序言 PREFACE

在中国改革开放和加快经济建设的今天,随着城市规划建筑设计的大量需求以及国家政策的支持,民营设计公司正不断地涌现,形成了一股新生的设计力量,并与众多的传统国营设计院一起,担负着新形势下城市建设的重要使命。在岭南地区,广州瀚华建筑设计有限公司就是其中的佼佼者之一,它虽然年轻,但是有活力、有能力,它的形成和发展反映了中国民营设计公司的发展趋势。在短短五年中,瀚华创出了可喜的成绩,这本作品集的出版就是一个很好的见证。

可以看出,在这个作品集中,瀚华的设计师们对待他们所承担的每一个项目,无论公共建筑还是居住建筑,无论项目大小,都同样倾注了高度的热情、深层次的重视和认真的创作精神。这在以往的设计周期完全被打破,设计也变得“高速度”的当今,这种精神更显得难能可贵。广东地区大量的居住建筑都有着瀚华不少的贡献,在住宅建筑的创作上,他们始终遵循着以人为本的,结合岭南地域特点不断创新居住建筑的设计理念,力求创造和提升本地区居住建筑的文化品位,从而创造出一批批人们所喜欢的时尚、健康的新型住宅类型,并逐步形成了自己的品牌,得到了业界、发展商和大众的认可。从某种意义上讲,推动广东地区居住建筑设计不断走向新型、美观和人性化,瀚华是起了很大作用的。

瀚华的创作态度以及从他们的作品中体现的作为建筑师所具有的社会责任感,很值得广大同行们共勉。在这与时俱进的新的潮流中,必然会有更多象瀚华这样有活力和创新精神的设计团体的涌现,我们期待瀚华在今后的发展中创造出更多的优秀作品。

After years of opening-up and reform, China is quickening her pace of construction. Today the increasing demand for city planning and architectural design, with favorable policies from the state, promotes the booming of large number of private design companies. As a new force, private design companies play an important role in city construction together with traditional state-owned design institutes. Guangzhou Hanhua Architects & Engineers Ltd. is one of the outstanding design companies in South China, its achievement shows the booming developing trend of private design institute. Active and highly competitive, Hanhua made amazing achievement in only 5 years, and the publishing of this collected works is a convincing proof.

It can be seen from this collection that the designers of Hanhua have devoted their passions to each job they undertook, whether it is commercial or residential, large or small. Nowadays, when pace is getting faster and faster, and design period is getting shorter and shorter, this strong creative passion and serious working attitude is more precious to be appreciated. With high emphasis of people-orientation and fully consideration of geographical adaptability in Lingnan area, Hanhua has contributed a lot of good jobs in residential buildings, and is keeping on creating new design concepts. By promoting the cultural taste of local residence and creating new style, healthy-friendly residential buildings of new style, Hanhua gets her reputation both from common people and developers, as well as highly appreciated by professionals of the architectural field. To some extent, Hanhua has considerably contributed to the promotion of the innovation, beauty and humanness of residential buildings in Guangdong.

The working attitude of Hanhua and the social responsibility reflected in their works are worthy learning in our field. Keeping the pace with time, it is certain that more and more active and creative groups like Hanhua will come forth. We hope that Hanhua will come out with much more excellent works in the future.
