前　　言

《旅游交际英语通》(THE WAY TO COMMUNICATIVE ABILITY IN TOURISM) 系《大学英语(文理科本科用)》试用教材的同步教材，是专为大学旅游管理专业学生设计编写的。由于专业的需要，学生除须通过国家教育委员会规定的《大学英语》四级标准外，尚需大力加强英语口语表达能力的培养。为此特编写本教材，以使学生掌握熟练的英语口头表达能力，同时又能通过英语获取一定数量的旅游管理的专业知识和信息。

本教材分六个专题：入境(ARRIVING)，宾馆(HOTEL)，餐厅(RESTAURANT)，购物(SHOPPING)，观光(SIGHT-SEEING)，离境(LEAVING)。每课包含对话与阅读两大部分，并配有注释和练习。每个专题后均附录与该专题有关的常用句型、动词词组、词汇(均配有中文译文)，供学生查阅和使用。

在编写过程中，我们参阅了近年来国外出版的有关旅游方面的最新书籍，尤其是阅读部分选录了美国最新的旅华游记。因此，本教材专业知识新颖、科学，语言规范、地道，对从事宾馆、旅游、外贸教育以及其他涉外接待人员等均有很大实用价值。

本教材使用的上课课型为口语课，着重培养学生的英语会话能力。阅读部分除了有助于培养和提高学生的阅读能力和扩大词

汇量外，主要是为学生进行成段的英语表达提供素材。对话和阅读两部分的练习，也均以利于培养英语口语能力为原则。

本教材由陈克成、贝树浩、胡坚和李荣琦参加编写。全书经华东师范大学外语系万春轩教授和加籍专家 ZANNETA VARLEY 审阅。

华东师范大学大学外语教学部关肇远副教授对本书编排等各方面提供了宝贵意见。华东师范大学旅游专业丁季华副教授和华东师范大学出版社有关同志在编辑出版过程中给予大力支持，谨在此表示感谢。

FOREWORD

Travelling is becoming an activity of more and more people in the world today. They travel within their own countries or around the world for business, for education, for sightseeing, for visiting friends and relatives and even for health and recreation. Tourism has thus become a flourishing modern industry of most of the countries in the world. "In many parts of the world tourism is providing the fastest growing source of dollars which in turn provide new funds for local investment in industries" says the Wall Street Journal.

China, too, has been trying to develop her tourist industry by opening to tourists cities and regions such as Tibet (so far closed to foreigners) and building more hotels with better accommodations for the tourists. For a Third World country like China with her ancient civilization, developing tourist industry is not merely for earning more foreign exchange to provide new funds for her local industries. What is more important for her is to get herself closer to all the different countries to promote friendship and good will and better understanding between them, irrespective of the different languages they use.

Language as a medium of communication plays a very important part in social intercourse, especially in the comity of nations today. If the travelling is within one's own country, language does not become much of a problem. But if it is done in a foreign country, language will very often become a barrier unless it is English which is now the world's most widely used language.

This book is specially designed to provide help and guidance on problems of being familiar with and using English in tourism. It is also intended for undergraduate art and science students with English in tourism and tourist management as a special course. The book consists of a full programme of dialogues, extensive readings with exercises and questions for discussion — all arranged in a graded and systematic way. Besides, there are useful patterns, idiomatic expressions and additional words and phrases with both English and Chinese equivalents. Every effort has been made to present up-to-date, practical and realistic models of the English language spoken today throughout the world by selecting materials from various sources.

It is sincerely hoped that this book may also prove useful as a reference material to the trainees going to be reception personnel or interpreters and guides for foreign nationals on a tour in China, to the teachers of English at all levels of instruction in secondary schools and to all those who are interested in the English language.
