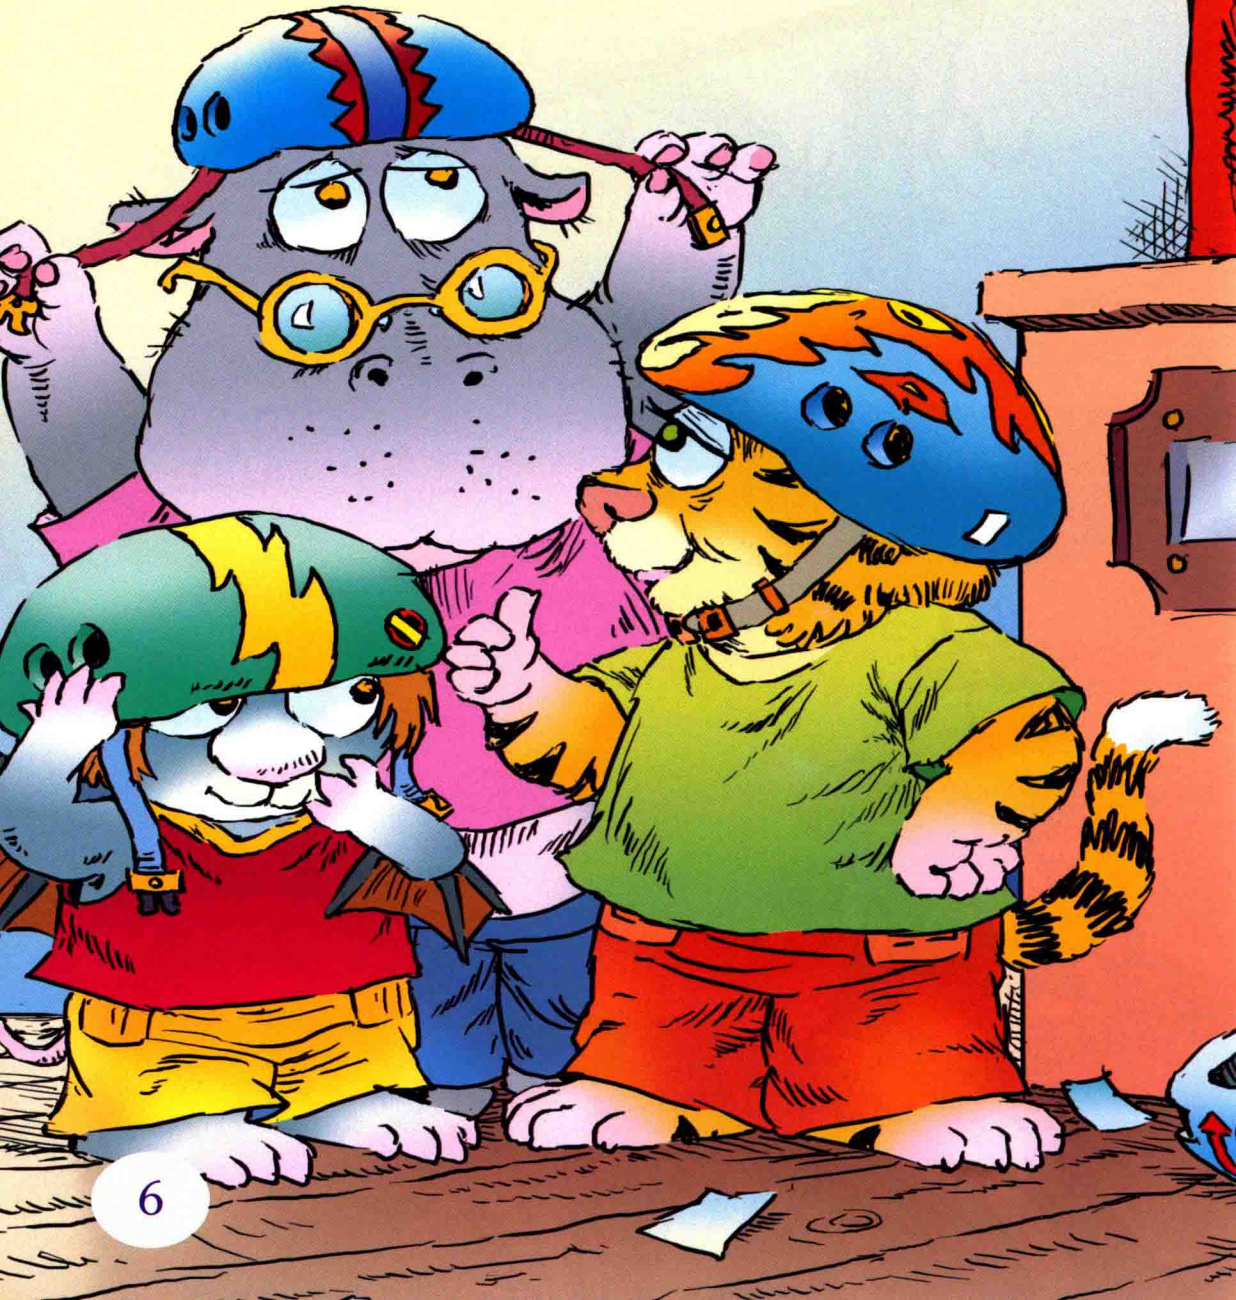

Last, we checked that our bike chains were clean and oiled.

Then, we each got a cool, new helmet.
Officer Bow Wow said that we should
always wear helmets when we ride our bikes.

Officer Bow Wow showed us how to make hand signals.

To turn left, you hold your arm out straight.

To turn right, you hold your arm up.

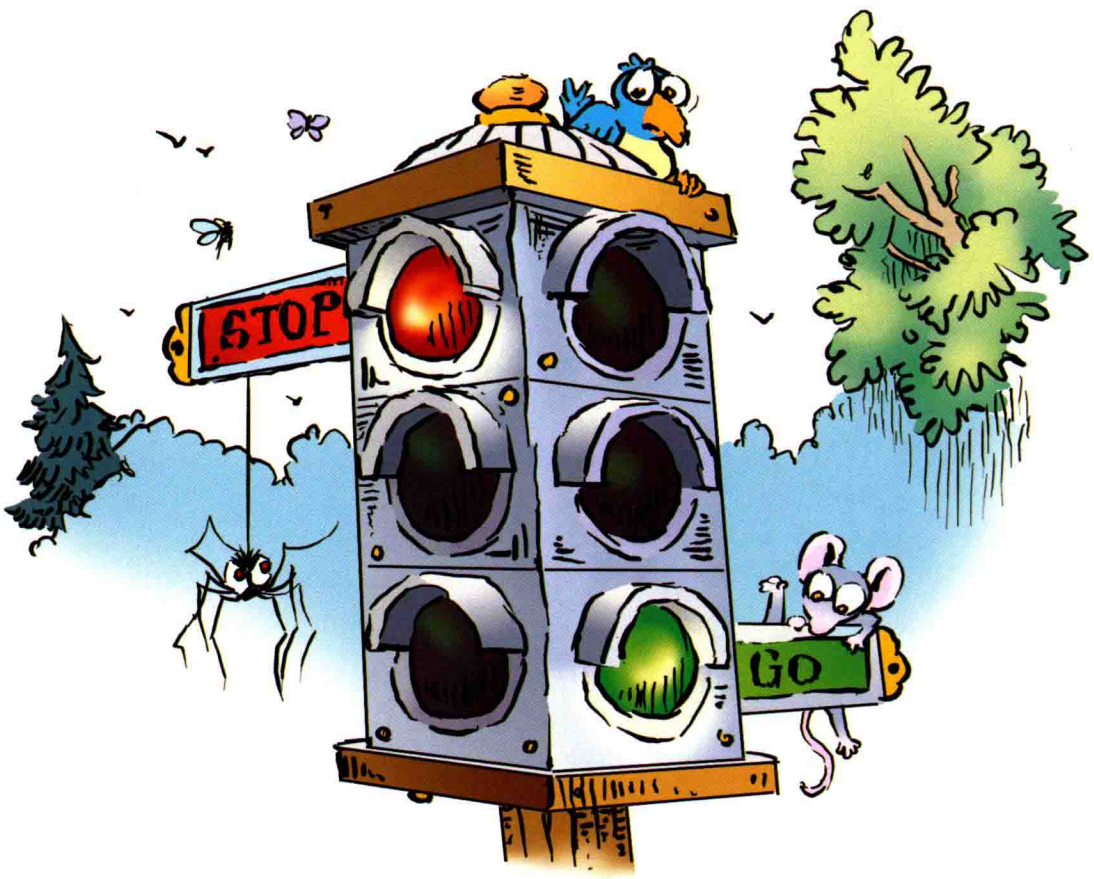

And to stop, you hold your hand down.

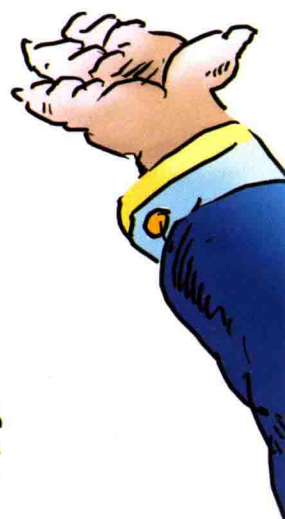

Next, Officer Bow Wow told us to wear colorful clothes. That way, it is easier for drivers in cars and other bikers to see us.

Officer Bow Wow taught us more traffic rules. He told us to watch out for traffic lights and stop signs.

He said to ride carefully around wet leaves, puddles, rocks, broken glass, and cracks in the road.

When I got home, there was a big surprise. I got a new bike! I'm glad I learned about bike safety at school today. Now, I know just what to do.
