## 前言

约翰·肯尼迪是美国历史上最年轻、也是最有所作为的总统。他在1961年1月20日就任美国总统时年仅43岁。自1972年至今，在民意测验中，美国民众在回答“谁是美国最伟大的总统”这一问题时，约翰·肯尼迪得票一直遥遥领先，即使在30岁以下的公民中，他也比其他总统更具感召力。他在1000天的任职内，在国际问题上做了四件半大事，即：对古巴猪湾入侵的惨败；处理柏林危机；处理古巴导弹危机；使美国更深地卷入和扩大了越南战争；还有半件大事是在他生命的最后时刻坚决下令将美国军队撤出越南。但是，因为他下令从越南撤军，招来了杀身之祸。1963年11月22日，他在访问达拉斯市时，被埋伏在两个方向、多个伏击点的枪手杀害，时年46岁。由于他的突然遇害，使他的从越南撤军计划戛然而止，成为遗恨终身的半件未竟之事。

历史是无法改变的。但是人们有理由推断，如果肯尼迪不被暗杀，哪怕他再活40天，坚持到当年年底，那么可以肯定，他的已经签署生效并已公开宣布的撤军命令必定会实施，美国撤出越南就成为不可改变的事实。这场由美国直接参与的越南战争就不会再

继续下去，最多是越南人自己进行的国内战争，或美国的代理人战争，其规模范围和破坏损失的绝对程度绝对不会像以后那样大，亚洲和世界历史进程和格局可能会变成另一个样子。

但是恰恰在这历史转折的关键时刻，肯尼迪总统已经抬起撤军之腿并已跨出门槛，刚要落地还没有落地的当儿，突然被暗杀，使美国的战略政策和世界形势顿时出现了逆转：

首先，他的撤军计划和命令在4天之内被主战派紧急终止取消，取而代之的是立即决定美国更大规模的直接卷入越南战争，并迅速升级扩大。此后侵越美军兵力逐年猛增，从肯尼迪去世前的16,300人，增加到1968年的55万人，其中还不包括军事顾问人员。到1975年越战结束时，美国共有340万人派往东南亚，其中有240万人参加了在越南的实际战争。在越战期间，美国共投掷了620万吨炸弹，比二次大战时所有参战国所投的炸弹总和还多120万吨。美军阵亡人数也急剧上升，肯尼迪时期只有78人，肯尼迪死后死亡者达58,191人，伤残者30余万人，伤亡总数近40万人。美军三换司令官，死了七个将军。耗资3500亿至5700亿美元，为朝鲜战争的数倍，美国的综合国力损失竟高达3.5万亿美元。引发美国国内反战运动风起云涌，这场不得人心的侵越战争使美国在政治经济和军事上都陷于困境。

其次，肯尼迪之死，不仅给美国带来了灾难性骤变，也使亚洲和世界局势发生了根本性的剧变：

(1) 越南战争中，越南死亡人数高达 300 余万人，伤者无数，全国一片废墟。柬埔寨、老挝也遭到了严重的战争破坏和伤亡。

(2) 由于美国改变了肯尼迪的撤军计划，使苏联获得了宝贵的时间和机会迅速扩展崛起，核武库骤然膨胀。到 60 年代下半期已经达到了与美国形成均势的水平，有些方面甚至超过了美国。苏联利用美国被拖在亚洲而造成欧洲空虚之机，开始向欧洲和世界各地大举侵略扩张，成为世界最危险的核战争和常规侵略战争的策源地。

这一切都是因为有人谋杀了肯尼迪造成的。肯尼迪之死对美国和世界影响重大。

但是，从肯尼迪总统被暗杀之日起，这桩震惊美国和世界的第一大案至今未能真正破案，其主谋凶犯和整个阴谋黑幕真相始终未能侦破。倒底谁是密谋策划、组织和下令杀害肯尼迪的主谋凶犯，至今仍是个谜。那些知情人、重要证人、独立调查人以及不少暗杀阴谋的参与者不断死去，重要证据被篡改销毁，凡是与此案沾点边的人，不是顿感自危、性命难保，就是深受迫害，终日不宁，即使知晓内幕真情，也不敢说出。时至 1983 年，肯定或可能因涉及此案而死亡者已达 188 人。仿佛到处都有一张看不见的、却始终能

够保护此案真相不被揭发暴露的大网，冲决不开，破解不了。难怪美国凶杀特别调查委员会在 1978 年宣布，此案只有到 2038 年才有破解的可能。

破解肯尼迪总统谋杀案，把那些主谋凶犯和战争罪犯揭发出来，才能搞清楚他们谋杀肯尼迪和在肯尼迪死后发生的事件的根本原因，也才能从中吸取历史的经验和教训。社会难题像数学难题一样，只要实事求是地动脑筋，下功夫，是可以去解开的。笔者在研究二战史及战后历史过程中，从大量史料中发现一些线索，循这些线索探究，发现若干疑点，经过逻辑推理，得出破解美国总统被杀案的一种思路，愿发表出来，供有关人士参考。本书将首先破解此案中的第一个谜案，即肯尼迪被刺案的起因——猪湾事件。

## Forward

John Kennedy was the youngest president the US ever had, also the most able. When he was inaugurated president on January 20th 1961, he was only 43 years old. From 1972 to the present, the American people in answering the public opinion pole question, "Who was the greatest president" invariably put Kennedy far in the lead. In his 1000 days of presidency he handled four and a half major international incidents. First the degrading incident of the Cuban Bay of Pigs, second, the Berlin crisis and third, the Cuban missile crisis, and Kennedy's taking the US deeper into the Vietnam war was the 4th incident. Just before he died Kennedy was determined to take the US out of Vietnam. It was his order to withdraw from Vietnam which brought on his assassination On Nov. 22, 1963 when he was in Dallas Texas. He was ambushed in cross fire from two directions. He was only 46 years old. Because of his sudden assassination, his plan to withdraw from Vietnam was stopped. This half fulfilled ambition, was the half major international incident with which he was associated.

History can not be changed, but people have reason to speculate. If Kennedy were not assassinated, even if he could have lived another forty days to the end of the year, then we can say for sure the military order to retreat which he had already signed and which had already become law of the country would have been carried out, American's get-

ting out of Vietnam would have been a fact with no way to change it. The invasion of Vietnam by the US would not have continued. At the very most either a civil war among the Vietnamese themselves or a war of American stooges, the scope and destruction of which would not be anywhere near as big, would have continued. The historical development of Asia and the world would have been entirely different.

It was precisely at this critical turning point in history, before Kennedy's first step to start withdrawal of the US army from Vietnam could be realized, that he was assassinated. Thus the American strategic policy and the world situation immediately changed. Within 4 days after his death the war mongers terminated and canceled Kennedy's plan of military retreat from Vietnam, reversing it with a decision to increase the scale of invasion and for more direct involvement. From then on the American invasion forces increased rapidly every year. From the 16,300 troops in the period before Kennedy's death, the number increased to 550,000 by 1968. These figures do not include military advisors. Up to 1975 when the Vietnam war stopped America had sent 3,400,000 troops to South East Asia. Of these 2,400,000 US troops were directly involved in the war in Vietnam. the US dropped a total of 6.2 million tons of bombs, 1.2 million more than the 5 million tons dropped by all sides in the second world war. Losses of US army troops rose drastically. In the Kennedy period only 78 people were lost. After his death, the total number of killed and wounded was almost 400,000. US commanding officers were changes three times. 7 generals were killed. The war cost between \$ 350 to \$ 570 billion, several times as much as the cost of the Korean war. The total loss to the country was \$ 3500 billion. An anti-war movement in the US got

stronger and stronger until it was on the verge of armed insurrection. This unpopular aggressive war put the US politically, militarily and economically into a very difficult position.

Kennedy's death caused a basic change in US government policy from that of withdrawing to that of expanding the Vietnam war. This did not only bring disastrous change to the US but it also brought a fundamental change in the situation in Asia and the world:

1) The death toll of Vietnamese in this war reached over 3 million, with countless wounded. The whole of Vietnam was laid waste. Cambodia and Laos also suffered serious death and destruction from this war.

2) America, after Kennedy's assassination, suddenly changed Kennedy's plan. This change in policy made the USSR, who was being stopped by Kennedy, gain precious time and opportunity to swiftly develop its strength, and build its nuclear arsenal. By the end of the 60's the USSR had reached parity with the US and in some areas they had even exceeded the US. The USSR made use of the vacuum caused by the US involvement in Asia to start aggression in Europe and other parts of the world becoming the most dangerous nuclear and conventional war strategic center in the world. In a word the assassination of Kennedy, made all these disasters that should not have happened happen. All these occurred because Kennedy was assassinated for a definite purpose. Kennedy's death had profound effects on the US, China and the world.

But from the day of Kennedy's assassination to this day, this incredible case that shook the US and changed world history has still not been solved. The main assassin and the curtain covering the real plot

have still not been exposed. Who made the secret plan, who organized it and gave the order? Those who know the case, the main witness, the independent investigators and many participants of the assassination are continuously being murdered. Important evidence is being changed and destroyed. All people in some way or other connected with this case, either continuously feel threatened, or are persecuted. If they know anything about the inner facts of the case, they dare not say anything. They can never relax. Up to date there have been 188 people killed to seal their mouths. Everywhere there is an unseen huge untearable net protecting the truth of the assassination from being exposed and continually making this case into a murky mystery. No wonder the American Committee to investigate the murder announced in 1978 that this case can only be resolved by the year 2038.

Only by exposing the plotters and war mongers behind this murder can we clear up their reason for killing Kennedy as well as their responsibility for the disastrous changes after Kennedy's death. Only this way can we learn from this historical lesson. Difficult social problems like difficult mathematical problems can be resolved only if people use their brains and work hard to gain truth from facts.

The author, Mr. Li Jia Ping, in his thorough study of the history of World War II and of the postwar period, tracked out through this process some important clues to the case of the assassination of an American president, and thus authorized Xue Yuan Press to put his conclusion into publicity. This book will start by dealing with the first mystery in this case, that is The Bay of Pigs incident, the initial case leading to Kennedy's assassination.
