## Foreword

## My home in the Forest City

Guiyang, the city of forest, is a fantastic ecological dwelling place for modern people, a potential area for a smart man to establish his business in, a romantic city with poetic life, and a city with a long history and splendid culture.

Guiyang is a scenic place ideal for tourists from home and abroad. On this beautiful land, there are not only records of the life of the remote past on the earth and traces of human being in the ancient time, but also brilliant ancient and modern civilizations. Guiyang is characteristic of its multi ethnic culture, and is also proud of its great contribution to the new Confucianism——Wangyongmin's interpretation to Confucianism (the so-called Wangyangmingology).

Guizhou is among the most typical karst areas in the world. Guiyang, as the capital city of Guizhou province, benefits hugely from the karst landform. Its mountains are high and rivers are long, plants are green and trees stand gracefully each season. Located in the midst of the slope of Yun-gui Plateau, Guiyang is swayed by the gentle southeast monsoon, which best describes the comfortable weather of the city of forest. It enjoys a fine and warm spring, a cool summer, a beautiful autumn and a spring-like winter. Guiyang is the only provincial capital city which is cradled by the evergreen belts of trees, and is thereby conferred the first State-level Forest City by China Ministry of Forestry.

Guiyang is the first experimental city nominated by the China National Environmental to practice circulative economy. Green food industry, modern production of traditional Chinese medicine, new materials industry, phosphorus chemistry, aluminum processing, electromechanical industry and tourist industry have been rapidly developed in Guiyang. When the millionth 1.0 inch HD drive was produced in the Guiyang State-level High and New Technology Industry Development Zone, Guiyang attracted eyes from the whole world for its marvelous high-tech achievements. As the first regional law on circulative economy was put into practice, Guiyang is advancing firmly on the way of constructing a harmonious society.

Guiyang, the City of Forest, has beautiful scenery and colorful life. Welcome to Guiyang.

山在城中，城在山中。山环水绕，滋养了林城贵阳山一样的至豪至刚之气，水一样的至柔至美之情。

喀斯特的迷人景观，令贵阳展现出独特的山水气质。车水马龙流泻在郁郁葱葱的黔灵山、六冲关、桐木岭，高楼大厦毗邻着如泼墨画屏般的东山、螺丝山、贵山，黔灵公园、森林公园、南郊公园犹如林城市民的后花园，以南明河为代表的近百条蜿蜒奔腾的河流滋润出这座水灵灵的城市。

贵阳温暖湿润的气候，使动植物生长十分繁茂。香果树、鹅掌秋、青檀等多种国家重点保护植物，天麻、杜仲、银杏、厚朴等珍贵中药材，云豹、林麝、猕猴、穿山甲、大鲵(娃娃鱼)等珍稀动物构成了现代社会少有的生态家园。春看千种空谷幽兰、白云风筝，夏到红枫湖泛舟、百花湖垂钓，秋到花溪赏斑斓山光水色，冬到黔灵公园品早春玉兰。

林城人民珍爱自己的家园，南明河三年变清工程、第二环城林带的建设、平安工程的创建，让林城获得了一个又一个荣誉的花环：首个国家森林城市、全国园林绿化先进城市、全国绿化模范城市、中日环境合作示范城市、中国优秀旅游城市、全国卫生城市……

走进林城，你就走进了秀色无边，温馨的家園。
