## Preface

China is a beautiful treasure-house of ancient tales and folklore. Here are stories filled with sincere reflection echoing the vast and deep spirit of our culture and civilization. These represent the best of Chinese culture—tales that uphold a people's sense of their common origin.

This collection of *First Books for Early Learning* offers stories familiar to all of us. Drawn from folklore and mythology, along with the origins of special days in the traditional calendar and of famous places, these eighty books also recall ancient physicians, philosophers and thinkers, figures famed for statecraft, generals, royalty, prodigies and scientists, remembered through tales of wisdom and great poetry.

To give Chinese children all over the world an understanding of their ancestors' lives, and the changes through the different ages of China's history, scientific development and achievements in arts and literature, we have brought together concise language with most vivid illustrations. These ancient historical figures also give inspiration and ideas to children to connect with their own roots.

As Chinese, we know Chinese history well as a son or a daughter knows his or her family. Only with such knowledge can one possess a depth of passion and a sense of responsibility. It is our wish that this collection will guide children at an early age to learn from the history of our nation and to identify with the social progress and philosophical spirit of the Chinese people. We hope our children will develop wider horizons of wisdom to become open-minded yet with a rooted outlook on life.

*First Books for Early Learning* was originally compiled in Chinese for the children of China. The writers and artists who contributed to this collection have used the perspective of traditional literature and arts to interpret Chinese mythology, legends and history. We hope this collection will be enjoyed by Chinese people—and, now in translation, also by people all over the world—and all children who want to learn more about China.

相传舜是中国古代东方的首  
领。凤是中国古代东方先民的图  
腾。

According to legend, Shun was  
the chieftain of a confederation of  
tribes in ancient eastern China. At  
that time, the totem of his people  
was the phoenix.

一天夜里，舜的父亲梦见一只凤鸟衔着一粒谷种来喂他，并对他说：“我是来给你做子孙的。”于是舜的母亲受孕，生了一个目生双瞳（每只眼睛里有两个瞳仁）的孩子——舜。

One night, Shun's father had a dream that a phoenix had come to feed him with a seed in its beak. The bird said to him, "I shall become your son." Soon afterward, Shun's mother became pregnant and gave birth to Shun—a baby with two pupils in each of his eyes.

后来，舜长成了一个正直善良、才智过人、受人爱戴的青年。

相传，舜在历山（济南千佛山）脚下教人农耕。当时黄河流域有象生息，舜驯服大象耕耘。

Shun grew into an upright, kindhearted and intelligent man, respected greatly by the people.

Shun is said to have taught people to farm at the foot of Mount Li (now known as Mount Qianfo, in Ji'nan, Shandong Province). At that time, elephants roamed the valley of the Yellow River. Shun tamed these animals and used them to till the soil.

The background of the page is a textured, mottled brown and purple. In the upper right, there is a stylized, golden-yellow deer with long, thin legs and antlers, appearing to be in motion. In the lower right, there is a stylized, golden-yellow figure with a large, flame-like head, sitting or crouching. To the right of this figure is a small, golden-yellow fish. On the left side, there are two large, golden-yellow, leaf-like shapes. The overall style is that of a traditional Chinese ink wash painting with a modern, stylized twist.

舜还教人捕鱼狩猎。

He also taught people how to fish and hunt.
