前言

韩国建筑世界出版社已连续 13 年出版景观与建筑设计类大赛图书。通常，景观设计大赛通过对参赛项目进行比较而评选出最适合标的项目的设计方案；景观设计大赛不只是选择设计方案，同时也是选择景观设计师——他们不仅需要了解客户的需求，还要以有效的方式满足其需求。真正的景观设计是符合客户需求的设计，而最好的设计则是经过层层比较、从众多项目中脱颖而出的设计。

景观设计大赛可以被视为一种设计方法，这种方法在世界范围内被广泛使用，它对当前及未来的景观设计发展起着重要的作用。本书汇集了众多的景观设计方案，将获奖项目和其他参赛项目原汁原味地展现出来，进行比较和分析，其宗旨是重视这些方案的价值。另外，通过景观设计大赛这一媒介可以了解当代景观设计的评选标准。

编著本书时，编者希望尽量囊括更多的景观设计师、建筑师和设计公司的作品，以使本书内容详实可靠、厚重而丰满，并且尽量为读者呈现出更多更好的设计，以不负读者对本书的期待。最后，感谢广大读者一直以来的关注与建议。

出版人：KwangYoung Jeong

PREFACE

Archiworld Co., LTD. has published books of Architecture Design Competition for 13 years. Landscape Architecture competition is for selecting the most suitable design for the objective project by comparison within participants. It is, in addition, to choose an landscape architect who understands and deals with client's purpose of the landscape. Real landscape design begins as the suitable design and the best design are selected after diverse competitions.

Landscape Architecture competition is a method of Landscape Architecture which is generally conducted of the world. Also, it has a great influence on development of recent Landscape Architecture as well as current. We publish an volume with various data on these Landscape Architecture. The motto of the book is to promote the value of the data as it forms the basis of comparing and analyzing awarded design work and all applied design works with originality. It also provides a public measure to judge the level of contemporary Landscape Architectures.

We hope to have a great view of Landscape Architects, architects and companies that offer the information and data to us by publishing the book. Especially, I'll do my best to meet the expectation of the readers with good contents. I would appreciate your continuous attention and advice.

设计说明

项目位置：韩国釜山市沙上区

占地面积：长度 1100m、宽度 80 ~ 100m

设计目标

光中路顶级街区公园全长 1100m、宽 100m，如同一条绿色的纽带连接着 Baekyang 山和 Nakdonggang 河。该项目场地已开通地铁，并设有长途汽车站，还将开通釜山—金海轻轨站。该项目的初始预算为 55 亿韩元，一期工程预计于 2011 年 4 月竣工。除街区公园外，其周边将继续进行升级改造，如完善沙上站附近的公共交通设施等，该项目还将新建一座横跨 Nakdonggang 河的人行桥。釜山是一座国际化大都市，该项目旨在将光中路顶级街区公园打造成釜山市的地标景观，并将这里建设成釜山西部的中心。该项目将有利于振兴地方经济，在釜山西部宏伟的发展蓝图上描绘浓墨重彩的一笔。

Planning Guide Index

Location: Sasang-gu , Busan, Korea

Area: Length 1.1km, width 80~ 100m

Objectives

Sasang Gwangjang-ro Top-brand Street Park Project is the renovation of Sasang Gwangjang-ro into a representative landmark street and the center of West Busan. This area already has Subway and Long-distance Bus Terminal and Busan-Gimhae Light Rail Transit will open next year. The new Gwangjang-ro will be an opportunity of vitalizing local economy and will also have the role of agreeen axis linking Baekyang-san Mountain and Nakdong-gang River. Busan Metropolitan City will begin the project this year with initially secured budget of 5.5 billion. The 1st stage will be completed in April 2011 together with the opening of Busan-Gimhae Light Rail Transit. In addition to the Street Park, the surrounding area will also have upgrading projects such as a public transportation transfer facility nearby Sasang Station. At Nakdong-gang River, a connecting overhead bridge for pedestrian will be built. Sasang Gwangjang-ro will have road width of 100m and length of 1.1 km. It is expected that the new Top Brand Street Park will be the beginning of series of development for the stragglng West Busan area.

釜山沙上区光中路街区公园设计竞赛

穿越森林与金沙滩的光中路

一等奖

The Road on the Golden Sand Running Through the Forest

景观设计：URI Environment Design Firm Inc. + PH6 + Neungjeon Construction Co., Ltd.

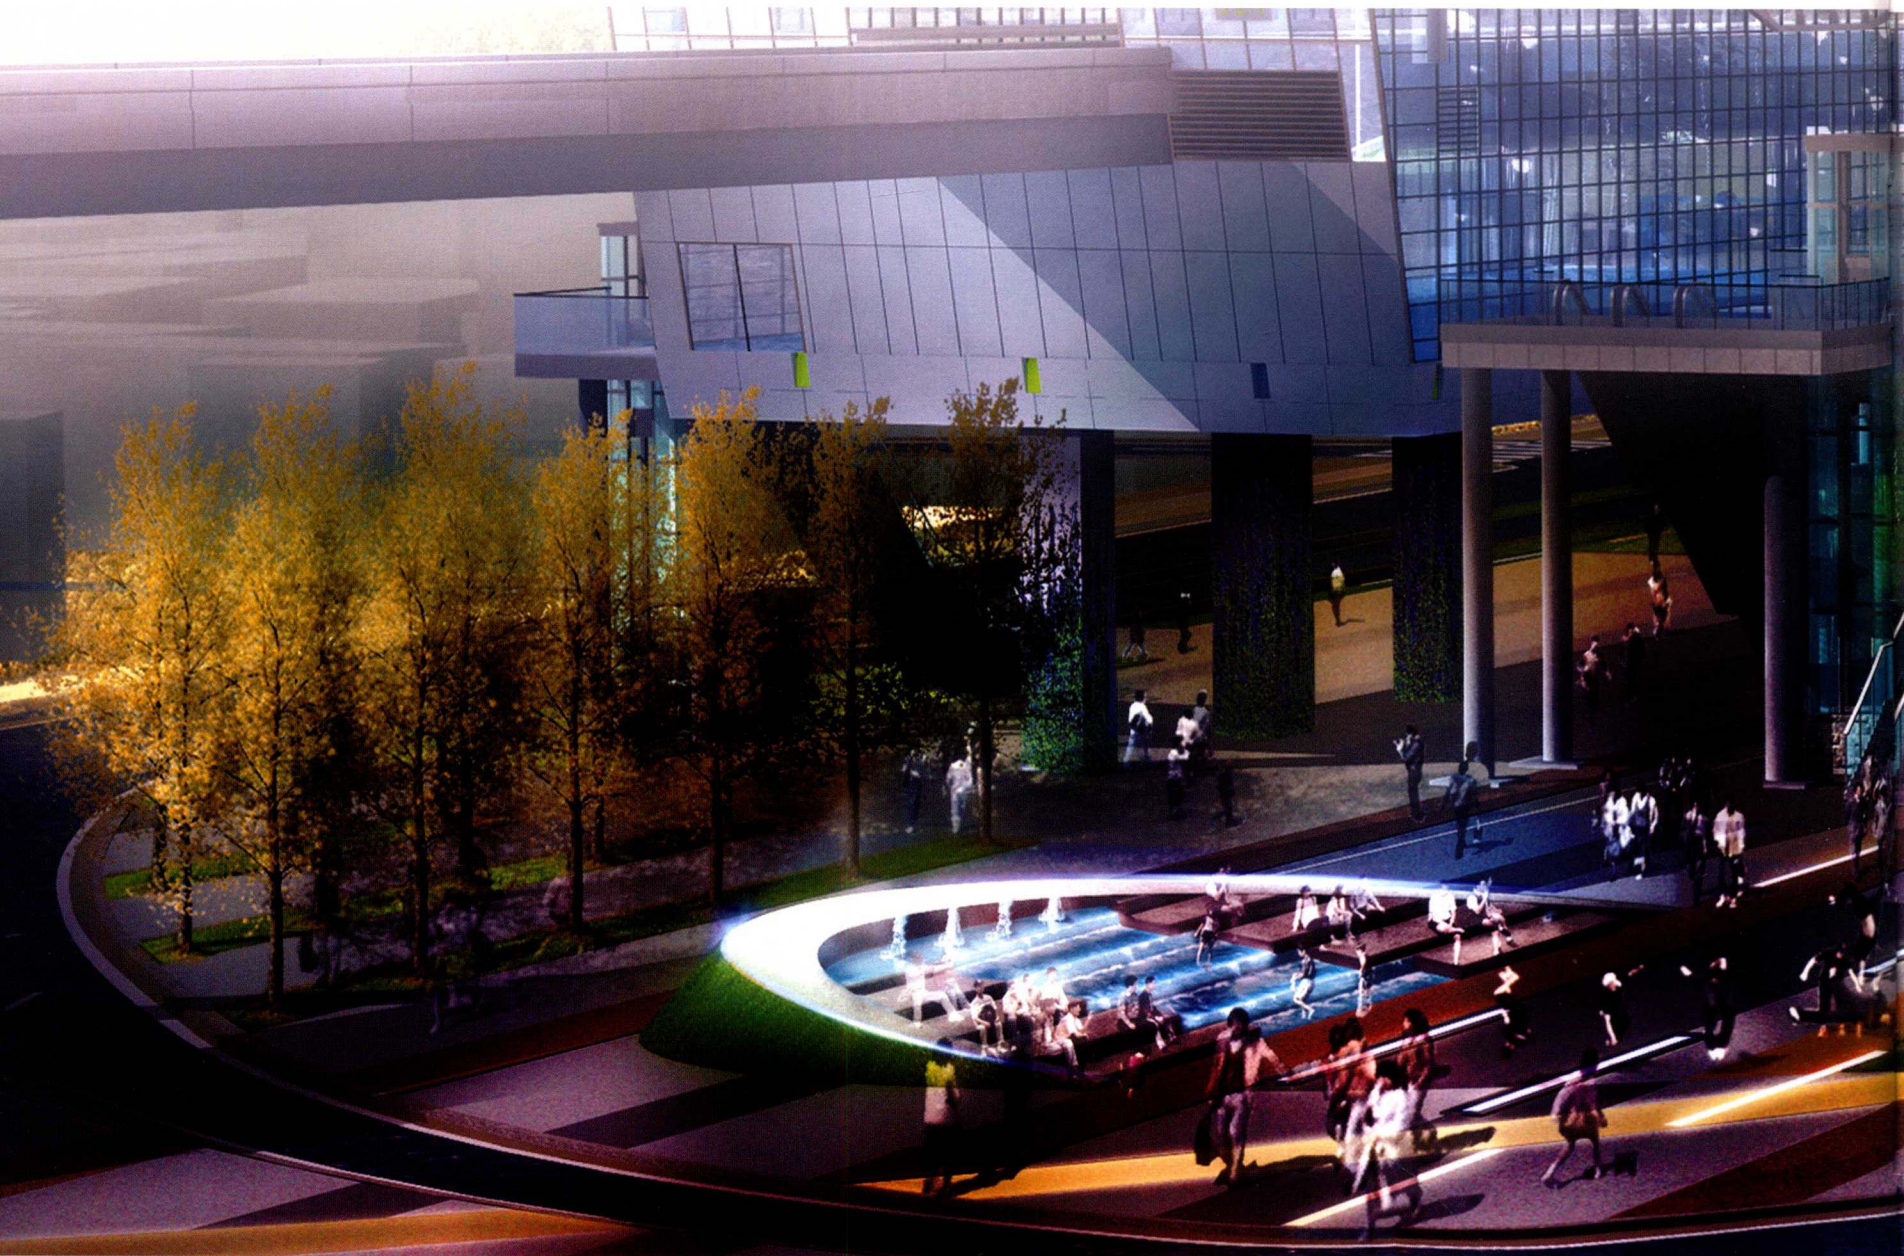

沙上是个溪边村落，原先这里是没有路的，但有着美丽的洛东江河滩和芦苇叶，海水和江水的交汇处是候鸟们的栖息地。

随着大规模工厂的进驻，这里便出现了所谓的“路”。道路虽然将人和车辆联

系在了一起，却也隔断了山河。大规模出现的工厂和车站使沙洲变得灰蒙蒙的，道路最终只是将釜山西部落后的面貌显露出来。

如今，沙上正力求成为釜山西部地

区的交通要塞。同时，沙上广场路也有了必不可少的新用途——为步行者提供了舒适，给司机们提供了便利，给鸟儿们提供了新的栖身之所，成为了人与自然和谐共处的大花园。

Before, there was no road.

Sasang was a small village on the waterfront with beautiful reeds and Nakdong-gang River shoal. Sasang is an estuarine where sea water and fresh water meet. It was a resting place for migratory birds and home of us.

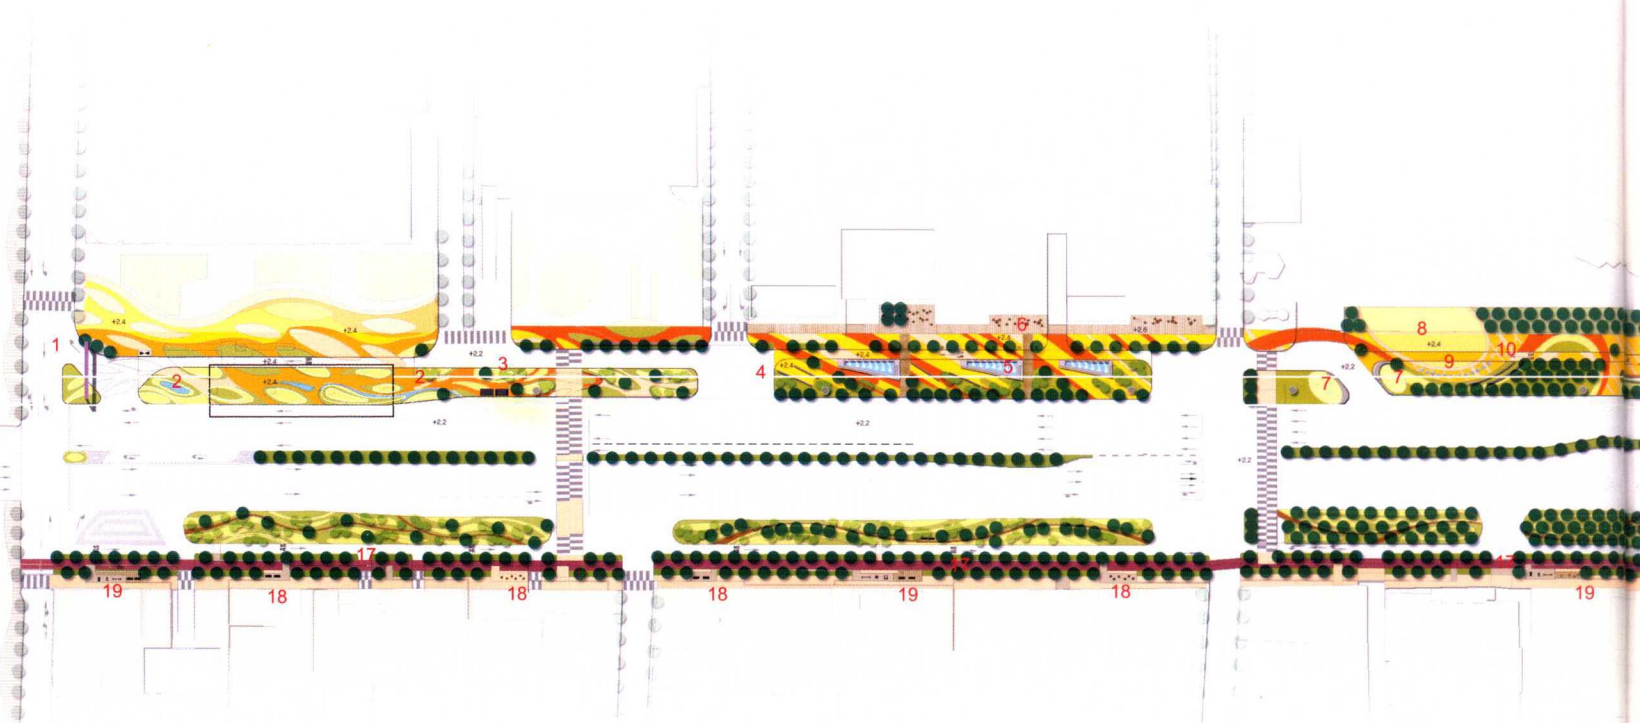

One day, a city appeared. Large factories came in. First time, roads appeared in Sasang. A busy city with many people and

cars appeared; however, they split and broke the mountains and rivers. The many factories and the terminal changed the richness of Sasang into grey color. The roads now only show that Sasang is the straggling town in the west of Busan.

Now, Sasang is preparing for a new birth as an important transportation hub, extending the western boundary of Busan Metropolitan

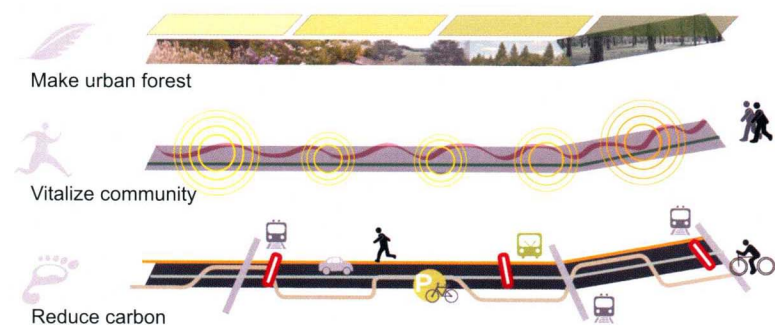

City. Gwangjang-ro Road, which is just one of roads in Sasang now without much meaning, needs a new role. Gwangjang-ro Road of Sasang will give pleasantness to the pedestrians, convenience to the drivers and hiding places for the birds. It will be a park where nature and people would be together. The road should represent the presence of Sasang.
