## Preface

China is a beautiful treasure-house of ancient tales and folklore. Here are stories filled with sincere reflection echoing the vast and deep spirit of our culture and civilization. These represent the best of Chinese culture—tales that uphold a people's sense of their common origin.

This collection of *First Books for Early Learning* offers stories familiar to all of us. Drawn from folklore and mythology, along with the origins of special days in the traditional calendar and of famous places, these eighty books also recall ancient physicians, philosophers and thinkers, figures famed for statecraft, generals, royalty, prodigies and scientists, remembered through tales of wisdom and great poetry.

To give Chinese children all over the world an understanding of their ancestors' lives, and the changes through the different ages of China's history, scientific development and achievements in arts and literature, we have brought together concise language with most vivid illustrations. These ancient historical figures also give inspiration and ideas to children to connect with their own roots.

As Chinese, we know Chinese history well as a son or a daughter knows his or her family. Only with such knowledge can one possess a depth of passion and a sense of responsibility. It is our wish that this collection will guide children at an early age to learn from the history of our nation and to identify with the social progress and philosophical spirit of the Chinese people. We hope our children will develop wider horizons of wisdom to become open-minded yet with a rooted outlook on life.

*First Books for Early Learning* was originally compiled in Chinese for the children of China. The writers and artists who contributed to this collection have used the perspective of traditional literature and arts to interpret Chinese mythology, legends and history. We hope this collection will be enjoyed by Chinese people—and, now in translation, also by people all over the world—and all children who want to learn more about China.

相传天地开辟以后，地上本来没有人。天神女娲来到地上以后，才创造出一个人。

As legend recalls, after the creation of the world, there were no human beings on the Earth. Nuwa, the goddess from the Heavens, then came down to the Earth and made one human being after another.

共工撞倒不周山，给人带来了塌天大祸。女娲看到自己创造的人受苦受难，心里非常难过。为了让人们重新过上安宁幸福的生活，她做的第一件事就是补天。

The earlier story revealed how Gonggong destroyed Mount Buzhou and plunged the world into catastrophe. Seeing the people she had created undergoing such suffering, Nuwa felt a great ache in her heart. To restore a happy and peaceful life to her people, the first thing she did was to patch up the sky.

女媧历尽千难万险，从江河里拣来许许多多五色石子，又用大火把它们烧了九天九夜，炼成五色石浆。

After countless hazards and hardships, Nuwa gathered from the rivers many pebbles in five colors. She burned them for nine days and nine nights, and smelted them into five-color melted stone.

女娲一趟又一趟，从地上飞到天上，用五色石浆把一个个窟窿补好。

Then again and again, Nuwa flew from the Earth to the Heavens, mending one hole after another with the five-color melted stone.
