宋词概说

General Introduction on *Ci*-poems of the Song Dynasty

与诗从一开始就作为高雅文化的代表不同，词最早源于民间，内容通俗浅显，专供娱乐消遣之用。因此词在刚开始被普遍认为是低俗文化，自古就有“淫词艳曲”之说。不过到了宋朝，词的创作者发生了巨大的变化。随着王公贵族、文人雅士等受过良好教育的上流阶层开始成为词的主要创作群体，词在各个方面都发生了质的变化。经过宋朝词人们的不懈努力，宋词在三百年的锤炼和发展中，彻底转变成成为文人墨客创作的一种文学样式，最终确立了与诗平起平坐的地位。

Different from the poetry which was considered as the symbol of elegance in the first place, *Ci*-poem was originated among the folks. With plain and simple content, it was mostly used for recreation. Therefore, *Ci*-poem was widely described as a kind of vulgar culture. However, by the Song Dynasty (960-1279), the writer of *Ci*-poem went through a great change: those well-educated people from the upper stratum, such as nobilities, literati, etc., started to take the dominant position among the poets, so *Ci*-poem also made some changes in many aspects. Through the poets' unremitting endeavor in the Song Dynasty, *Ci*-poem was completely developed into a literary form and finally confirmed its comparable value with the Tang Poetry in three hundred years' tempering and development.

> 北宋与南宋

宋朝（960-1279）是中国三千多年封建王朝历史中，经济财富积累与文化教育繁荣并重的时代。唐朝大量的先进生产技术在宋朝得到了广泛的应用，大大地促进了民生经济的发展。宋朝的皇帝们吸取唐朝武将权责过大的经验教训，提倡文官治国，大力推动文化教育事业的发展。经济实力的雄厚和文化教育事业的发达，使宋朝人民的精神和物质生活都得到了充分的实现和满足。

尽管如此，与在世界上闻名的汉朝、唐朝相比，宋朝的国运则要坎坷许多。与唐朝常年将重兵驻扎边境相反，宋朝皇帝将兵权牢牢掌握在自己的手中。唐朝时，各藩

> Northern Song Dynasty and Southern Song Dynasty

Song Dynasty (960-1279) is the most flourishing period when economy and cultural education were both valued in the more than three thousand years' history of feudal regime. Numerous advanced technologies in the Tang Dynasty (618-907) were widely applied in the Song Dynasty, which greatly promoted the development of people's livelihood. The emperors of the Song Dynasty learnt from the mistakes and experiences of Tang Dynasty's over-granted rights and liabilities of the military officials. They stuck to the theory of appointing civil officials to administrate the national affairs and vigorously propelling the development of cultural education. So with the abundant financial resource and well-developed education system, people

镇的将领都手握重兵，割据一方。在唐王朝被推翻后，他们各自成立了小王国并互相攻占、吞并，史称“五代十国”。宋朝皇帝在消灭了这些小国、统一中原之后，为了避免割据局面的再次出现，逐渐收回将领们的军权，以文官为统帅。这虽然加强了皇帝对国内和中央的控制权，却给宋朝的边境埋下了隐患。

However, even so, comparing with the worldly renowned Han Dynasty (206 B.C.-220 A.D.) and Tang Dynasty (618-907), the destiny of the Song Dynasty is full of hardship and frustrations. Rather than stationing massive forces at the frontiers like the Tang Dynasty, emperors of the Song Dynasty seized the military leadership in their own hands firmly. In the Tang Dynasty, generals of local military authorities could command a large number of troops and set up their own separate regimes. After the Tang authority being overturned by peasant insurgence, those military governors built several kingdoms on their own and kept

fighting among each other. This period of time is called Five Dynasties and Ten States (907-960) in history. Emperor Taizu of the Song Dynasty eradicated those kingdoms and unified the Central Plains. In order to avoid the reproduction of this situation, the emperor gradually retrieved generals' military leaderships and appointed civil officials as the commander in chief. Although the measure strengthened the centralization of authority, it buried a hidden danger on Song's frontier.

By the Song Dynasty, the nomadic ethnic groups originated from the northeast area of China started to expand. They learnt and accepted the advanced management system of Han people, unified each separated tribes and gradually occupied the whole massive land in the north. They successively established the Liao Dynasty (Khitans) (907-1125) and Jin Dynasty (Kins) (1115-1234), becoming a severe threat to the Song Dynasty. At last, the Kins overturned the Liao Dynasty and occupied the capital city of the Song Dynasty, captured two emperors as well as most royal members and crucial officials. The only remaining royal lineage, the ninth prince Zhao Gou

Emperors of the Southern Song Dynasty were satisfied huddling up in the south and bowed to the violence of the Kins. They pled for a temporary peace by paying a great amount of tributes including gold, silver, jewelry, silk and porcelains, etc. And the principle of valuing the civil officials while despising the military officials was still emphasized in the courtyard, which directly led to the vulnerability on the military. And people living in the border areas were often harassed by the Kins and Dali State (in present Yunnan Province). The political situation was still in turmoil. After years' tug-of-debate between War Hawks and Doves, the Hawks were completely defeated in the political struggle. Patriots could not do anything to reverse the crisis. In hundred years, the weak Southern Song Dynasty was overturned by Mongolian who rose in the backyard of the Kins. And the most tragic fight was the last Yamen Sea Battle. 地崛起的蒙古国所灭。宋朝历史上最惨烈的悲剧发生在宋元两军最后的崖门海战。爱国将领文天祥用词描述了当时的场面：十万宋军无力战斗，全线溃败，尸体布满海面，人血染红了整个海滩。南宋最后的皇帝赵昀及皇族大臣八百余人在崖山集体跳海自尽，宣告了宋朝彻底灭亡。

Tianxiang depicted the scene in his *Ci*-poem: hundred thousand soldiers had no heart for further fighting, and was routed completely. Dead bodies were floating in the sea and the blood stained the whole seashore into red color. The last emperor of the Southern Song Dynasty, Zhao Bing, as well as nobles and officials, totally more than eight hundred people, jumped over the cliff, which declared the collapse of the Song Dynasty (960-1279).

靖康之耻

靖康之耻又称“靖康之变”，是金朝灭亡北宋的历史事件。北宋靖康元年（1127），金军攻破东京（今河南开封市）。次年四月，金军掳走了当时北宋的皇帝宋钦宗、太上皇宋徽宗；数以万计的平民在这次劫难中伤亡。此次事件也标志着北宋的灭亡。

Humiliation of Jingkang

Humiliation of Jingkang, also Jingkang Incident, is a historic event happened in the Period Jingkang (1126-1127) of the Northern Song Dynasty (960-1127). In 1127, a northern minority ethnic group occupied the capital of the Northern Song Dynasty, Dongjing (present Kaifeng City, Henan Province) and captured Emperor Qinzong and his father former Emperor Huizong, as well as imperial concubines. Tens of thousands of civilians were killed in this catastrophe which also indicates the doom of the Northern Song Dynasty.

During the social prosperity or turmoil, great literati or masters would arise who were exactly inspired by people's happiness or hardship and endowed with creative enthusiasm and abundant themes. The Golden Age of the Tang Dynasty (618-907) contributed to the bold and generous feature of the Tang Poetry; however the tough time experienced in the Song Dynasty made the *Ci*-poem graceful and restrained.

In the early Northern Song Dynasty, the society was flourishing and the population even exceeded the one of the Tang Dynasty. The financial and commercial businesses were in full flush; the education business was blooming; and the cultural quality of the entire citizens was in a relatively high level; the material

北宋前期国力强盛，人口规模超过唐朝，金融商业盛极一时，教育事业繁荣发达，国民素质整体较高，物质生活丰富多彩。北宋的皇帝很多都爱好文学艺术，倡导文治之风。宋太宗赵光义热衷风雅，喜好诗赋；宋英宗赵曙重视书籍的整理；宋徽宗赵佶则颇有艺术天分，在书法、绘画上的造诣很深，是著

Emperor Taizong, Zhao Guangyi was fevered in elegant literature and *Ci*-poem; Emperor Yingzong, Zhao Shu valued the classification and collection of books and records; Emperor Huizong, Zhao Ji, as a prestigious calligrapher, painter and connoisseur of historical objects, was talented in art and also had great attainments in calligraphy and painting. Even his son, Emperor Gaozong, Zhao Gou, was influenced by him and became a distinguished calligrapher as well. Unfortunately, Zhao Ji knew nothing about the national governance and his cowardice and incompetence directly led the doom of the Northern Song Dynasty. He himself was also captured by the Kins and died in the wilds. 在辽国、金国与宋朝连年交战中，许多文人被金人俘虏到苍茫寒冷的北方草原。同时，还有一批中原的文人墨客逃至江南避难，兵荒马乱的时事对他们的思想造成了强烈的冲击，催生出一大批“南渡词人”。“靖康之耻”成了宋朝人心心中永远的痛，许多爱国词人将悲愤之情化为文字，倾注于宋词之中，极大地丰富了宋词的内容，提高了宋词的品味和思想高度，为宋词的阴柔婉转增添了沉重的忧患意识和慷慨的爱国热情。

The turbid situation and erratic life made a great impact on their mind and therefore delivered a large bunch of South Crossing Poets. The Humiliation of Jingkang was the everlasting pain deep down people's hearts in the Song Dynasty. Many patriotic poets expressed their agony in the *Ci*-poems, which greatly enriched the contents, raised the taste and philosophy height, and infused a heavy anxious awareness and patriotic enthusiasm into the soft *Ci*-poem.

Most rulers in the Southern Song Dynasty were passive and reclusive. They only focused on the enjoyment instead of the national governance. Their incompetence directly led to the arrogation of traitors, fights between political parties and the decline of the national power. A passive and extravagant tide flooded the entire society. At this time, the *Ci*-poem was divided into two parties: one still held the
