也许可以这么去诠释：家就是财富的一个展示场所。本案为位于台北精华地段的豪宅，面积之大即便是郊区大宅也只能望其项背。屋主期望设计师为他们量身设计上下两层的居住空间，每个区块都有其各自的功能，如城堡般完美无缺。

因应屋主好客的个性，一楼规划为主要的公共空间，玄关入口的长廊可依时序摆放不同的艺术作品，以小型画廊的概念，将美术馆功能置入于居家空间。客厅分为两个区块，可容纳20人的主客厅让访客可各自聚会，而副客厅让屋主在举办小型音乐会时无需担心场地的布置问题，宽敞与舒适的定义在此处全然由于空间的尺度而又有不同的意义。在户外，规划了私人庭院与游泳池，朱铭与其他艺术家的雕塑，则提升了庭院的艺术性。

圆形语汇为主的餐厅设计，可看出屋主其重视东方文化的内敛个性，讲求和谐与低调的意涵延伸至空间设计中，空间让位给材质、家具与艺术品，摒除多余装饰的设计思想更能衬托屋主的地位与背景。

We may interpret a home as a place for displaying power. The project is a mansion in Taipei City's prime area. The total area of the mansion is even bigger than a villa in the suburban area. The owner authorizes the designer to design the living areas of the two floors. And all of the spaces have their own functions and therefore work together like a perfect castle.

The first floor is the public area because owner likes guests. The hallway of the entrance can displays different artworks with different seasons like a little gallery at home. The living room is divided into two districts and redefines the idea of spaciousness and coziness. The first living room can accommodate a gathering of twenty guests. The owner can hold a concert in the second living room. In the outdoor area, the owner has a private garden and swimming pool. Ming Ju and other designers' sculptures create the artistic atmosphere for the yard.

Circle is the theme of the kitchen; it shows the owner's reserved personality and his love for oriental culture. The ideas of harmony and low profile have extended to the space design. Furniture and artworks stand out in the space. Simple style actually sets off the owner's rank and background.

Brief bio
Arthur Wang has been in the interior design for more than twenty years. He founded A&F INC and TAD ASSOCIATES INC and has expanded his business to mainland China. Wang is an artworks counselor for his clients. His companies focus on the interior design service for private mansions, enterprise guest houses and offices.

拥抱山林与湖泊的居所

Place that embraces mountain and lake

Construction outward appearance 建筑物外观

退休后的生活，不再在都市的尘嚣中终日忙碌碌，而是返回大自然的怀抱，享受风和日丽下的恬静。屋主原本仅是征询设计师的意见，期望未来的居住场所能充分地满足生活所需，后来经过设计师的细腻规划，原已开始动工的房子有了不一样的样貌。

本案分为主客两栋，整个基地由一个人工湖所环绕。设计师刻意将建筑立面的开窗加大，强调了室内与户外的连接关系，将绿意与阳光带入室内，营造出宽敞辽阔的视野。而精简的设计，赋予空间宽阔感与自由不同的意义，也强调了居住空间与自然环境的关系，进入房子就能充分体会到什么才叫“过生活”。

考虑到屋主好客，客栋主要作为招待访客之用，除了设计套房式的空间，三面皆落地窗的餐厅，成了访客最喜爱的场所。

说奢华，再大的房子也比不过拥有一座山与一面湖的景致，设计的精简，在此处让大与奢华有了完全不同的诠释。

The owner decides to shun away urban life and goes back to nature after retirement. Originally the owner just counsels the designer and only expects his house to fulfill its basic needs. However, the designer reshapes the house through delicate planning.

The villa has main building and addition. The foundation is surrounded by an artificial area. The designer deliberately enlarges the area of the window to enhance the connection between indoor and outdoor areas, bring the greenness and sunlight to the room and create a broad view. And the concession here redefines the spaciousness and freedom of a pace. The simple design language emphasizes the relationship between living space and the natural environment. One will never know what “living a life” means until he/she enters the house.

The main building is mainly for hosting guests because the owner is hospitable. All of the rooms are suites. The most frequented spot is the dining room with three French windows.

The most luxury of the house will never surpass beauty of the scenery of a mountain and a lake. The simple design reinterprets the bigness and luxury here.
