傣文珍稀典籍·三

目录 Contents

丘萨 / 1

Qiusa / 1

共11册，佚名撰。清代抄本，贝叶经，流传于云南西双版纳地区。长48.5厘米，高5.5厘米，无破损。南传佛教经典《本生经》中的一部，对研究南传佛教在傣族地区的传播有重要价值。张公瑾个人收藏。

Handwritten text on a wooden slip, likely from an ancient manuscript. The characters are arranged in several lines across the length of the slip. The wood shows signs of age and wear, with some irregularities in the surface.

Handwritten text on a second wooden slip, similar to the one above. It also contains several lines of characters, though some are partially obscured by a dark binding strip or shadow. The slip is also aged and shows some damage at the edges.

Fragment of a palm-leaf manuscript with handwritten text in a script, likely a form of Thai or Burmese script. The text is arranged in several lines across the length of the leaf.

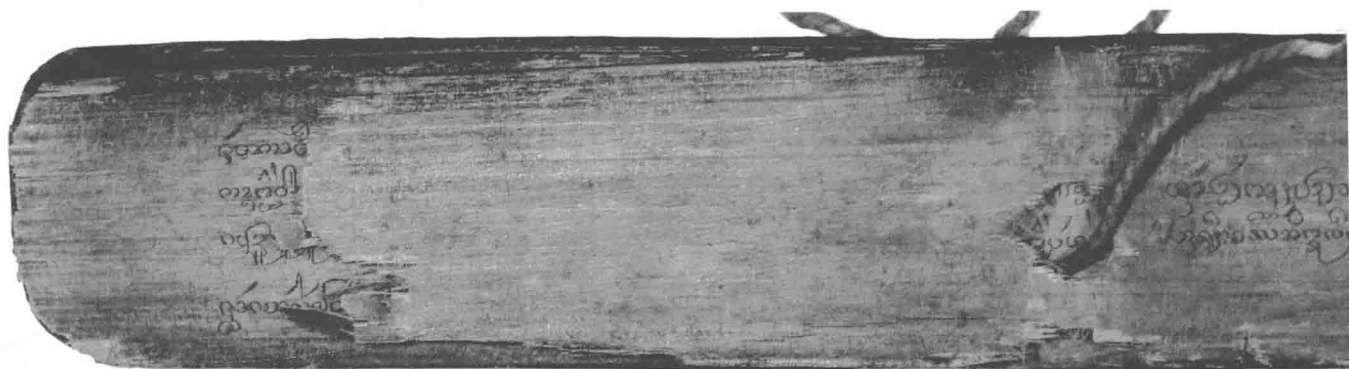

Fragment of a palm-leaf manuscript with handwritten text in a script, likely a form of Thai or Burmese script. The text is arranged in several lines across the length of the leaf.

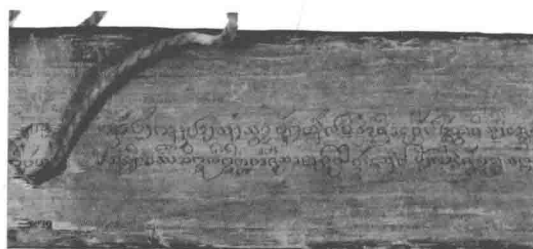

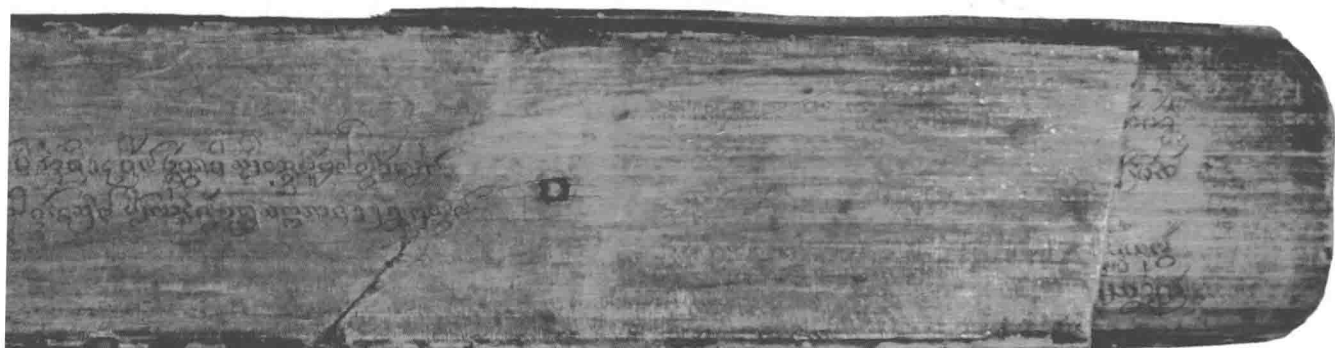

Fragment of a palm-leaf manuscript with handwritten text in a script, likely a form of Thai or Burmese script. The text is arranged in several lines across the length of the leaf.

Fragment of a palm-leaf manuscript with handwritten text in a script, likely a form of Thai or Burmese script. The text is arranged in several lines across the length of the leaf.

Handwritten text on a wooden slip, likely a form of ancient Chinese script. The characters are densely packed and appear to be a form of seal script or a related ancient script. The slip is dark and shows signs of age and wear.

Handwritten text on a second wooden slip, similar to the first. The characters are also densely packed and appear to be a form of ancient Chinese script. The slip is dark and shows signs of age and wear.

Handwritten text on a palm leaf manuscript strip, featuring several lines of script in an ancient script.

Handwritten text on a palm leaf manuscript strip, featuring several lines of script in an ancient script.

Handwritten text on a palm leaf manuscript strip, featuring several lines of script in an ancient script.

Handwritten text on a palm leaf manuscript strip, featuring several lines of script in an ancient script.

Handwritten text in a non-Latin script, likely a form of Chinese minority script, inscribed on a wooden slip. The text is arranged in approximately four horizontal lines across the length of the slip. The characters are finely etched or carved into the wood.

Handwritten text in a non-Latin script, likely a form of Chinese minority script, inscribed on a wooden slip. The text is arranged in approximately four horizontal lines across the length of the slip. The characters are finely etched or carved into the wood.

Handwritten Burmese script on a palm leaf manuscript strip.

Handwritten Burmese script on a palm leaf manuscript strip.

Handwritten Burmese script on a palm leaf manuscript strip.

Handwritten Burmese script on a palm leaf manuscript strip.

Handwritten text on a wooden slip, likely from a traditional Chinese manuscript. The characters are arranged in approximately four horizontal lines across the length of the slip. The script is a form of traditional Chinese calligraphy.

Handwritten text on a second wooden slip, similar to the first. It also contains approximately four lines of text in traditional Chinese characters. The slip shows signs of age and wear.
