# PROLOGUE 序

## Colour is Omnipresent

色彩，绽放在每一个目之所及的角落

Thousands of years ago, our ancestors drew totems on the walls in their caves. Thousands of years later, we are still moved by those dramatic and timeless totems. Whenever seeing those vivid and magical images, we will be brought back to that long distant past feeling the undescribable beauty.

It has been proved that drawing on walls is the instinctive desire of human being who can be easily moved by the pristine beauty of nature. We can create delicate patterns without paper or pen for our persistent pursuit for colourful life. We try to seek the unity between human being and nature on the basis of which we can draw more inspiration and truly express ourselves.

Wall can not only serve as the partition between human being and the outside world, but also the carrier of fancy patterns. With attractive colours and vivid images on, the wall itself will be a piece of charming picture.

Wall painting has long been regarded as a kind of art and now it evolves into a new artistic style. It can not only beautify the wall itself, but also make the whole space more attractive. Wall painting can actually

千年之前，人们以取自大地的天然色彩，在居住的洞穴中，用最真实的情感勾勒出生命的图腾。千年之后，当我们在艺术史上阅读到这些让人感动的作品时，那些生动的、千年前的生活样貌，跨越时空展现在我们眼前。当人类的烛火贴近洞穴之中岩面之上的神奇图案时，那些牛、马，以惊人的、生动矫健的姿态被点亮。那种鲜活的美感因为透过历史的尘埃，而愈加有力。

这至少能说明一点：挥手在墙面上涂抹是一种生命本真的选择，是人类自然而原始的欲望。原始的美感总能直接地拨动人心底的那根弦。没有纸，也没有画笔，照样能创造出精美的图案来，因为人类从未放弃绽放色彩的机会。墙之外，我们追求与自然和睦共融；墙之内，则一直追求着更美好的领地、更丰富的色彩、更深入心灵的表达。

你知道，墙是人类生存的依偎，也是人类的生存边界。但是你可能不知道，它不只是一个隔离空间的工具。墙也是画纸，是一个美的展台。那些绽放在墙面上的色彩和线条，挑战着边界的统治，让人走进房间，就仿佛置身于一个奇妙的世界之中。

墙画可以说是一门古老的艺术，发展到今天，形成了一种新兴的艺术设计样式，并且已经从单纯的墙面装饰发展到了整体空间的营造，从原始的生活记录，到先进的“艺术生活”。墙画将公共艺术放大，把人类对于美和智慧的追求，延伸到生活的空间中。它突破平面绘画的概念，形成了一个立体的艺术品。它不仅美化了个性化空间，而且更能巧妙地利用艺术的魔力来拓展空间。

从家居装饰、商铺陈设，到酒店装潢，墙画艺术在各种场合的墙面上绽放开来，它赋予我们对于生活的全新体验，提供我们对于家的灵感，如同立邦公司在推广色彩生活的热情方面，希望通过

show people's pursuit for wisdom and beauty, and at the same time fuses them into the living space. Wall painting breaks the longlasting concept of graphic art and has become a solid artistic product.

Wall picture, which provides us with fresh experience and creative inspiration, can be seen everywhere, in the house, in the shop, in the hotel and many other space.

The works selected in this book, *Wall Painting Art*, comes from dozens of excellent designers, including masters as well as young designers. The book is categorised into five parts according to the different content: nature, abstraction, cartoon, character, and narration.

This book will move us. It is a worthful collection that should be shared with more people. It can bring us both aesthetic feeling and inspiration. All works, the classic or the new ones, can enhance our ability of creativity. Space is limited, while beauty is limitless.

Wall, residence and space, all of them can be beautified.

色彩推广启发消费者对于家的美好感受一样。

《墙画艺术》一书，收录了来自国内外的数十位墙画设计师、室内设计师以及平面设计师的墙画作品，其中既不乏大师的作品，也包括了青年设计师的灵感。按照表现内容，本书把收录的墙画作品分为5个部分，包括：自然、抽象、卡通、人物和绘画叙事，分别从不同的角度叙述了墙画的艺术魅力。

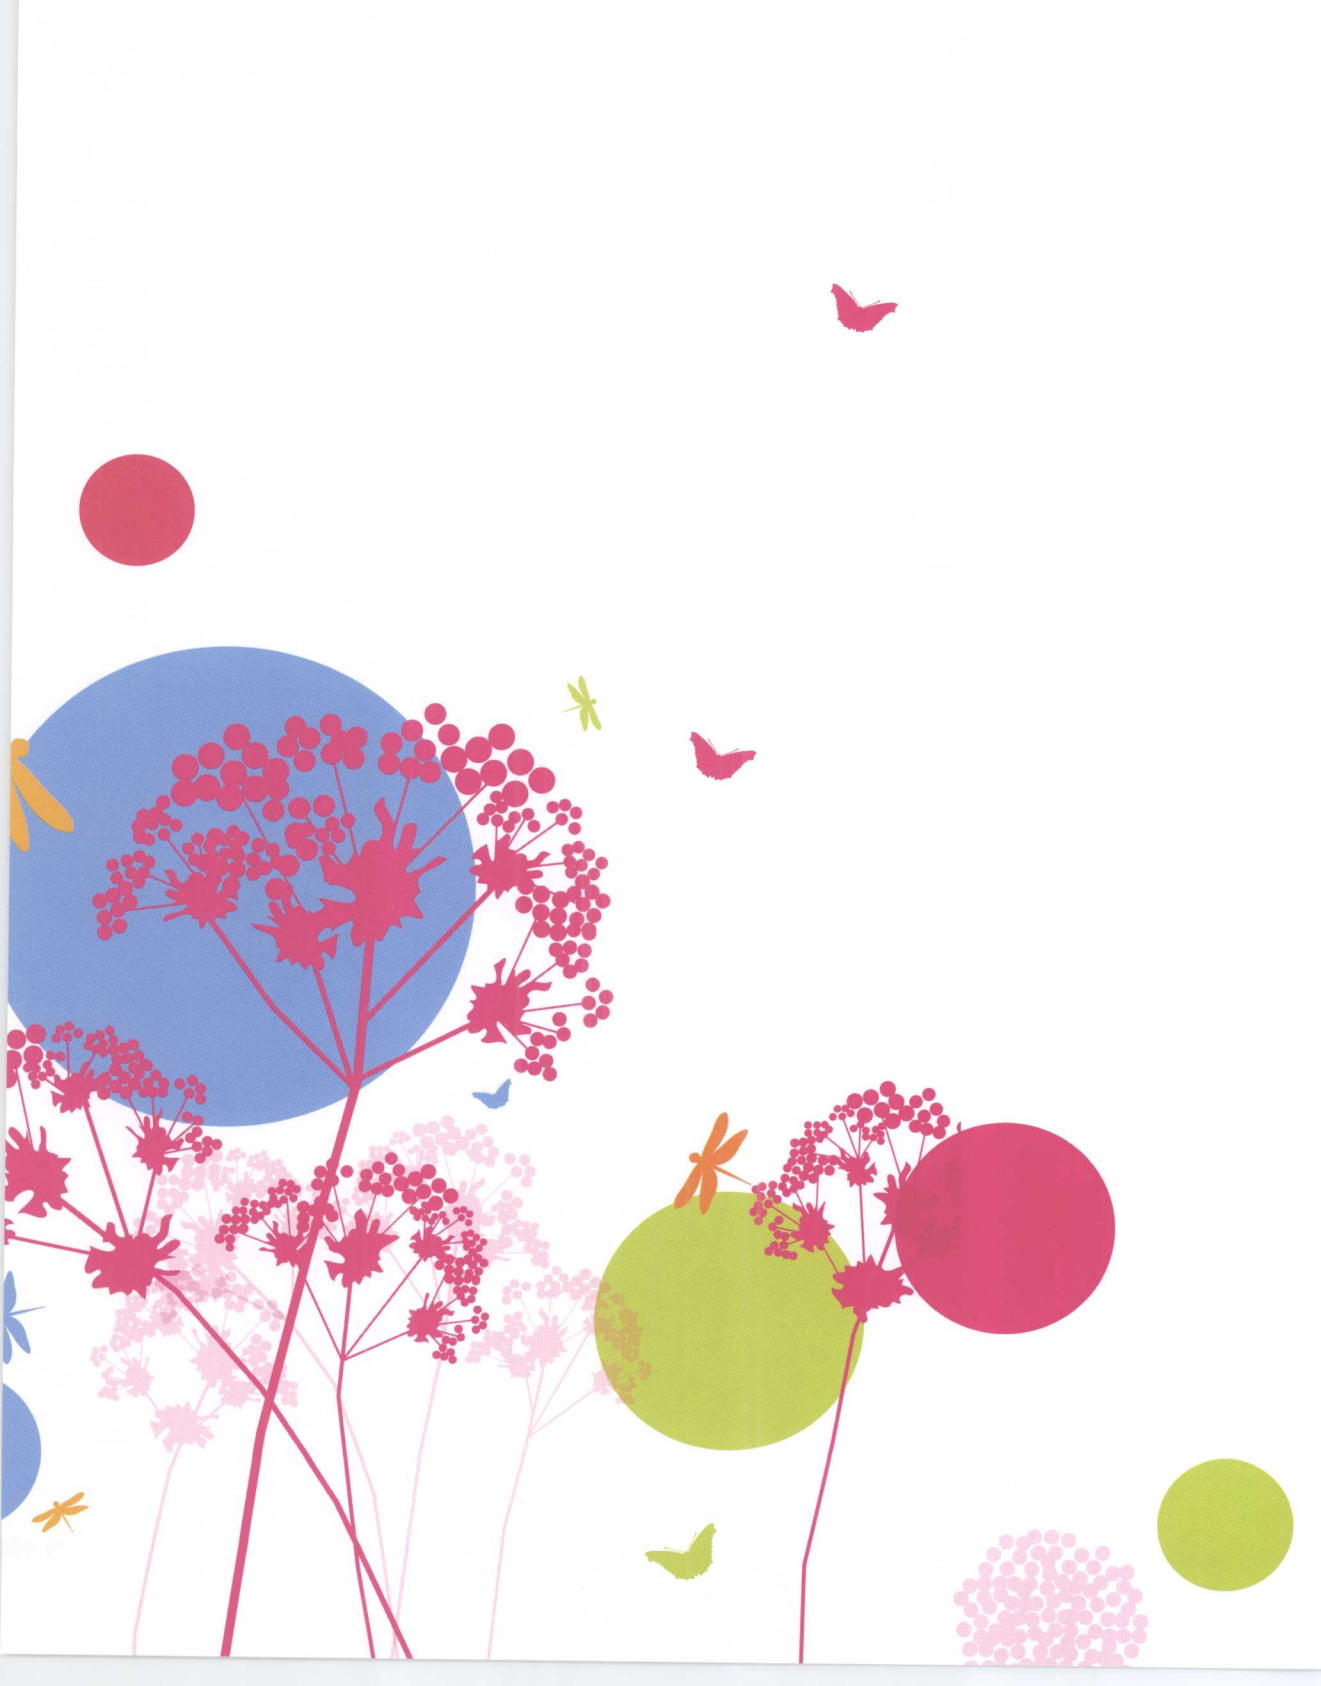

这本书中的作品让我们震撼、惊叹，我们强烈地觉得，这是一本值得同更多人分享的艺术精品，也是一本启发生活灵感与美感的书。其中，不管是经典的作品，或是新晋的创作，都能够启发我们更多的创造力和对美的感受。在有限的空间中，存在着无限的美感。

一面墙，一个居所，一个空间，都可以离美这样近。

# Stretch of Beauty—Wall Painting Art

## 美的延伸——墙画艺术

If mural art in the old times is created to represent the communication between human being and god or religion, the wall painting deeply favoured in current time is developed to satisfy human being's aesthetic need for their own sake. In modern society, people tend to pay more attention to the spiritual and aesthetic aspect of life; wall painting is no longer used to decorate only the walls, but the whole space.

Integrated with visual art, wall painting can improve the living quality of human being to some extent through innovative creation; as a kind of public art, wall painting actually reflects people's pursuit for wisdom and beauty and then fuses it into their living space. Wall painting has broken the conception of graphic design and developed as a solid artwork, and at the same time its history appropriately embodies the developing process of contemporary art. Wall painting can not only decorate or personalise a certain space, it can also

influence the people living in the space.

### 1. The application of wall painting

Nowadays, wall painting can be seen everywhere, in the public space such as hotel, bar, hospital, kindergarten, shopping market, school and so on, or in a private house. With the rapid development of living quality and human civilization, wall painting, as a kind of art, becomes more and more popular and changes people's life to some extent.

### 2. The creation of wall painting

Wall painting can be created with acryl or oil paint and with paint on walls already treated with other materials (to ensure the wall suitable for drawing image on). Nowadays, the colour of paint is abundant, so artist can make more excellent works free of the restriction of colour. As for tools, roller, brush of different sizes and scriptliner (commonly used to draw Chinese painting or oil painting) can be used to create wall painting. Other tools such

从最早的壁画艺术发展到今天的墙画,是从最早的人与神、人与宗教的艺术沟通发展到了人为了自己的审美、精神需求而去进行创造。在一个对精神层面和审美需求越来越高的社会,墙画已从单纯的墙面局部的装饰发展到了整体空间的营造。它需要用视觉的艺术,从创新到造型、到创意、到意境的升华来改变人的生活品质。墙画是一种放大的公共艺术,把人类对于美和智慧的追求,放大化地延伸到生活的空间中来,这是一种文化上的进步,也是艺术史的延伸。墙画艺术的发展史也是近现代艺术史的折射,各种风格、形式都贯穿呈现。

墙画突破了平面绘画的概念,是一个立体空间的艺术品。同时,它在生活中让艺术从色、形、意上影响人的心理、情绪、想象力和创造力。因为它是包围人的生活空间的,所以它的视觉冲击力以及由此带来的心理感受和联想是强烈的、丰富的。它不仅美化并个性化空间,而且更能巧妙地利用艺

术的魔力来拓展空间。当一个人经常在优美的创意空间里受到熏染,他的生活质量是不一样的,他对生活的感受和体验会更丰富、细腻,创造力也会受到环境的激发。

1. 墙画艺术的运用 墙画在现代生活里的应用不仅在公共场所(如建筑外立面、酒店、酒吧、医院、幼儿园、商场、学校……),也越来越多地出现在了普通百姓居家的生活环境中。随着物质水平和文明程度的提高,墙画这种艺术受到了越来越多的人的关注与喜爱!

墙画艺术在改变着人们的生活,人们可以在更大的空间里感受到美和创意。

2. 墙画的创作实践 在墙画的创作实践中,不仅可以按照通常的概念用丙烯即压克力颜料或油画颜料来画(尤其是丙烯颜料较普遍被大家采用,它可以用水稀释并且下笔后干得较快,易于操作),也可以在做好底子的墙面上用涂料来描绘,

as sponge, textile product, and cotton swab can also be used to realise the final work as well as to enhance the visual effect.

Paint has many unique features such as unchangeable colour, mildewproof, anti-cracking, dustproof, wear-resistant and so on, thus it can be used in many different ways and with various tools to make wall painting. If the wall has been already painted with latex paint, you can draw directly on it at any moment as you like! Wall painting, which integrates beauty of nature and wisdom of human being, can not only endow the space with vitality and aesthetic feeling but influence people living in the space.

### 3. The trend of wall painting

In a period characterised by culture blending, people often tend to pay more attention to the western style. However, we must be aware that there are many things in the Eastern culture worthwhile to be referred to. Thus it will be

a good method and also correspond with the development of art to integrate the essence of both cultures to explore new opportunities. Human society is advancing all the time, so is the art.

This book, *Wall Painting Art*, collects many excellent works worldwide. We can enjoy the fancy world that each designer builds in this book; we can appreciate the aesthetic feeling that each work creates in this book; we can imagine the cultural connotation that each image expresses in this book! Wall painting can not only be regarded as "artistic life", but as "art of living"!

Jing Xia

随着生产技术的进步，涂料色彩已经发展到极其丰富的程度，极大地方便了艺术家们的创作。

墙画创作常用的工具有滚筒，大、小号不等的排刷，各种国画、油画的勾线笔等，都可以用，设计师也会根据画面的质感和效果海绵、纺织品、棉花签等工具来丰富视觉效果。其实墙画就像架上绘画和综合材料绘画一样有很多实现的方法。

在创作的过程中也可以尝试用不同的方法和工具，尤其是采用涂料画出的墙画有很多的可能性。不仅在色彩、质感上，还有它的不易变色、防霉、防裂、防脏、耐磨，而且它还是一个一直有着生命发展的空间！你可以随时添加或粉刷墙面来换一个主题。如果墙面已有乳胶漆刷过，即可直接画。墙画不受新旧装修的限制，只要你愿意随时都可以进行，让墙画艺术改变你和家人的生活。艺术家们创造的那些美与智慧不仅提升了人的生活境界，同时赋予了人的生存空间以新的

美感和生命力。

3.墙画的创作方向 当下是一个文化融合的时代，在普遍着眼于西方风格墙画的同时，也应该关注东方民族文化的里、形、气、韵、镜的优势，在艺术探索中，应该把东西方文化中的造型、色彩、气息、意韵等应用于当下的视觉审美中来，去发现很多新的可能性，我想这和艺术史的发展也是契合的。人类在不断突破窠臼，永不停止地用勇敢和智慧来发现生命里新的可能性，探索关于美、关于艺术的生发。在这本书里可以看到墙画的延展，看到艺术家们展现的精彩世界。本书所呈现的墙画艺术是世界各地、各种文化脉络下浸润后的闪光，艺术家们带领着我们去感受和想象。它不仅是一种“艺术的生活”，更是一种生活艺术的最美好体现！

# Charming Paint Q&A 魅力涂料问与答

Walls always occupy the largest space of a house, so it is worthwhile to think over how to show the owner's personality or his family members' feelings through walls. Nowadays, it becomes a trend to make home more colourful, which at the same time properly represents the change of contemporary life style. NIPPON PAINT company always aims to provide high-quality products for thousands of families to make their home more attractive. The Q&A are offered in the following to show the problems that should be noted during painting a house:

Q: What preparation work should be done before painting a house?

A: Empty the room, move away the switches, cover the electric outlet, mend the cracks and holes on the wall, polish the wall surface with sand paper and so on! In addition the surface of the wall must be clean and smooth enough, so it is also very important to clear the handprint, greasy fingerprint, stains, scratch mark and so on. What is more, the reflective stains should be lightly polished in order to make the new paintings attach on the walls firmly!

Q: What kind of paint is suitable for the creation of wall picture?

A: Because it needs a long time to work with the paint when making a picture on the wall, here we recommend the ecofriendly paint with low odour, for example, NIPPON Odour-less All-in-one Interior Emulsion Paint. It is produced with the advanced IPS technology on the basis of "ALL IN ONE" PRODUCT in order to resolve the problems on the wall surface. What's more, you do not need to worry about the odour for it is totally odourless!

Q: Is there any secrets to make the painting process easier?

A: Firstly, it is advised to work with your relatives or good friends in order to make the boring course funny enough! What's more, you can do some cleaning work during the painting process to ensure the effect!

对于一个家而言，墙总是占据最大的空间，怎样通过一面墙表达你的个性，或者通过一面墙，汇聚更多的家人情感，是一件值得全心投入的事情。立邦公司试图将美好的色彩、优质的产品，通过各种平台、媒介传入千家万户，提供给大家更多“家的灵感”。一个充满色彩的空间，不只是物质上的改变，更是一种生活方式的变革。我们提供以下问与答，为你解说在创作墙画时所需要注意的问题。

问：粉刷涂料前有哪些准备工作？

答：粉刷前的准备工作包括清空房间、移走开关板、遮好电源插座、修补墙面缝隙、处理孔洞和突出的钉头，以及砂纸打磨、清洁、上胶等工作。适于涂刷的墙面应该是平整光洁的。涂刷墙面之前首先要检查并清理墙壁上的手印、油腻的指纹、污点和刮痕等，还要轻轻地打磨能反光的污痕处。这样，新涂料才能更牢固地附着在墙面上。

问：什么样的涂料适合墙面绘画创作？

答：由于墙面绘画需要长时间与涂料接触，我们建议使用具环保性能、低气味的涂料产品。例如，立邦“净味全效”内墙乳胶漆是在保留了原“全效合一”产品所有墙面功能的基础上，采用了先进的IPS（新型聚合体合成工艺）技术，在解决墙面问题的同时，使您不再为烦人的气味担心，特别适合墙面绘画创作。

问：可否提供几项可以让涂刷过程变得更轻松的小秘诀？

答：首先建议可以在墙面涂刷过程中，找家人或知心好友共同加入，可以让枯燥的工作过程变得更有趣；另外，建议在粉刷过程中涂刷到哪儿，清洁到哪儿，可以让粉刷的效果更好过程更轻松。

Q: There is a colour card provided by your company and can we get any help from it?

A: Of course, you can never ignore the importance of the small card. Before painting, you must decide which colour is to be used. With the help of the card, the process of colour selection and arrangement will become easier. However, there are some things that must be paid attention to: the colour seems darker than it reveals in the card after painting; the glossiness is another element to be considered during the painting process. Compared with the flat paint, the high glossy paint is more durable and fits for the space that is often used particularly!

Q: Is it OK for us to live in at once after painting?

A: Do you want to live in your new house at once? No problem. It depends on the paint you select. If you select the right one, the formaldehyde can be immediately decomposed during the painting process, so you can enjoy the fresh air every minute! What's more, the high-quality paint always has good rheological property and suits for walls made of various materials. The products NIPPON PAINT formaldehyde-buster all in one and odour-less all in one, which are produced with the particular odour-removal technology and environment friendly formulations, are perfectly suitable for DIY operating at home. We can fully enjoy the stylish colour of the paint and also the fun of the painting process!

问：可以借助涂料公司提供的色卡，在颜色上获得帮助吗？

答：当然可以，而且千万别小觑了色卡的重要性。开始粉刷前，一定要先确定墙面色彩，有了色卡的帮助，挑选、搭配色彩就变成了一个轻松的拆换游戏。不过有一点一定要注意，涂料上墙后的色彩往往比你看到的色卡颜色要深一些。涂刷时光泽度也是应该考虑的因素。比起平光涂料，使用光泽度高的涂料刷出的效果更为持久，尤其适用于经常使用的区域。

问：刚粉刷完后，是否可以立即入住呢？

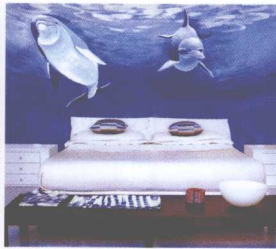

答：想要马上入住新家？没问题，只要选对了涂料，在粉刷的同时就能分解甲醛，让你享受到新鲜空气。另外，涂料的专业性很重要，好的涂料有优异的流变性，适用于不同材质肌理的墙面。立邦的醛净全效和净味全效系列环保产品非常适合我们在家里进行DIY操作。独有的净味技术和环保配方让我们在手工操作时不受气味的困扰，不影响入住，时尚的色彩让我们尽情享受自己动手的乐趣。
