A Solid and Dynamic Movement

§ 凝固而动感的乐章

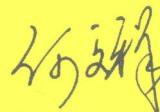

2003年12月,《灵动空间》(深圳市优质样板工程)一书付梓印刷,这一本荟萃深圳装饰精华的画册,终于在我们的翘首期盼中诞生了,这是我们深圳装饰业迎接新年的一件喜事。

“深圳市优质样板工程”评比一年一次,现已成功举行了两期。2002至2003年,深圳装饰业继续开拓创新,锐意进取,实力和水平取得新的进步,在全国各地涌现出一批批高档项目和精品工程,显示了深圳装饰业在全国装饰业中的重要地位,深圳装饰企业誉满全国。出版《灵动空间》一书,一方面旨在推广深圳装饰企业的优秀形象,宣传、记载各企业的骄人业绩,提高企业知名度,另一方面促进同行的自我鞭策和鼓励,推动行业进步,为业内人士提供一个交流的平台。

建筑是凝固的音乐,而装饰则是锦上添花的神来之笔,是音乐上跳动的音符。《灵动空间》一书所展示的各类装饰工程,或新潮现代,或古朴典雅,或雄伟壮丽,或诗情画意,或豪放激昂,或温馨清雅,淡抹浓妆,异彩纷呈,和谐的韵律和节奏,丰厚的艺术感染力,组成了一首和谐的建筑装饰交响乐。这些绚丽多彩、风格不一的工程形象,折射了设计师丰富的想象力和创造性,体现了建筑装饰在功能和艺术上的相互融合,在形式和内容上的有机统一。

每一项成就和荣誉我们都付出了很多,但我们不能期待现在的亮光能成为永恒,因为时代不断前进。把握每个时代流露的感情和脉动,升华我们的创造理念和水平,一步步攀登,一点点进步,一年年奉献我们的装饰艺术精品,一次次收获感动和激赏,这才是我们深圳装饰业需要创造的永恒。

§ A Solid and Dynamic Movement

In December 2003, Smart Space (Excellent Sample Project of Shenzhen) is delivered to printing. This fine collection of Shenzhen distinguished decoration works thus is finally born in our eager expectation to be glad tidings for us, Shenzhen decoration trade, welcoming the New Year.

The Shenzhen Excellent Sample Project Prize, assessed once a year, has been successfully awarded twice. From 2002 to 2003 we so enterprisingly keep carving out innovation when new progress has been made on our strength and level that lots of high quality projects and refined works have been emerging around the country, which shows our importance in the nationwide decoration trade and gains Shenzhen decoration enterprises a high reputation. Smart Space is published on the one hand to promote the superb impressions of Shenzhen decoration enterprises by publicizing and recording their proud achievements, which improves their fame, and on the other hand to help self-spurring and encouraging and to advance the whole trade as well as offering a stage for the persons in this circle to learn from each other.

While architecture is a solid music, decoration is a bettering inspired stroke, a lively note of the music. This collection of various decoration works, fashionable or classical, imposing or poetic, bold or elegant, composes a harmonious symphony of architectural decoration with beautiful rhythm and intense art appeal due to the achieving varied colorful splendor. These diverse gorgeous project images reflect the designers rich imagination and ingenuity, when at the same time expressing the harmony of architectural functions and art besides the intrinsic integration of form and content. For every success and honor we always try great effort, but never has present shine been expected to last forever, because times keeps advancing. What eternality means for us is to grasp the revealed emotion and pulsation of each age when subliming our creation concept and level, to climb up step by step and get ahead little by little, so as to contribute wonderful decoration arts year by year and receive inspiration and admiration again and again.

工程简介

人民大会堂国家接待厅始建于1959年，是外国驻华使节向我国政府递交国书的场所，也是党和国家领导人会见外国政要的主要场所之一，被称为人民大会堂“第一厅”，有“国家第一厅”的美誉。

设计理念

强调和体现三个特点：民族传统、时代精神和国家象征，突出简洁明快、庄重大方的国家接待厅形象。设计以“保持原有风格，更新装饰材料，更新设备，提高照度”为主要原则，通过诸如接待厅天花藻井手法等，较好地表现民族特色，实现“以人为本”的设计意图，达到传统与现代和谐统一的装饰效果。

Project Introduction

Built in 1959, the Chinese Reception Hall of the Great Hall of the People, honored as the Number one hall of the Great Hall of the People and even the country, is the place where foreign diplomatic envoys to China summit credentials and one of the main sites where our leaders of the Party and the nation meet the important foreign politicians.

Design Brief

Three features are emphasized and expressed: the national tradition, time spirit and national symbol. The design focuses on the image of the nation's reception hall as conciseness and sprightliness, grandeur and decentness. It presents better the national characteristic and realizes the intention as People First through such techniques as caisson ceiling, mainly according to the principle of preserving the original style, renewing decoration materials and equipment when at the same time improving illuminance, to produce a decoration effect of harmonious integration of tradition and modern.

设计理念

满足功能性要求、流线顺畅，突出导向性和可识别性；符合行李系统、弱电系统的要求；突出安全性和可靠性；工业化的材料、构件的运用，配合屋架结构体系和外幕墙体系，形成统一的建筑设计——室内设计风格，充分体现特定功能空间内各要素的协调；浅灰、淡米黄的总体环境色调中导入蓝色，顺应受众的思维习惯，使人的心理得以过渡和转换，*减缓惯性焦虑。

Design Brief

The flowing lines satisfy functional demands and emphasize the guiding and discriminating property, while security and reliability are emphasized to accord with the demands of luggage system and light-current system. Application of industrialized material and component, supplemented by frame structure and exterior curtain wall systems, forms integrated architecture design style and intensely illustrates the element harmony of specific functional spaces. Chief environment tone of French grey and pale beige inserted by blue to conform with the logical habit of the receivers offers transition and shift so as to alleviate inertial anxiety.
