Shanghai Mr.Song's House

上海宋先生家

项目名称：上海宋先生家

设计师：章进

设计单位：上海奥邦装饰设计有限公司

设计面积：150m²

主要材料：地毯、瓷砖、白色乳胶漆

本案例的主人是一对年轻夫妻，喜欢明朗舒畅的现代风格。虽然公寓面积有150m²，但原来的房型布局过于紧凑。设计师将客厅与书房完全打通，原来的墙体保留一半，装饰成休闲的小吧台。同时阳台的移门也完全拆除，让带有一排弧形落地窗的阳台成为客厅的一部分。客厅的面积不但扩展了许多，同时在视觉上也相当开阔与流畅。客厅整体以白色为基调，但白色如果过多会使空间显得单调平板，缺少温馨感，因此，设计师用咖啡色的布艺组合沙发与同色系的窗帘，调和了白色的冷漠疏离，带来几许暖意。客厅与阳台间的柱子，设计师将它全部刷成洋红色，这一大胆的创意听起来突兀实则却有画龙点睛的作用，暖洋洋的色调立即为空间增添了一抹明媚之姿。

The owner of the house is a young married couple and the modern style with bright and comfortable features is preferred. Despite its 150 square meters area, its space has a very tight layout. To settle this, the wall between the living room and the study room has been broken up in a half open state while the remaining part has been decorated as a small sized bar counter. The slide door over the balcony has also been removed, thus the space with an arched French window has become part of the living room. After all these things, the area of the room has been extended with a broader view and fluency. The white color which dominates the living room would look tedious plain and lack of warmth if being used excessively. Thus, the coffee color cloth combination sofa with a curtain of the same color is used to lessen the cold isolated feelings of the white and brings out a gentle atmosphere to it. The columns standing between living room and balcony are all painted in the red color which though looked adventurously but have an amazing effect. The warm color hue adds a brilliant enchantment to the space.
