# 序

第四届连州国际摄影年展的开幕意味着这个广东省重点文化项目又进入了一个新的历史时期,这个项目已经通过四年的运作成为中国乃至世界都闻名的摄影节,连州也光荣地被誉为 "中国摄影之城",全体连州人民都引以为豪。

连州地处粤西北,是广东省历史文化名城。据史载,东汉建安元年(公元196年)沛相袁忠的子孙就将中原使用铁犁耙田的先进农耕技术带到连州,开了岭南先进农业之先声。先进的农业技术进一步促进了社会经济的发展,使连州成为了"荒服之善部,炎裔之凉墟"(刘禹锡《连州刺史厅壁记》)的富庶地区,当时的连州已有三万多户口,人口之众仅次于广州而多于韶州(今韶关)。连州和广州、韶州一起并列为"岭南三州"。

在唐宋时期,许多著名的政治家、文学家、诗人如韩愈、刘禹锡、王宏中、张浚等都曾贬来连州,特别是刘禹锡还在连州为刺史近五年之久。这些历史文化名人的到来,为连州带来了中原的先进思想和文化,连州成为了百越荒蛮之地的文化之城。唐、宋期间,连州士子高中进士竟达七十二人之众,因而享有了"连州科第甲通省"的美誉。

连州还是粤北旅游中心城市,山清水秀,风光旖旎。唐代诗人刘禹锡贬任连州刺史时,就写下了"剡溪若问连州事,惟有青山画不如"的诗句。唐代文学家韩愈,亦在《燕喜亭记》中赞美"吾州之山水名天下"。连州境内的旅游景点,有神秘瑰丽的地下河、"岭南画廊"之誉的湟川三峡、夏凉冬雪的潭岭天湖森林公园和天龙谷、森林温泉飞瀑的大东山旅游渡假区、慧光千年斜塔、古村落群、燕喜园林、历代名人手迹的磨岩石刻、道教之四十九福地的静福寒林等,可让人领略并陶醉于湟川文化的神韵。

迈入21世纪的连州,紧握广东历史文化名城和粤北旅游中心城市这两块金字名片,积极响应广东省委建设文化大省的号召,创立了这个国际性的、最具影响力的中国摄影年展,集学术交流、专题研讨、摄影创作、图像展示、图片交易于一身,并将创造一个文化与经济、专业与市场共赢的更高层次国际文化交流平台!

黄裕团 连州市人民政府市长

# **Foreword**

The grand opening of Fourth Lianzhou International Photo Festival has brought a new historic stage for the leading culture program of Guangdong Province. The combined support and efforts of the last four yeas have helped establish LIPF as one of the leading photographic events in China. Lianzhou is also honored to be "the City of Photography in China". What a proud event it is!

Lianzhou is situated in northwest Guangdong Province, and is a famous historical and cultural city. According to historical records, the descendents of Peixiang Yuanzhong first brought advanced iron-plow agricultural techniques from the central plains to Lianzhou in 196 AD, during the Eastern Han Dynasty, heralding the dawn of advanced agriculture for the region. The advanced agricultural technology spurred social development, making Lianzhou "an island of stability among barbarism, a bright spot among the waste" (Liu Yuxi, Lianzhou Official History); Lianzhou at the time was a bustling city with over 30,000 households, larger than Shaozhou (modern Shaoguan) and second only to Guangzhou. Together they were called the "Three Zhou's of Guangdong/Guangxi".

Many great political thinkers, scholars and poets passed through Lianzhou during the Tang and Song Dynasties, notably Han Yu, Liu Yuxi, Wang Hongzhong and Zhang Jun. Liu Yuxi even remained there to work for the hall of records for five years. The arrival of these famous literati brought advanced thinking and culture to Lianzhou from the central plains, making it an oasis of civilization in a barbaric region. During the Tang and Song Dynasties, 72 local scholars passed the Confucian licentiate examinations, giving it the honorable reputation as the "home of Confucian scholars".

Lianzhou, with its spectacular scenery and natural environment is also the center of tourism for northern Guangdong. While Tang Dynasty poet Liu Yuxi served at the hall of records, he wrote a famous poem commending the beautiful landscape. The Tang Dynasty scholar Han Yu wrote in his Yanxi Pagoda, "The rivers and mountains of my city are renowned across the world". Among the tourist sights in Lianzhou are the mysterious and alluring Underground River, the Three Gorges of Huangchuan River, known as the "gallery of Guangdong", the cool Tanling Sky Lake Forest Park and Sky Dragon Gorge, the forest hot-spring and waterfall of the Da Dongshan Resort, the Darkness Penetrating Thousand Year Leaning Pagoda, ancient villages, Yanxi Garden, a rock wall bearing inscriptions of historical figures through the ages and the Jingfu Hanlin Forest, one of Daoism's 99 Great Places. These places all serve to enchant and intoxicate visitors with the spirit of Huangchuan River culture.

In the 21st century, Lianzhou grasps tightly onto the two golden calling cards of a famous ancient Cantonese city and a major regional tourist center. As part of a positive effort towards promoting Guangdong Province's goal of becoming a major cultural center, the city chose to hold the Lianzhou International Photo festival to be held every year, beginning in 2005. Through long-term, continuous operation, our aim is to establish an internationalized, influential Chinese photography exhibition, and to bring academic exchange, professional forums, photographic creation, picture displays and image exchanges together as one to create a high-level platform of international cultural exchange where culture and economy, profession and market can all win together.

# 标准或信念

作为连州国际摄影年展的艺术总监,面对公众时,有一个问题或多或少总是会被问到:你的标准是什么?

我对付这个问题的办法是告诉对方,他的问题是出于对艺术总监的误解,艺术总监不是法官,手里没有法典,更不是一个质检人员,所以没有可以清晰列明的"标准"。

这样的回答通常能够让我在现场脱离困境,但是,我知道,我实际上绕过了问题的实质。记者和观众当然不是迫使 我列出一二三四条精确的、通行的标准,他们要问的、他们认为他们必须知道的是,作为一个艺术总监,你对摄影 的根本看法是什么,你的信念何在?

正是这个问题困住了我。摄影对我来说究竟意味着什么?它是我们的家常日用和柴米油盐,是我们的话语权力的来源,是宏大精密的知识谱系,是必须不断生产的思想、理论和概念,是我们的分工我们的学问,但是现在,一个观众穿过这一切来到我面前,他问:是什么使你选择了这一切,告诉我一个根本理由,这个理由证明这一切都有意义。

现在, 我愿意试着回答这个问题。

在我们生活的大部分时间里,经历了图像观念急剧、频繁的变化,对于摄影是什么以及摄影在人类生活中的价值,我们曾经信服和发明了许多种说法,而在当下,我们有些人甚至对此产生了怀疑。但是,现在面对这个问题,我宁愿回到生命的早期,在那个急剧变化初现端倪的时代,通过各种途径,我们发现了摄影。

尽管在那时,人的自我认识、人对世界的想象还是受到严厉规约的影响,尽管有强大的真理的声音告诉你,人必须是这样、生活必须是这样,你无可选择无可争辩,但是,摄影的微光使我们看到,人可能是另外的样子,我们自身远比我们意识到的更为丰富和复杂,我们看到了经验的真实质地,看到了事物的模棱两可,看到人如何击破覆盖他的幻觉、成规、归类和论述,去发现和践行他自己的真理。

在这个意义上,摄影就是要承受傲慢与偏见,承受对它的价值的怀疑。承受着这种压力,摄影守护着语言的活力,守护着人的生动形象,守护着人的诚恳和自由。

从这样的信念出发,我认为,连州摄影年展这样的活动可以是肯定也可以是怀疑,是分析、判断和学理,但肯定、怀疑、分析、论断和学理不是为了规约和驯服摄影,不是为了榨干它的汁液,恰恰相反,它是为了警觉地坚持摄影的根本精神。

同样是从这样的信念出发,我也认为连州摄影年展并非寻求公正,它是非常值得的冒险,是人的想象力的有力证明,它将图像中潜藏的各种各样可能性充分开启,澄清为明晰的意识和言说。

连州摄影年展愿意发出这样一种明确的讯息:只要你的照相机没有对着现实背转身去,只要你的拍摄工作是出于自己的真情实感,只要你坚持摄影的根本精神,那么,我们会看见,我们会赞赏,我们会鼓励,我们会推广,我们会给予帮助。

这就是我对连州摄影年展的根本看法和信念。

段煜婷 艺术总监

# On Standards and Beliefs

As art director of Lianzhou International Photography Festival (LIPF), people often ask me what my standards are.

I explain that their question stems from a misunderstanding of the function of an art director. The art director isn't a judge with a book of laws—even less a quality control inspector—and so he or she has no list of clear standards to go by.

That answer gets me out of a prickly situation, but I know that I've avoided the essence of the question. The reporters and general public don't expect me to list out a series of rigorous standards. What they want to know, what they think they need to know, is as an art director, what are my fundamental ideas and beliefs about photography.

The question haunts me. How would I personally define photography? It is a daily necessity, something we use everyday. It is a powerful source of discourse and a magnificent wealth of knowledge that is constantly producing new thoughts, ideas and theories. It is a duty and a quest. But now, one after the other, members of the public ask me: "What brought you to choose these photos? What is the main reason that justifies your choices?

Now I am ready to attempt to answer that question.

In the span of our lifetimes, we have witnessed frequent and sudden changes in the concept of the image, the definition of photography and significance of photography in our lives. Now the many convictions we elaborated and upheld in the past are coming under fire. However, faced with the question, I would rather return to the earlier days of photography, to times when the changes where only beginning to appear on the horizon, and approach and rediscover photography in many different ways.

Human consciousness and world view might have been conscribed within a strict set of rules at the time and the voice of complacency of truth might remind us that things are so and that we have no power to choose or argue, but the light of photography made us see everything in a different light. Humanity is far richer and more complex what we are aware of. Photography reveals the texture of experience, exposes paradoxes, and witnesses how humanity sweeps away illusions, rules, categories and theories to discover and make real one's own truth.

In this sense, photography must endure pride and prejudice. Faced with doubt of its significance, photography has preserved its eloquence, vivid lifelikeness, honesty and freedom.

Because of this, I believe that an event like LIPF can be approved of or called into question; it can be analyzed, judged or theorized upon. But validation, discredit, analysis and judgment do not regulate and tame photography and suck the juice out of it; it is quite the opposite: they vigilantly uphold the spirit of photography.

In the same way, LIPF sees it a risk worth taking not to seek impartiality. LIPF is powerful proof of human imagination. It unleashes the hidden potential of photography, making consciousness and what lies beyond words clear for the eye to see.

Lianzhou linternational Photography Festival wants to send out a clear message: as long as your camera hasn't turned its back on reality, your works have stemmed from your personal experience and emotions, and you uphold the spirit of photography, we will be there to look at and admire your work, promote it and lend a helping hand.

These are LIPF's vision and beliefs.

# Li Xianting

Born in Jilin Province, Li Xianting is a renowned art critic and sometimes referred to as the "Godfather of Chinese contemporary avant-garde art". He graduated from Chinese Painting Department, Central Academy of Fine Art in 1978, and became the editor of Fine Art Magzine until 1983. From 1985 to 1989 he was the editor of the authoritative China Fine Art Newspaper, and was active as independent critic and curator based in Beijing henceforth. In the late seventies and eighties, Li Xianting was a major force in advocating and introducing the burgeoning avant-garde art in China, which just embarked on economic reformation. He organized the pivotal "Stars exhibition" in 1979, and coined the terms "Cynical Realism" and "Political Pop", which later became the dominant schools of Chinese avant-garde art. Into the 90s, Li Xianting continued to organize major avant-garde art events both inside and outside of China, while settling in Song Zhuang, a small village near Beijing, which hence transformed into the largest artist "colony" in China. Many artists he discovered and promoted, such as Fang Lijun and Wang Guangyi, have received great international attention and become leading figures in Chinese avant-garde art movement.
